Cutchins, Dennis R. Perry, 2023-07-17 Science fiction cinema once relegated to the undervalued B movie slot has become one of the dominant film genres of the 21st century with Hollywood alone producing more than 400 science fiction films annually Many of these owe a great deal of their success to the films of one defining decade the 1950s Essays in this book explore how classic 50s science fiction films have been recycled repurposed and reused in the decades since their release Tropes from Don Siegel s Invasion of the Body Snatchers 1956 for instance have found surprising new life in Netflix s wildly popular Stranger Things Interstellar 2014 and Arrival 2016 have clear though indirect roots in the iconic 1950s science fictions films Rocketship X M 1950 and The Day the Earth Stood Still 1951 and The Shape of Water 2017 openly recalls and reworks the major premises of The Creature From the Black Lagoon 1954 Essays also cover 1950 s sci fi influences on video game franchises like Fallout Bioshock and Wolfenstein **Race, Aliens, and the U.S. Government in African American Science Fiction** Elisa Edwards, 2011 This thesis deals with contemporary African American science fiction It focuses on three texts by Derrick Bell Octavia Butler and Walter Mosley and examines the ways in which they convert the dominantly white SF genre By addressing non traditional issues such as racism racial boundaries and the politics of species these alien encounter stories demonstrate that it is not the intruders from outer space who are the real threat to U S society but their own white U S Government Thesis Series MasterResearch Vol 2 [The African American Experience in Crime Fiction](#) Robert E. Crafton, 2015-06-23 An immensely popular genre crime fiction has only in recent years been engaged significantly by African American authors Historically the racist stereotypes often central to crime fiction and the socially conservative nature of the genre presented problems for writing the black experience and the tropes of justice and restoration of social order have not resonated with authors who saw social justice as a work in progress Some African American authors did take up the challenge Pauline Hopkins Rudolph Fisher and Chester Himes led the way in the first half of the 20th century followed by Ishmael Reed s anti detective novels in the 1970s Since the 1990s Walter Mosley Colson Whitehead and Stephen L Carter have written detective fiction focusing on questions of constitutional law civil rights biological and medical issues education popular culture the criminal justice system and matters of social justice From Hopkins s Hagar s Daughter published in 1901 to Hime s hardboiled Harlem Detective series to Carter s patrician world of the black bourgeoisie these authors provide a means of examining literary and social constructions of the African American experience Instructors considering this book for use in a course may request an examination copy here [Walter Mosley](#)

book highlights detection's malleability by analyzing the works of particular groups of authors from specific time periods written in response to other texts. It traces the roles that gender, race, and empire have played in American detective fiction from Edgar Allan Poe's works through the myriad variations upon them published before 1920 to hard-boiled fiction, the origins of which derive in part from turn-of-the-20th-century notions about gender, race, and nationality, and it concludes with a discussion of contemporary mystery series with inner-city settings that address black male and female heroism. **A Companion to African American Literature** Gene Andrew Jarrett, 2013-05-06 Through a series of essays that explore the forms, themes, genres, historical contexts, major authors, and latest critical approaches, *A Companion to African American Literature* presents a comprehensive chronological overview of African American literature from the eighteenth century to the modern day. Examines African American literature from its earliest origins through the rise of antislavery literature in the decades leading into the Civil War to the modern development of contemporary African American cultural media, literary aesthetics, and political ideologies. Addresses the latest critical and scholarly approaches to African American literature. Features essays by leading established literary scholars as well as newer voices. *London Peculiar and Other Nonfiction* Michael Moorcock, 2012-01-25 Voted by the *London Times* as one of the best writers since 1945, Michael Moorcock was shortlisted for the Whitbread Prize and won the Guardian Fiction Prize. He has won almost all the major Science Fiction, Fantasy, and lifetime achievement awards, including the Howie the Prix Utopiales and the Stoker Best. Known for his rule-breaking SF and Fantasy, including the classic *Elric* and *Hawkmoon* series, he is also the author of several graphic novels. Now in *London Peculiar and Other Nonfiction*, Michael Moorcock personally selects the best of his published, unpublished, and uncensored essays, articles, reviews, and opinions covering a wide range of subjects: books, films, politics, reminiscences of old friends, and attacks on new foes. Drawn from over fifty years of writing, including his most recent work from the pages of the *Los Angeles Times* and the *Guardian*, along with obscure and now unobtainable sources, the pieces in *London Peculiar and Other Nonfiction* showcase Moorcock at his acerbic best. They include *London Peculiar*, an impassioned statement of Moorcock's memories of wartime London; the architectural improvements wrought by the rebuilding of the city after World War Two brought cultural changes as well, many to the detriment of the city's inhabitants; *Review of R. Crumb's Genesis*, previously unavailable in English; this lengthy review of the underground comic artist's retelling of the first book of the Bible leads Moorcock to address nostalgia for the sixties; *A Child's Christmas in the Blitz*, an autobiographical recounting of Moorcock's childhood in wartime London with memories of the freedom and hardships he encountered during the bombings and the happy times he spent with his parents. These, along with dozens more, make this a collection Moorcock fans won't want to miss and the perfect introduction for new readers who will soon discover why Alan Moore's *Watchmen* says Moorcock seizes the 21st-century bull by its horns and wrestles it into submission with a Texan rodeo confidence. **Analog Science Fiction & Fact**, 2006 *Ebony*, 2003-09 EBONY is the flagship magazine of Johnson Publishing.
