Sasser,2014-02-10 War is the story of individuals painted into a broader tapestry of overpowering events While examining the wider historical perspective to lay the foundation this book relates the individual stories of the Second World War of Allied bomber pilots shot down over Germany of American dogfaces fighting to grip a toehold on Iwo Jima of men struggling for survival during the Bataan Death March of tankers in

Europe and pilots who flew the first B 29s against Japan's mainland of incredible feats of heroism and self sacrifice even of great wartime romances The author interviewed more than two dozen U S veterans for this book Most of these stories have never before been published Together they provide a true account of what the war was really like for those individuals who actually fought it on the two main fronts of the war Europe and the South Pacific *Army Reserve Magazine* ,1994 Chi Town Norbert Blei,2003-03-12 A rollicking tour of Chicago courtesy of the city's legends and everymen War and Existence Michael Gelven,2005-07-26 War is a multifaceted and complex phenomenon that cannot be understood merely by isolating its underlying principles The elements that compose the vast mosaic of our conceptions of war must be identified and examined in light of their philosophical origins Michael Gelven not only identifies what the fundamental principles are but he also extracts from the history of philosophy the arguments and analyses of the concepts that explain how we think about it War and Existence is primarily concerned with what war is or what the truth about war is rather than the moral question of whether war ever ought to be waged it only indirectly considers the military concerns of how war out to be carried out The elements or marks of war such as courage horror heroism sacrifice command and vastness are each examined by reference to a great philosophical figure whose critical analyses of these elements provide us with a deep understanding of them Gelven does not restrict his inquiry to mere formal concerns since the philosophical marks of war are concretized in judgments about actual wars His holistic approach includes not only actual historical events that surround our greatest military conflicts but also literary figures poets and composers whose works wrestle with the enormity of this splendid yet troubling phenomenon The two phenomena war and peace are viewed against the entire background of humanity with all its folly and sublimity War and Existence thus offers a thoughtful coherent response to one of the most problematic issues of humanity *Army* ,1983 *World War II in Europe* David T. Zabecki,2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the

airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps **LIFE** ,1945-02-05 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Sheer Misery** Mary Louise,2021-04-20 Marching across occupied France in 1944 American GI Leroy Stewart had neither death nor glory on his mind he was worried about his underwear which was engaged in a relentless crawl of its own Similar complaints of physical discomfort pervade infantrymen s memories of the European theater whether the soldiers were British American German or French Wet freezing misery with no end in sight this was life for millions of enlisted men during World War II Sheer Misery trains a humane and unsparing eye on the corporeal experiences of the soldiers who fought in Belgium France and Italy during the last two years of the war In the horrendously unhygienic and often lethal conditions of the front line their bodies broke down stubbornly declaring their needs for warmth rest and good nutrition Feet became too swollen to march fingers too frozen to pull triggers stomachs cramped and diarrhea stained underwear and pants Turning away from the accounts of high level military strategy that dominate many WWII chronicles acclaimed historian Mary Louise Roberts instead relies on diaries and letters to bring to life visceral sense memories like the moans of the screaming meemies the acrid smell of cordite and the shockingly mundane sight of rotting corpses As Roberts writes For soldiers who fought the war was above all about their bodies 0500 Letters from a Ww Ii Combat Infantryman Verdi Gilbertson,2015-11-11 May 7 1945 Well the war ended today Tomorrow is officially V E Day All is quiet on the western front Thank our Almighty God that at last we have peace over here We cant really be happy as long as we have boys fighting on the other side of the world but it is also a big step towards ending the war over there too We hope and pray that it ends soon It looked like the 4th of July here tonight The French civilians are shooting up flares and rockets of all colors The soldiers are not celebrating very much though The order to Cease Firing has come I just cant help but thinking of our buddies who were left behind on the battlefields and never will hear the order **American Soldiers** Peter S. Kindsvatter,2003 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This book synthesizes the wartime experiences of American soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry
