Hampar explains every major facet of your astrological chart Chart patterns of celebrities will help you better understand your own star charted life path This guide teaches you the basics of chart interpretation and you will gain insight into yourself and your loved ones as astrology's unique language of symbols is revealed From publisher description **Astrology for Beginners** Harry Eilenstein, 2021-06-21 Astrology is the best known and the most precise oracle system With its help one can create horoscopes describing the character of people companies and events However astrology is not simply a matter of fateful and unintentional imprinting but a recognition of how one is based on the parable of the position of the planets at the time of birth The horoscope describes a person as a play the ascendant is the stage set the planets are the actors the zodiac signs are the roles of the actors the astrological houses are the areas of life in which the actors appear the ego is the director who is responsible for the level of the play and if the director should ever get stuck he can ask the scriptwriter i e the soul for the meaning of this play This book contains all the information necessary for the interpretation of a horoscope but everything in a rather short form because this introduction for beginners should not get 1000 pages Medical Astrology for Beginners Arun Bansal, The diseases are the result of our past karmas and indicated by weak and afflicted planets This can be easily understood by an astrologer Therefore every book on astrology has discussed the diseases and yogas for these diseases are scattered throughout the astrological literature Some of these Yogas have been compiled in this book for the intelligent readers with the observations and experiences of author Author has used the astrology for the purpose of diagnosis as other laboratory tests MRI and CAT SCAN etc It gave good results to understand whether the chronic diseases are curable or not Moreover it has helped to understand the time period of onset of the disease which no other science can explain Therefore astrology is science of sciences One must be careful while predicting diseases because so many factors are involved in prediction Only the yoga for disease is not sufficient If the yoga is aspected by benefic planets the results will be nullification of malefic influence The disease depends on the strength of the disease producing planets Even if a disease may be indicated from a house from lagna but from Moon and navamsha lagna the same house is strong and lord is fortified the malefic influence may get cancelled Therefore while judging one must consider the house lord of house and karaka of the house rashish where the lord of house is posited i e dispositor and navamshesh the lord of house in navamsha chart where the lord of the house is posited and relationship in navamsha chart between lagna lord and lord of the house into consideration from lagna Moon navamsha lagna and nakshatra of the planet in which he is posited One must take into consideration the nature and qualities of the planets causing the disease functional benefic or malefic to the lagna house in which they are posited The benefic planet will certainly cause less harm than the malefic planet The relationship between the two planets also affects the disease producing capacity The relationship is also natural and functional The aspect and conjunction of the planets should also be taken into consideration The retrograde malefic planet is more powerful in causing diseases than the normal malefic planet The retrograde benefic planet does not protect the native When a benefic planet is lord of maraka house and posited

in that house it becomes strong maraka planet Keeping the above factors into consideration we can predict the timing of onset of diseases with the help of dasha system and Gochar The most common dasha system employed is Vimshottari dasha system Still we can divided the timing of diseases into 1 Yogas present in the horoscope 2 Dasha bhukti Paratyantar dasha 3 Transit Gochar 4 Horary All these factors have been discussed in this book in detail **Astrology For Beginners** Nicky Huys,2024-08-31 Astrology For Beginners is a comprehensive guide that introduces the fascinating world of astrology to new enthusiasts This book provides a clear and accessible exploration of the zodiac signs celestial bodies and astrological principles From understanding the significance of each zodiac sign to interpreting astrological charts readers will gain insight into the influence of the stars and planets on human experiences With practical advice and engaging explanations this book is the perfect starting point for anyone curious about unlocking the secrets of the cosmos and discovering the profound wisdom of astrology **Astrology for Beginners** David Pond,2020-02-08 Simple Astrological Guidance for Self Development and Conscious Living Concise and direct this easy to use guide provides everything needed to uncover the secrets of your birth chart and reveal amazing insights about your true nature You ll gain an incredibly expanded understanding of yourself and others with this book s extensive information and examples Professional astrologer David Pond introduces you to the most important topics of astrology including the zodiac signs planets houses aspects and more He then builds on the basics to teach you how to interpret your astrological chart and those of the people in your life From planetary patterns and Sun signs to retrogrades and cusps this book brings the stars down to earth so you can study astrology with ease **VEDIC ASTROLOGY FOR BEGINNERS** A.
