WILL OBAMA PUSH US OVER THE EDGE?

At The Brink Will Obama Push Us Over The Edge

Clifford Lane

At The Brink Will Obama Push Us Over The Edge:

At the Brink John R. Lott, 2013-02-18 Barack Obama has taken America to the brink of financial ruin Will we be able to stop before we go over the edge Author John Lott sounds the alarm as he documents the economic challenges we face with four more years of an Obama presidency and builds an case for fundamental change the kind we need to save America

The Tea Party Explained Yuri Maltsev, Roman Skaskiw, 2013-10-15 The Tea Party showed its strength in the 2010 mid terms Despite the opposition of leading Republicans like Dick Cheney Karl Rove and Lindsey Graham 140 Tea Party candidates ran for Congress Of the sixty House seats which moved from Democratic to Republican control twenty eight were won by Tea Party candidates At the movement s height 29 percent of Americans had some ties to the Tea Party while 2 percent identified themselves as active members The Tea Party first attracted the media spotlight with Rick Santelli s televised rant against the government s bailout of mortgage borrowers on February 19 2009 which instantly went viral as a video As the authors document however tea parties associated with the Ron Paul movement had already been gathering momentum for more than a year Beginning as a protest against government spending sprees and ballooning deficits the Tea Party s sudden fame forced it to define itself on many issues where the membership was seriously divided The Tea Party is a coalition of different outlooks united only by belief in small debt free government and low taxes Fiscal conservatives who were usually liberal on social issues and against American military interventions battled social conservatives in an uneasy series of maneuvers which continues unresolved and is described in the book The Tea Party Explained written by two Tea Party activists who know the movement inside and out is aimed at the intrigued and curious reader who wants to find out more about this unique phenomenon The book gives a well documented account of the Tea Party its origins its evolution the bitter squabbles over its direction its amazing successes in 2010 and its electoral rebuff in 2012 Maltsev and Skaskiw analyze the demographics of the Tea Party the many organizations which have tried to represent appropriate or infiltrate the movement and the ideological divisions in its ranks The authors evaluate the strengths and weaknesses of the Tea Party and its likely future impact A movement with strong local roots in many cities firmly supported by a quarter of the US population will not evaporate after one big defeat and can be counted on to influence events for decades to come

Guns in American Society Jaclyn Schildkraut, Gregg Lee Carter, 2022-12-01 The revised third edition of the landmark Guns in American Society provides an authoritative and objective survey of the history and current state of all gun related issues and areas of debate in the United States Guns in American Society An Encyclopedia of History Politics Culture and the Law is a comprehensive and evenhanded three volume reference resource for understanding all of the political legal and cultural factors that have swirled around gun rights and gun control in America past and present The encyclopedia draws on a vast array of research in criminology history law medicine politics and social science It covers all aspects of the issue gun violence including mass shootings in schools and other public spaces gun control arguments and organizations gun rights arguments and

organizations the firearms industry firearms regulation legislation and court decisions gun subcultures for example hunters and collectors leading opinion shapers on both sides of the gun debate technological innovations in firearm manufacturing various types of firearms from handguns to assault weapons and evolving public attitudes toward guns Many of these entries place the topics in both historical and cross cultural perspective The Sources of Social Power: Volume 4, Globalizations, 1945-2011 Michael Mann,2012-12-28 Distinguishing four sources of power ideological economic military and political this series traces their interrelations throughout human history This fourth volume covers the period from 1945 to the present focusing on the three major pillars of post war global order capitalism the nation state system and the sole remaining empire of the world the United States In the course of this period capitalism nation states and empires interacted with one another and were transformed Mann s key argument is that globalization is not just a single process because there are globalizations of all four sources of social power each of which has a different rhythm of development Topics include the rise and beginnings of decline of the American Empire the fall or transformation of communism respectively the Soviet Union and China the shift from neo Keynesianism to neoliberalism and the three great crises emerging in this period nuclear weapons the great recession and climate change The Arab-Israeli Conflict: A Guide for the Perplexed Ian Bickerton,2012-02-02 The Guide aims to demystify and clarify one of the key conflicts of our time explaining who what where and why in a balanced manner Presidential Rhetoric from Wilson to Obama Wesley Widmaier,2014-11-13 Over the past century presidential constructions of crises have spurred recurring redefinitions of U S interests as crusading advance has alternated with realist retrenchment For example Harry Truman and George W Bush constructed crises that justified liberal crusades in the Cold War and War on Terror In turn each was followed by realist successors as Dwight Eisenhower and Barack Obama limited U S commitments but then struggled to maintain popular support To make sense of such dynamics this book synthesizes constructivist and historical institutionalist insights regarding the ideational overreactions that spur shifts across crusading excesses and realist counter reactions Widmaier juxtaposes what Daniel Kahneman terms the initial fast thinking popular constructions of crises that justify liberal crusades the slow thinking intellectual conversion of such views in realist adjustments and the tensions that can lead to renewed crises This book also traces these dynamics historically across five periods as Wilson s overreach limited Franklin Roosevelt to a reactive pragmatism as Truman s Cold War crusading incited Eisenhower s restraint as Kennedy Johnson Vietnam era crusading led to Nixon s revived realism as Reagan s idealism yielded to a Bush Clinton pragmatism and as George W Bush s crusading was followed by Obama s restraint Widmaier concludes by addressing theoretical debates over punctuated change historical debates over the scope for consensus and policy debates over populist or intellectual excesses This work will be of great interest to students and scholars of U S Foreign Policy **Being Christian After the Desolation of Gaza** Bruce Norman Fisk,J. Ross Wagner,2025-08-12 What explains the fervent support among America s Christians for Israel s murderous assault on Gaza s Palestinians Dying children

cry beneath the rubble doctors testify to atrocities journalists and medics face sniper fire experts cry genocide Jewish Americans decry Israel's ethnic cleansing protesting college students jeopardize their careers Yet millions of Americans who profess allegiance to Jesus continue defending the desolation of Gaza or refuse to speak against it In these essays you will read stories and hear cries from Christians American Latin American Jewish Palestinian who have spent years listening laboring and praying for a durable equitable peace between Palestinians and their Jewish neighbors Their perspectives have formed over years in the land through lingering encounters hard conversations and troubling personal experiences Disagree with them if you must but first hear them out and consider why so many of Israel's Christian partisans have confused a love for the Jewish people with a defense of the apocalypse Israel has unleashed since October 7 2023 It may be too late to save Gaza's millions from starvation amputation displacement and death Is it too late to repent of our complicity Too late to save our own souls How should we be Christian after the desolation of Gaza Chapter contributors Mercy Aiken Yousef Kamal AlKhouri Daniel Bannoura Donald D Binder Gary M Burge David M Crump Rob Dalrymple Anton Deik Bruce N Fisk Suzanne Watts Henderson Lisa Loden Lamma Mansour Amy Yoder McGloughlin Benjamin Norquist Ruth Padilla DeBorst and J Ross Wagner

Evaluating the Obama Presidency Meena Bose, Paul Fritz, 2024-07-22 In 2007 and 2008 Barack Obama ran for president with a message of a shared purpose uniting all Americans and was elected with expectations that he would usher in a new national culture under an approach grounded in public engagement that would transcend partisan divisions But in an institutional system designed for incremental and contested policy making governance enacting these transformational ambitions proved to be far more difficult than anticipated This innovative volume assesses the legacy of President Obama with a conceptual focus on the challenge of meeting his goals with the realities of governing A diverse group of political science history and communication studies experts systematically examines Obama's performance accomplishments and shortcomings through the lens of the expectations gap the tensions and obstacles of translating campaign promises into policies The wide representative set of case studies address campaigning and coalition building party polarization presidential communication executive power leadership and decision making and domestic and foreign policy With original and deep analysis these scholars make a unique enduring contribution to understanding the Obama presidency the office of the president and indeed American politics This insightful accessible book will be of great interest to students and scholars of the presidency political communication rhetoric and broadly across US government and democracy

Afghan Endgames Hy Rothstein, John Arquilla, 2012-01-06 The United States and its allies have been fighting the Taliban and al Qaeda in Afghanistan for a decade in a war that either side could still win While a gradual drawdown has begun significant numbers of US combat troops will remain in Afghanistan until at least 2014 perhaps longer depending on the situation on the ground and the outcome of the US presidential election in 2012 Given the realities of the Taliban's persistence and the desire of US policymakers and the public to find a way out what can and should be the goals of the US and its allies in Afghanistan Afghan

Endgames brings together some of the finest minds in the fields of history strategy anthropology ethics and mass communications to provide a clear balanced and comprehensive assessment of the alternatives for restoring peace and stability to Afghanistan Presenting a range of options from immediate withdrawal of all coalition forces to the maintenance of an open ended but greatly reduced military presence the contributors weigh the many costs risks and benefits of each alternative This important book boldly pursues several strands of thought suggesting that a strong legitimate central government is far from likely to emerge in Kabul that fewer coalition forces used in creative ways may have better effects on the ground than a larger more conventional presence and that even though Pakistan should not be pushed too hard so as to avoid sparking social chaos there Afghanistan s other neighbors can and should be encouraged to become more actively involved The volume s editors conclude that while there may never be complete peace in Afghanistan a self sustaining security system able to restore order swiftly in the wake of violence is attainable *The Wall Street Journal* ,2009

Public Papers of the Presidents of the United States, Barack Obama: January 1 to June 30, 2010 United States. President (2009-2017 : Obama),2010 **Prospect** ,2010 **The New York Times Magazine** ,2009 **To the Edge** Philip A. Wallach,2015-04-21 Were the radical steps taken by the Treasury Department and Federal Reserve to avert the financial crisis legal When and why did political elites and the general public question the legitimacy of the government s responses to the crisis In *To The Edge* Legality Legitimacy and the Responses to the 2008 Financial Crisis Philip Wallach chronicles and examines the legal and political controversies surrounding the government s responses to the recent financial crisis The economic devastation left behind is well known but some allege that even more lasting harm was inflicted on America s rule of law tradition and government legitimacy by the ambitious attempts to limit the fallout In probing these claims Wallach offers a searching inquiry into the meaning of the rule of law during crises The book provides a detailed analysis of the policies undertaken from the rescue of Bear Stearns in March 2008 through the tumultuous events of September 2008 the passage of the TARP and its broad usage the alphabet soup of emergency Federal Reserve programs the bankruptcies of Chrysler and GM and the extended public ownership of AIG Fannie Mae and Freddie Mac Throughout Wallach probes the legal bases of the government s actions and explores why concerns about the legitimacy of government actions were only sporadically grounded in concerns about legality and sometimes ran directly against them The public s sense that government officials operated through ad hoc responses that favored powerful interests has helped bring the legitimacy of American governmental institutions to historic lows Wallach s book recommends constructive and sensible reforms policymakers should take to ensure accountability and legitimacy before the government faces another crisis *At the Brink* John R. Lott Jr.,2013-02-19 An assessment of what President Obama has done and intends to do in his final four years reveals why debt will continue to grow why health care costs will rise and how gun control policies will cause increased crime rates **The Sage International Encyclopedia of Politics and Gender** Lia K. Roberts,2025-09-02 This four

volume encyclopedia set is organized to allow the reader to explore gender and politics from an updated interdisciplinary intersectional and global perspective The organization format will be an A Z approach of approximately 500 600 entries with entries ranging in word count from 1 500 3 000 words with some entries on foundational topics at around 5 000 Coverage will examine both the role gender plays within the realm of politics political participation leadership etc as well as policies that are based in gender abortion and reproductive policies transgender rights etc Foundational topics will include entries such as International Security and Gender which will introduce gender and war human trafficking gender and militarism and women and terrorism and International Relations and Gender which will introduce topics such as gender mainstreaming the Convention on the Elimination of All Forms of Discrimination Against Women CEDAW and eco feminism A Comparative Politics foundational entry will focus on research areas surrounding political representation and participation legislative processes and law such as gender quotas gender gap in political participation and leadership intersectionality and barriers in representation and leadership Ni Unos Menos Not One Less Movement recent significant activist movements and transgender specific law Concepts connected to feminist and queer theory as applied in regional studies will also be covered For example marianismo or the connection between Catholicism and gender roles in Latin American and Latinx communities Asian American and Pacific Islander AAPI voters and political mobilization and LGBTQIA leaders and social movements will be included This encyclopedia will be essential for any undergraduate or graduate course on gender studies in gender studies programs as well as sociology political science history or other related programs disciplines gender and politics international relations and gender or area specific courses such as Gender and Latin American Politics or Gender and African Studies

United States Statutes at Large United States,2014 Congressional Record United States. Congress,2009 **Live Free Or Die** Sean Hannity,2020-08-04 1 NEW YORK TIMES BESTSELLER America s top rated cable news host offers his first book in over ten years a look at America s fight against those who would reverse our tradition of freedom America is great for a reason Built on principles of freedom rugged individualism and self sufficiency no country has ever accumulated more power and wealth abused it less or used that power more to advance the human condition And yet as America blossomed leftwing radicalism and resentment festered beneath the surface threatening to undermine democracy in the form of social justice warriors the deep state and compromised institutions like academia and the mainstream media With the Democratic victory in 2020 we are now at risk for a big step toward full blown socialism along with the economic dysfunction and social strife that are its hallmarks With radical Democrats demanding the Green New Deal socialized medicine abortion on demand open borders abolishing the Electoral College packing the Supreme Court and an end to free speech our great nation will be fundamentally transformed beyond recognition Ronald Reagan once said Freedom is but one generation away from extinction and his words have never rung truer In Live Free or Die Sean demonstrates why now is an All Hands on Deck moment to save the Republic Elle ,2008

The Enigmatic Realm of **At The Brink Will Obama Push Us Over The Edge**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **At The Brink Will Obama Push Us Over The Edge** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
