Atheist Awakening Secular Activism And Community In America

Monique Scheer

Atheist Awakening Secular Activism And Community In America:

Atheist Awakening Richard P. Cimino, Christopher Smith, 2014 *Atheist Awakening* is a groundbreaking study of the growth and revitalization of the atheist movement in the U S Through in depth interviews and observation of atheist gatherings the authors find that much of this awakening has come about as atheists have engaged in new forms of activism and community building The book portrays a new atheism one that has revised strategies to wage a powerful defensive and offensive battle against their ideological and political antagonists

Atheist Awakening Reed Stemple, 2021-04 *Atheism Atheist Organizations and Activism* What are the main beliefs of atheism Why secular humanism can do what atheism can t what is the difference between an atheist and secular humanism This study shows how their judiciary battles ensured the clarification and galvanization of the First Amendment s Establish Clause how they challenged the Protestant domination of government institutions and helped to reveal a schism within Protestant churches between progressive and conservative factions

Organized Secularism in the United States Ryan T. Cragun, Christel Manning, Lori L. Fazzino, 2017-11-07 There has been a dramatic increase in the percentage of the US population that is not religious However there is to date very little research on the social movement that is organizing to serve the needs of and advocate for the nonreligious in the US This is a book about the rise and structure of organized secularism in the United States By organized secularism we mean the efforts of nonreligious individuals to build institutions networks and ultimately a movement that serves their interests in a predominantly religious society Researchers from various fields address questions such as What secularist organizations exist Who are the members of these organizations What kinds of organizations do they create What functions do these organizations provide for their members How do the secularist organizations of today compare to those of the past And what is their likely impact on the future of secularism For anyone trying to understand the rise of the nonreligious in the US this book will provide valuable insights into organized efforts to normalize their worldview and advocate for their equal treatment in society

Political Religion and Religious Politics David S. Gutterman, Andrew R. Murphy, 2015-10-14 Profound demographic and cultural changes in American society over the last half century have unsettled conventional understandings of the relationship between religious and political identity The Protestant mainline continues to shrink in numbers as well as in cultural and political influence The growing population of American Muslims seek both acceptance and a firmer footing within the nation s cultural and political imagination Debates over contraception same sex relationships and prosperity preaching continue to roil the waters of American cultural politics Perhaps most remarkably the fastest rising religious demographic in most public opinion surveys is none giving rise to a new demographic that Gutterman and Murphy name Religious Independents Even the evangelical movement which powerfully re entered American politics during the 1970s and 1980s and retains a strong foothold in the Republican Party has undergone generational turnover and no longer represents a monolithic political bloc *Political Religion and Religious Politics Navigating Identities in the United States* explores the

multifaceted implications of these developments by examining a series of contentious issues in contemporary American politics Guttermann and Murphy take up the controversy over the Ground Zero Mosque the political and legal battles over the contraception mandate in the Affordable Health Care Act and the ensuing Supreme Court Hobby Lobby decision the national response to the Great Recession and the rise in economic inequality and battles over the public school curricula seizing on these divisive challenges as opportunities to illuminate the changing role of religion in American public life Placing the current moment into historical perspective and reflecting on the possible future of religion politics and cultural conflict in the United States Guttermann and Murphy explore the cultural and political dynamics of evolving notions of national and religious identity They argue that questions of religion are questions of identity personal social and political identity and that they function in many of the same ways as race sex gender and ethnicity in the construction of personal meaning the fostering of solidarity with others and the conflict they can occasion in the political arena Practicing Safe Sects F. LeRon

Shults,2018-02-12 In Practicing Safe Sects F LeRon Shults provides scientific and philosophical resources for having the talk about religious reproduction where do gods come from and what are the costs of bearing them in our culturally pluralistic ecologically fragile environment *The Nonprofit Sector* Walter W Powell,Patricia Bromley,2023-05-25 Timely unique and definitive not only chronicles the history of the nonprofit sector but also provides a broad but critical analysis of its current state Vartan Gregorian President Carnegie Corporation of New York The nonprofit sector has changed in fundamental ways in recent decades As the sector has grown in scope and size both domestically and internationally the boundaries between for profit governmental and charitable organizations have become intertwined Nonprofits are increasingly challenged on their roles in mitigating or exacerbating inequality And debates flare over the role of voluntary organizations in democratic and autocratic societies alike *The Nonprofit Sector* takes up these concerns and offers a cutting edge empirical and theoretical assessment of the state of the field This book now in its third edition brings together leading researchers economists historians philosophers political scientists and sociologists along with scholars from communication education law management and policy schools to investigate the impact of associational life Chapters consider the history of the nonprofit sector and of philanthropy the politics of the public sphere governance mission and engagement access and inclusion and global perspectives on nonprofit organizations Across this comprehensive range of topics *The Nonprofit Sector* makes an essential contribution to the study of civil society Praise for previous editions Takes a decidedly multidisciplinary approach invaluable *Journal of Policy Analysis and Management* A major contribution to the field *Social Forces*

Back-Pocket God Melinda Lundquist Denton,Richard W. Flory,2020 More than a decade ago a group of researchers began to study the religious and spiritual lives of American teenagers They tracked these young people over the course of a decade revisiting them periodically to check in on the state and future of religion in America and reporting on their findings in a series of books beginning with *Soul Searching* 2005 Now with *Back Pocket God* this mammoth research project comes to

its conclusion What have we learned about the changing shape of religion in America Back Pocket God explores continuity and change among young people from their teenage years through the latter stages of emerging adulthood Melinda Lundquist Denton and Richard Flory find that the story of young adult religion is one of an overall decline in commitment and affiliation and in general a moving away from organized religion Yet there is also a parallel trend in which a small religiously committed group of emerging adults claim faith as an important fixture in their lives Emerging adults don't seem so much opposed to religion or to religious organizations at least in the abstract as they are uninterested in religion at least as they have experienced it Religion is like an app on the ubiquitous smartphones in our back pockets readily accessible easy to control and useful but only for limited purposes Denton and Flory show that some of the popular assumptions about young people and religion are not as clear as what many people seem to believe The authors challenge the characterizations of religiously unaffiliated emerging adults sometimes called religious nones as undercover atheists At the other end of the spectrum they question the assumption that those who are not religious will return to religion once they marry and have children *Blurred Boundaries and Deceptive Dichotomies in Pre-Modern Texts and Images* Dafna Nissim, Vered

Tohar, 2023-12-18 This collection of essays focuses on the way blurred boundaries are represented in pre modern texts and visual art and how they were received and perceived by their audiences readers listeners and viewers According to the current understanding that opposing cognitive categories that are so common in modern thinking do not apply to pre modern mentalities we argue that individuals in medieval and pre modern societies did not necessarily consider sacred and secular male and female real and fictional and opposing emotions as absolute dichotomies The contributors to the present collection examine a wide range of cultural artifacts literary texts wall paintings sculptures jewelry manuscript illustrations and various objects as to what they reflect regarding the dominant perceptual system the network of beliefs worldviews presumptions values and norms of viewing reading hearing different from modern epistemology strongly predicated on the binary nature of things and people The essays suggest that analyzing pre modern cultural works of art or literature in light of reception theory can lead to a better understanding of how those cultural products influenced individuals and impacted their thoughts and actions

Truth Claims in a Post-Truth World Erkan Ali, 2023-08-18 Drawing on debates from a multi disciplinary perspective this book examines what it means to offer a genuine sociological critique of religious faith illiberalism and anti secularism from a macro perspective Arguing that as a discipline concerned with real issues in the social world sociology should be at the forefront of any analysis of religious power and legitimacy the author contends that much religious faith is fundamentally incompatible with any twenty first century society that seeks inclusive utilitarian and humanistic principles as its goals With an emphasis on sociology the effects of organised religion's overall decline in modern Western contexts are explored while the troubling re emergence or persistence of faith based and other non evidentiary perspectives is also discussed via debates around identity politics postmodernism and multiculturalism Through an analysis of the rise of

irrational thinking in our politics and our entire social and cultural fabric the book moves to conclude that religious beliefs and other forms of dogmatism are underpinned by powerful influential and potentially dangerous ideological structures at various levels of society and that viable secular alternatives to faith teachings ought to be nurtured in their place A critique of religion that advances modern secular humanistic thought Truth Claims in a Post Truth World will appeal to scholars of sociology social theory and philosophy with interests in religion political thought ethics and civil society The Secular Paradox Joseph Blankholm,2022-06-07 Living in a culture saturated with Christian language and ideas America's nonbelievers struggle to define themselves on their own terms They face the difficult choice of avoiding religion completely or embracing parts of religion and living with contradictions In The Secular Paradox Joseph Blankholm explores what it feels like to be secular and live with this ambivalence Relying on several years of ethnographic research among secular activists and organized nonbelievers in the United States the volume shows how secular people are both absolutely not religious and part of a religion like secular tradition The Secular Paradox focuses heavily on nonbelievers who don't fit easily within secularism because they are the ones who tell its story best The challenges faced by people of color women and those who have left non-Christian religions shed light on what secularism is and how it works by revealing its limits and contradictions Placing them front and center unveils a new landscape of American religion and offers a view into what American secularism is becoming Book jacket The Routledge Handbook of Politics and Religion in Contemporary America Jeffrey Haynes,2024-12-19 The Routledge Handbook of Politics and Religion in Contemporary America is a comprehensive reference source to this significant controversial and consistent topic in America's politics It examines the copious research conducted to date evaluates what we know identifies what is less clear because of differing research findings and pursues important but under researched questions Comprising 34 chapters by a team of international contributors the Handbook is divided into four parts History and context Theoretical debates and methodological perspectives Actors policies and institutions and Contemporary debates and controversies The Handbook addresses three key questions 1 How is religion politically important in the USA 2 Why does religion retain political and social prominence in the USA and 3 Is the USA secularising If so what does it mean for the relationship between religion and politics Chapters explore central issues debates and problems within politics and religion in the USA including citizenship secularism the law religious diversity atheism political economy religious minorities discrimination the US presidency nationalism public opinion gender and sexuality foreign policy Congress religious freedom party politics human rights public institutions civil society populism feminism LGBTQ rights political violence hate speech inequality and immigration This Handbook will be essential reading for students and researchers of politics and religious studies Professionals policy oriented government corporations will also find the Handbook useful especially for research purposes Believing in Dawkins Eric Steinhart,2020-09-16 Dawkins's militant atheism is well known his profound faith less well known In this book atheist philosopher Eric Steinhart explores the spiritual

dimensions of Richard Dawkins books which are shown to encompass the meaning and purpose of life an appreciation of Platonic beauty and truth a deep belief in the rationality of the universe an aversion to both scientism and nihilism As an atheist Dawkins strives to develop a scientific alternative to theism and while he declares that science is not a religion he also proclaims it to be a spiritual enterprise His books are filled with fragmentary sketches of this spiritual atheism resembling a great unfinished cathedral This book systematises and completes Dawkins arguments and reveals their deep roots in Stoicism and Platonism Expanding on Dawkins ideas Steinhart shows how atheists can develop powerful ethical principles compelling systems of symbols and images and meaningful personal and social practices Believing in Dawkins is a rigorous and potent entreaty for the use of science and reason to support spiritually rich and optimistic ways of thinking and living

Unholy Catholic Ireland Hugh Turpin, 2022-09-13 There are few instances of a contemporary Western European society more firmly welded to religion than Ireland is to Catholicism For much of the twentieth century to be considered a good Irish citizen was to be seen as a good and observant Catholic Today the opposite may increasingly be the case The Irish Catholic Church once a spiritual institution beyond question is not only losing influence and relevance in the eyes of many it has become something utterly desacralized In this book Hugh Turpin offers an innovative and in depth account of the nature and emergence of ex Catholicism a new model of the good and secular Irish person that is being rapidly adopted in Irish society Using rich quantitative and qualitative research methods Turpin explains the emergence and character of religious rejection in the Republic He examines how numerous factors including economic growth social liberalization attenuated domestic religious socialization the institutional scandals and moral collapse of the Church and the Church s lingering influence in social institutions and laws have interacted to produce a rapid growth in ex Catholicism By tracing the frictions within and between practicing Catholics cultural Catholics and ex Catholics in a period of profound cultural change and moral reckoning Turpin shows how deeply the meanings of being religious or non religious have changed in the country once described as Holy Catholic Ireland Annual Review of the Sociology of Religion. Volume 7 (2016) Roberto Cipriani, Franco

Garelli, 2016-06-27 Recent studies show that atheism is increasing The reasons for this development have not as yet been examined thoroughly Many atheists continue to be residual groups in surveys on religiosity making it difficult to examine who they are and why they have chosen to be atheists Moreover they are minority groups in most countries former Soviet bloc countries are left out of discussion many do not identify with any organized groups of atheists or agnostics Atheist groups and ideologies then represent a wide range of attitudes behaviour and ways of acting towards religion The lack of a clear definition of what being atheist or an unbeliever means today invites us to study the issue in greater depth This volume represents a first attempt at understanding and scrutinizing atheism Thanks to all contributors it provides both a global perspective and specific insights into specific cases **Why Baby Boomers Turned from Religion** Abby Day, 2022 Why

Baby Boomers Turned from Religion takes an in depth look at the generation of post WWII babies who came of age in the

1960s and how they acted as a transitional generation between religious parents and non religious children and grandchildren forged different practices and sites of meaning morality community and transcendence

Enthusiasm

Monique Scheer, 2021-01-01 Enthusiasm seeks to contribute to a culturally and historically nuanced understanding of how emotions secure and ratify the truth of convictions More than just pure affective intensity enthusiasm is about something a certainty clarity or truth Neither as clearly negative as fanaticism nor as general as passion enthusiasm specifically entails belief For this reason the book takes its starting point in religion the social arena in which the concept was first debated and to which the term still gestures Empirically based in modern German Protestantism where religious emotion is intensely cultivated but also subject to vigorous scrutiny it combines historical and ethnographic methods to show how enthusiasm has been negotiated and honed as a practice in Protestant denominations ranging from liberal to charismatic The nexus of religion and emotion and how it relates to central concepts of modernity such as rationality knowledge interiority and sincerity are key to understanding why moderns are so ambivalent about enthusiasm Grounded in practice theory Enthusiasm assumes that emotions are not an affective state we have but mind body activations we do having learned to perform them in culturally specific ways When understood as an emotional practice enthusiasm has different styles inflected by historical traditions social milieus and knowledge even ideologies about emotions and how they work Enthusiasm also provides insight into how this feeling works in secular humanism as well as in politics and why it is so contested as a practice in any context

American Trinity

Larry Len Peterson, 2017-09-11 American Trinity is for everyone who loves the American West and wants to learn more about the good the bad and the ugly It is a sprawling story with a scholarly approach in method but accessible in manner In this innovative examination Dr Larry Len Peterson explores the origins development and consequences of hatred and racism from the time modern humans left Africa 100 000 years ago to the forced placement of Indian children on off reservation schools far from home in the late 1800s Along the way dozens of notable individuals and cultures are profiled Many historical events turned on the lives of legendary Americans like the Father of the West Thomas Jefferson and the Son of the West George Armstrong Custer two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West Dr Peterson reveals how anti Indian sentiments were always only obliquely about them They were victims but not the cause The Indian was a symbol not a real person The politics of hate and racism directed toward them was also experienced in prior centuries by Jews enslaved Africans and other Christians Hatred and racism when taken into the public domain are singularly difficult to justify which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures In the Middle Ages it was religion supplemented later by the philosophy of the Enlightenment In nineteenth century Europe and America religion and philosophy were joined by science and medicine to support Manifest Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in

anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American s life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith

Blessed Are Those Who Ask the Questions J. Goosby Smith, Erin D. Renslow, 2021-04-01 Today s organizational environment is characterized by high levels of cross cultural cross national and cross religious communication conflict collaboration and commerce This environment produces myriad encounters between individuals who embrace different ideologies religions and spiritual practices As such unanswered and even unasked questions about management spirituality and religion abound This book seeks to advance our understanding by asking the big questions Blessed are Those Who Ask the Questions What Should We be Asking About Management Spirituality and Religion in Organizations is intended to be provocative in nature Its chapters address novel ways that leadership organizations and organizational stakeholders mutually impact each other by their similarities and differences in religious spiritual and ideological traditions cultures and practices Interdisciplinary in nature and firmly grounded in scholarly literature this book identifies and maps out bold new trajectories for advancing the study of management spirituality and religion including but going far beyond Western Christian conceptualizations of religion Sometimes universal sometimes quite specific this volume identifies unexplored underexplored or unresolved issues in the field and proposes new streams of research Diverse conceptual empirical theoretical and critical treatments that honor a variety of inquiry styles and research methods push the boundaries of MSR research *Worldviews* John Valk, 2021-10-01 This book investigates the concept of worldview in its numerous aspects and how worldviews impact shape and influence individuals communities societies and cultures It explores various worldviews religious spiritual and secular using a comprehensive approach to highlight their breadth depth and scope John Valk argues that everyone has a worldview and that worldview is often shaped and influenced by individual circumstances and situations While worldviews have similar structures to one another they vary in content including differences in metanarratives teachings ethics and more In the course of explaining how worldviews respond to life s ultimate and existential challenges the book poses ontological questions to highlight various world views on the nature of being and the human and epistemological questions pertaining to sources of knowledge and certainty Inviting readers to reflect on their own worldviews as they explore the worldviews of others Valk also reveals how certain universal worldview beliefs are interpreted in particular contexts *Religion, Spirituality and Secularity among Millennials* Sarah Wilkins-Laflamme, 2022-08-19 This book explores the world of religion spirituality and secularity among the Millennial generation in the United States and Canada with a focus on the ways Millennials are doing non religion differently in their social lives compared with their parents and grandparents It considers the influences exercised on the non religious and spiritual landscapes of young adults in North America by the digital age

precarious work growing pluralism extreme individualism environmental crisis advanced urbanism expanded higher education emerging adulthood and a secular age Based on extensive primary and secondary quantitative data complemented with high quality qualitative research including interviews and focus groups this book offers cross national comparisons between the United States and Canada to highlight the impact of different social environments on the experience of religion spirituality and secularity among the continent's most numerous generation As such it will appeal to scholars of religion and sociology with interests in religious and societal change as well as in religious practice among young adults

Atheist Awakening Secular Activism And Community In America Introduction

In today's digital age, the availability of Atheist Awakening Secular Activism And Community In America books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Atheist Awakening Secular Activism And Community In America books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Atheist Awakening Secular Activism And Community In America books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Atheist Awakening Secular Activism And Community In America versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Atheist Awakening Secular Activism And Community In America books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Atheist Awakening Secular Activism And Community In America books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public

domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Atheist Awakening Secular Activism And Community In America books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Atheist Awakening Secular Activism And Community In America books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Atheist Awakening Secular Activism And Community In America books and manuals for download and embark on your journey of knowledge?

FAQs About Atheist Awakening Secular Activism And Community In America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Atheist Awakening Secular Activism And Community In America is one of the best book in our library for free trial. We provide copy of Atheist Awakening Secular

Activism And Community In America in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Atheist Awakening Secular Activism And Community In America. Where to download Atheist Awakening Secular Activism And Community In America online for free? Are you looking for Atheist Awakening Secular Activism And Community In America PDF? This is definitely going to save you time and cash in something you should think about.
