The Spycraft Merchant -Volume Five Arthur C. Morgan, 2024-01-09 This is the final volume of the saga and an end to a 28 year career The author becomes the target from a small group of zealous fanatical prosecutorial federal

agents and prosecutor which was due to a lack of judgment by the author when he misrepresented the origin of where where his body armor and helmets were manufactured on a federal form but the real motivation was the ideological mindset that they couldn't tolerate an ex-offender functioning as a security professional. A false narrative and character assassination was generated which motivated the author to write his autobiography in an effort to ensure that his story was told.
