Business Studies September 2014 Memo Kzn:

The Infrastructures of Security Martin Murray, 2022-08-15 The shift from dependence upon human decision making in security services to Artificial Intelligence

Transforming Water Management in South Africa Barbara Schreiner, Rashid M. Hassan, 2011-12-10 One of the early set of reforms that South Africa embarked on after emerging from apartheid was in the water sector following a remarkable consultative process The policy and legal reforms were comprehensive and covered almost all aspects of water management including revolutionary changes in defining and allocating rights to water radical reforms in water management and supply institutions the introduction of the protection of environmental flows and major shifts in charging for water use and in the provision of free basic water Over ten years of implementation of these policy and legislative changes mean that valuable lessons have already been learned and useful experiences gained in the challenge of effective water resources management and water services provision in a middle income country

The BRICS Studies Xu Xiujun, 2020-05-14 Given their immense potential for development and representation of a new international political and economic order the BRICS countries have become a strong nascent force on the global stage However as overall economic growth continues to slow down and the geopolitical situation becomes more complex the BRICS countries are facing a series of new challenges that require further development in the way they cooperate with one another This volume offers a panoramic view of cooperation between the BRICS countries in the light of these new challenges The editors reveal that policy coordination has been strengthened bringing into play complementary advantages as viable ways for promoting robust sustainable and balanced growth in the world economy They argue that the experience gained and lessons learned in the development of and cooperation between the BRICS countries has offered a positive role model for cooperation between other countries as well as providing valuable lessons for research in international politics Students and scholars in international relations and politics will benefit from this volume

Contemporary Development Ethics from an African Perspective Beatrice Okyere-Manu, Stephen Nkansah Morgan, Ovet Nwosimiri, 2023-07-29 This book offers fresh academic insights reflections questions issues and approaches to development ethics taking into account African values and ethics Development ethics is an area of applied ethics that examines the moral issues involved in global social and economic transformation While it is a relatively new discipline there have been numerous scholarly publications on it from Western perspectives However only a few studies that focused on development ethics from the African perspective To address this gap the book seeks to answer critical questions such as What does development mean to Africans How can we measure development Who gets to decide and What constitutes just development in Africa With contributions from African scholars from diverse backgrounds the book covers various development themes such as Theories and approaches to development ethics in Africa Environmental Ethics and African Development Ethics Politics and African Development Migration and African development Gender Ethics and Socio economic Development in Africa Education Ethics and African development It

is an essential resource for researchers lecturers and students interested in political philosophy and African culture studies

The Agonistic City? Li Pernegger,2020-11-26 This book combines an innovative approach to the investigation of state society relations with a rich account of Johannesburg s contested governance Its depth and insight will be valued by scholars of Urban Studies Politics and Planning Glyn Williams University of Sheffield Writing with both intellectual and practical conviction Li Pernegger s insights into the deeply political and at times violent struggles over services in post apartheid Johannesburg is sensitive and nuanced not least because of her command of how government works at the city scale Susan Parnell University of Bristol Annual Report India. Ministry of External Affairs,2011 **Development Planning in South Africa** John Reynolds,2018-06-15 Celebrated as a beacon of democracy and reconciliation many people in South Africa continue to live in severe poverty particularly in the Eastern Cape Province Backed by the United Nations Development Programme the Eastern Cape s provincial government consequently launched an historically ambitious programme the Provincial Growth and Development Plan aimed at tackling the province s poverty unemployment and inequality over a ten year period in a radical policy overhaul Drawing on the author s first hand engagement with the planning process Development Planning in South Africa is an empirically rich study that utilises a strategic relational approach to explore the ways in which this unprecedented challenge was negotiated and eventually undermined by the South African state The first work of its kind the book provides an indispensable micro level study with profound implications for how state power is understood to be organised and expressed in state policy Relevant beyond South Africa to policy implementation in both developing and developed states globally the book is essential reading for students and scholars of government studies political economy development policy studies and social movements **Tax Justice and Global Inequality** Krishen Mehta,Esther Shubert,Erika Dayle Siu,2020-10-29 In the wake of the Panama Papers scandal and similar leaks tax havens are now firmly in the spotlight Today roughly half of all global trade still passes through tax haven jurisdictions costing millions in lost revenue to countries around the world Such practices affect all of us but are most keenly felt by poorer people in developing countries where unfair tax practices have become a major obstacle to development and which have allowed multinational corporations to continue to exploit developing economies This collection argues that for developing countries to achieve social justice and lasting prosperity they must take control of their own tax destinies and that this will also be crucial to achieving the Sustainable Development Goals Covering such topics as natural resource management representation in global tax institutions and effective strategies for building and protecting tax bases the collection brings together expertise from a variety of countries and disciplines It explores the options available to developing countries and provides a basis for concerted action by tax authorities policy makers academics and civil society experts to design tax systems that can sustain a just society **Business Studies** Cashius Julius Moshopya,2020
