## **Afterzen Experiences Of A Zen Student Out On His Ear:**

Afterzen Janwillem Van de Wetering, 1999-01 This final volume in the author's Zen trilogy offers a humorous and insightful look at one man's life as a seeker of knowledge and understanding and can provide readers with a deeper understanding of Zen philosophy 15 000 first printing      The Dark Side of Dharma Anna Lutkajtis, 2021-03-24 A dive into the less known and undesirable side effects of meditation and mindfulness Researcher Anna Lutkajtis investigates why these negative ramifications of meditation and mindfulness which are well known in spiritual and religious traditions have been ignored in contemporary secular contexts such as Western psychology Lutkajtis research reveals that while meditation is commonly portrayed as a practice that is overwhelmingly positive a growing number of research studies and anecdotal reports suggest that meditation can also have negative effects Some meditators believe that these adverse effects are a normal part of the contemplative path and a welcome sign of progress For others such effects are completely unexpected and can be psychologically harmful In religious traditions like Buddhism difficulties associated with meditation are acknowledged and are usually viewed as milestones on the path to enlightenment or the result of an unbalanced practice In such traditional contexts meditation teachers are equipped to deal with adverse effects if and when they arise However in the modern West meditation adverse effects have been overlooked under researched and generally misunderstood Given the current popularity of meditation Lutkajtis argues that it is important to understand why meditation adverse effects have been ignored in contemporary secular settings      **The Buddhist Experience in America** Diane Morgan, 2004-10-30 Just as the teachings of Jesus gave birth to Orthodoxy Catholicism and hundreds of different Protestant sects the teachings of the historical Buddha developed into many different traditions The Buddhist Experience in America examines how these traditions are practiced The book also includes a discussion of the historical Buddha and an examination of how contemporary Buddhism has responded to current issues and concerns Appendices include a glossary a who's who of Buddhism a timeline and a list of resources for further information Jacket      **Journeys of Transformation** John D. Barbour, 2022-03-31 Western Buddhist travel narratives are autobiographical accounts of a journey to a Buddhist culture Dozens of such narratives have since the 1970s describe treks in Tibet periods of residence in a Zen monastery pilgrimages to Buddhist sites and teachers and other Asian odysseys The best known of these works is Peter Matthiessen's The Snow Leopard further reflections emerge from thirty writers including John Blofeld Jan Van de Wetering Thomas Merton Oliver Statler Robert Thurman Gretel Ehrlich and Bill Porter The Buddhist concept of no self helps these authors interpret certain pivotal experiences of unselfing and is also a catalyst that provokes and enables such events The writers' spiritual memoirs describe how their journeys brought about a new understanding of Buddhist enlightenment and so transformed their lives Showing how travel can elicit self transformation this book is a compelling exploration of the journeys and religious changes of both individuals and Buddhism itself      **Zen Master Who?** James Ishmael Ford, 2006-10-20 Surprisingly little has been written about how Zen came to

North America Zen Master Who does that and much more Author James Ishmael Ford a renowned Zen master in two lineages traces the tradition s history in Asia looking at some of its most important figures the Buddha himself and the handful of Indian Chinese and Japanese masters who gave the Zen school its shape It also outlines the challenges that occurred as Zen became integrated into western consciousness and the state of Zen in North America today The author includes profiles of modern Zen teachers and institutions including D T Suzuki and Alan Watts and such topics as the emergence of liberal Buddhism and Christians Jews and Zen This engaging accessible book is aimed at anyone interested in this tradition but who may not know how to start Most importantly it clarifies a great and ancient tradition for the contemporary seeker     Ending the Pursuit of Happiness Barry Magid,2008-04-10 We all have a right to the pursuit of happiness but could we actually be happier if we gave that whole thing up This surprising new book from Zen teacher psychoanalyst and critical favorite Barry Magid inspires us in gentle and winking prose to move on and make peace with the perfection of the way things actually are including ourselves Magid invites us to consider that our pursuit of happiness may actually be a source of our suffering He takes an unusual look at our secret practices what we re really doing when we say we re meditating like trying to feel calmer or more compassionate or even enlightened whatever we imagine that means He also uncovers our curative fantasies about spiritual practice those ideas that we can somehow fix all the messy human things about ourselves that we imagine are bad or wrong or unacceptable In doing so he helps us look squarely at and avoid such pitfalls Along the way Magid lays out a rich roadmap of the new psychological minded Zen a Zen that includes our entire life our entire personality as pioneered by his teacher bestselling author Charlotte Joko Beck     *GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE* ,2000     **Zen-Life** Evgeny Steiner,2014-06-26 This book examines Japanese culture of the Muromachi epoch 14 16 centuries with Ikky S jun 1394 1481 as its focal point Ikky s contribution to the culture of his time was all embracing and unique He can be called the embodiment of his era given that all the features typical for the Japanese culture of the High Middle Ages were concentrated in his personality This multidisciplinary study of Ikky s artistic religious and philosophical heritage reconstructs his creative mentality and his way of life The aesthetics and art of Ikky are shown against a broad historical background Much emphasis is given to Ikky s interpretation of Zen The book discusses in great detail Ikky s religious and ethical principles as well as his attitude towards sex and shows that his rebellious and iconoclastic ways were deeply embedded in the tradition The book pulls together materials from cultural and religious history with literary and visual artistic texts and offers a multifaceted view on Ikky as well as on the cultural life of the Muromachi period This approach ensures that the book will be interesting for art historians historians of literature and religion and specialists in cultural and visual studies     *Buddhist Psychotherapy* Matthias Ennenbach,2015-02-16 The very first systematic work on Buddhist Psychotherapy integrating psychological medical and psychosomatic knowledge of Western culture including largely unknown Buddhist practices This practical work offers instructions inspiration and help for

professionals in the fields of psychotherapy and counseling as well as for a broad readership interested in psychotherapy Buddhism or human functioning and personal development in general American Book Publishing Record ,1999 Wie ich die Fotografie entdeckte - und was sie mich gelehrt hat Hans Durrer,2024-10-10 Als ich mich mit der Fotografie zu besch ftigen begann galt meine Neugier zun chst der Presse und Dokumentarfotografie der Kombination von Text und Bild Es war das Storytelling die Geschichten hinter dem Bild das mich faszinierte Und dass W rter imstande waren Bilder im Kopf entstehen zu lassen Mit der Zeit fing ich an zu verstehen dass das was man ber ein Bild sagte vor allem eine Aussage ber sich selber und nicht ber das Bild war und mein Fokus nderte sich allein die Oberfl che die sthetik die Komposition eines Bildes z hlte fortan f r mich Wie alle so glaubte auch ich dass alles seinen Grund haben m sse Meine eigene Suche nach Gr nden hat mich allerdings seltsam unbefriedigt gelassen da sich hinter jedem Grund mit Sicherheit bereits ein weiterer versteckte Auch dass jede Ursache Anlass f r ganz Gegens tzliches sein konnte was f r den einen der Ausl ser war mit dem Bergsteigen aufzuh ren mochte f r eine andere geradezu ideal sein damit anzufangen liess mich zunehmend ratlos zur ck Der Sinn von Allem lag nicht in der Tiefe er lag auf der Hand Er musste nicht gefunden er musste erkannt werden dachte es in mir Dabei half das Fotografieren das den Fluss der Zeit zum Stillstand brachte sowie das Aufzeichnen von dem was mir auffiel was ich antraf mir begegnete und durch den Kopf ging die Wirklichkeit schien dadurch wirklicher zu werden **The Utne Reader** ,1999
