Whats So Great About Christianity By Dinesh DSouza:

What's So Great About Christianity Dinesh D'Souza, 2008-11-04 Is Christianity true Can educated thinking people really believe the Bible Or do the athiests have it right Has Christianity been disproved by science and discredited as a guide to morality Best selling author Dinesh D Souza What s So Great About America approaches Christianity with a skeptical eye but treats the skeptics with equal skepticism The result is a book that will challenge the assumptions of doubters and affirm that there really is indeed something great about Christianity **Dinesh D'Souza's What's So Great About America**

Harold Palmer, 2016-04-15 Is America a nation like any other with a past marked by injustice and oppression Or is America a shining city on a hill marked by exceptionalism one where the lamp of liberty and democracy burns brightly Dinesh D Souza has written What s So Great About America to respond to America s critics who deny that there is anything unique about America These critics include multiculturalists who allege historical racism and the oppression of minorities Western leftists who see America as a force of evil Third World intellectuals who deplore the legacy of colonialism and Islamic fundamentalists who view America as culturally decadent and morally corrupt In answering these critics D Souza argues that America is not only good but that it is great indeed it is the embodiment of freedom s ideal D Souza makes a strong case for America arguing that it is a free and prosperous society with unlimited opportunity for those seeking a better life Yet despite his enthusiasm for America his treatment of America s sins is unsatisfactory one sided and does not result in the vindication of America from the claims of her critics In his response to Dinesh D Souza s What s So Great About America Harold Palmer highlights America s three great sins i the oppression of the Native Americans ii slavery and iii historic discrimination of African Americans and other minorities Mr Palmer argues that D Souza fails to adequately respond to the accounts of America s critics with respect to any of these great sins or to the views of cultural conservatives who deplore America as culturally decadent and morally degenerate Finally in this volume Mr Palmer argues that D Souza fundamentally misunderstands the meaning of greatness In his constant repetition of the fact that America permits for economic opportunity D Souza forgets that greatness is not about material prosperity but about virtue temperance and justice Notwithstanding D Souza s incessant focus on wealth greatness can only ever be an attribute of a virtuous and upright society regardless of its material prosperity *What's So Great about God* Dinesh D'Souza, 2013-09-13

For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could create a world that allowed such suffering and evil In What s So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as

PhD, 2022-09-19 The holy grail of physics is quantum gravity often called the theory of everything But any scientific theory will be incomplete without the God of the Bible Physicists claim the cosmos began with a big bang created from nothing But the word nothing is meaningless in physics Furthermore the big bang is an impenetrable barrier to whatever preceded it In addition a finite cosmos cannot contain within itself an explanation for its own existence To claim we are here by accident

explains nothing and leads to a logical dead end The cause of the universe is information in the form of mathematical laws left behind for science to discover The fundamental properties of these laws have the same attributes as the Supreme Lawgiver of Genesis An intelligible cosmos is unmistakable evidence the Creator is an Intelligent Mind The Creator s Voice is a valid scientific theory confirming the truth of Genesis God spoke the laws creating the universe out of nothing creatio ex nihilo The foundation of the universe is ethereal cosmic waves which interact according to the laws to create and sustain the illusion of reality we experience Space time energy and matter are made from quantum information nothing else is needed By a process of elimination God is the only possible explanation for everything we know The human mind is evidence consciousness is endemic to the cosmos Cosmic waves interact with the human mind in mysterious ways The cosmos relates to humans more like a great Mind than a mindless machine The god like nature of the human mind is evidence we are made imago Dei Even if God is included in a scientific theory it means little unless it can be shown God is a real Being alive present in the world and relevant to our lives

Scoffing at Scripture Frank Bolger Kelly, 2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly decided to sit down with the sacred scriptures of several of the world s major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world s priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly s intent is to facilitate critical analysis of the world s holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world s major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity

with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born Scoffing at Scripture A Commoner Reads the World s Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance You Will Be Made to Care Erick Erickson,Bill Blankschaen,2016-02-22 Religious liberty is under attack in America Your freedom to believe may not last much longer To all those who say they don t care about the culture war Erick Erickson has only one response The Left will not let you stay on the sidelines You will be made to care Now the former Editor in Chief of RedState com joins with Christian author Bill Blankschaen to expose the war in America on Christians and all people of faith who refuse to bow to the worst kind of religion secularism one intent on systematically imposing its agenda and frightening doubters into silence The book features first hand accounts from Christians who ve been punished for their beliefs and the perspectives of concerned thought leaders to make the case that Americans of faith can t afford to ignore what s happening not anymore You Will Be Made to Care offers hope for preserving freedom of conscience with practical steps that believers families pastors church leaders and citizens can take to resist tyranny and experience a resurgence of faith in America **Morality Without God?** Walter Sinnott-Armstrong,2009-07-02 Walter Sinnott Armstrong argues that God is not only not essential to morality but that our moral behavior should be utterly independent of religion

The Case Against Moral Atheism Ken Wheeler,2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality The Case Against Moral Atheism challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is **Themelios, Volume 45, Issue 3** D. The Grace Effect Larry Alex Taunton, 2011-11-15 Simply defined the grace effect is an observable phenomenon that life is demonstrably better where authentic Christianity flourishes What does Christianity give us beyond televangelists potlucks and bad basketball leagues Not much according to the secular Left The world they say would be a better place without it Historian and Christian apologist Larry Taunton has spent much of his career refuting just this sort of thinking but when he encounters Sasha a golden haired Ukranian orphan girl whose life has been shaped by atheistic theorists he discovers an unlikely champion for the transforming power of grace Through the narrative of Sasha s redemption we see the false promises of socialism the soul destroying influence of unbelief and how a society cultivates its own demise when it rejects the ultimate source of grace We see in short the kind of world the atheists would give us a world without

Christianity cold pitiless and graceless And yet as Sasha shows us it is a world that is not beyond the healing power of the grace effect Occasionally infuriating often amusing but always inspiring The Grace Effect will have you cheering for the courageous little girl who shamed the academic elitists of our day This highly readable book is a collection of powerful insights into the long term consequences of spiritual indifference and above all a remarkable example of how to conquer it Dr Olivera Petrovich research psychologist University of Oxford What would a world without Christianity look like We don t have to guess because such a world does exist it exists in the current and former Communist bloc Through the inspiring story of a little girl born in Eastern Europe and now living in America Larry Taunton draws a sharp contrast between the life giving influence of Christianity and the worn out theories of atheism and radical secularism The effect The Grace Effect is nothing less than powerful and moving Dinesh D Souza former White House policy analyst fellow of the Hoover Institute at Stanford University and current president of Kings College [Losing Our Religion](#) S.
