Klass, 2017-11-12 At five my parents died in a horrible car crash changing my life for the worst I was thrust into a life I never expected and had to learn to adapt in order to survive no matter the cost Soon I was shuffled into the foster system becoming a lost child with no ties My roommate and mortal enemy divulged a troubling rumor about my parents forcing me to question everything I knew Even worse I realized I had a gift or a curse that allowed me to see and interact in the spiritual realm It was only a matter of time before I learned ghosts weren't always trustworthy and some had hidden motives They become part of my life past present and future I no longer knew who to trust or who to run from When I met my half sister I thought my problems were over or at least the odds were looking better until their dirty little secrets spilled over into my life and well being They used my body to quell their insatiable need and performed a terrifying experiment on me one that worked Enough was enough I planned my revenge against those who harmed me using my spiritual talent It was all that I had and gave me an edge Will my plan work or will I forever live with the insidious actions of others This story contains mature content and is intended for audiences 18 and up *Catalog of Copyright Entries.
