Honey And Ashes

Janice Kulyk Keefer

Honey And Ashes:

Honey And Ashes Janice Kulyk Keefer, 2014-07-22 From the acclaimed author of *The Green Library* a haunting memoir of family and home both lost and found of longing and belonging Janice Kulyk Keefer was born in Canada a country that for her immigrant family meant a land as free as the future itself But she was also born into the history of her family's homeland receiving both the gift and the burden of a past that often seems an equal spill of beauty and blood Now she has set out to build a bridge of words between contemporary Canada and the ancient village of Staromischyna once part of Poland now in Ukraine *Honey and Ashes* is novel like in its sweep of personal and public history and its ability to draw us into the complex mysteries of family It moves from an extraordinary wealth of stories about life in Staromischyna and Depression era Toronto to an absorbing account of how the complex troubled histories of Poland and Ukraine shadowed these stories and it ends with a difficult journey back to the actual place where the stories began It is a breathtaking book that will touch all those who feel compelled to search the landscape of memory for a glimpse of their true selves I stand over a river looking over the water to a distant shore When I was a child I crossed this river as though water were as natural an element to me as the air I breathed the earth under my feet But now I know the strength of the river's current Were I to step into these waters they would tug me upstream or down anywhere but across anywhere but where I long to be from *Honey and Ashes*

The entire book is a study of a myth system based on one fundamental opposition and found among the myths of South American Indians In *The Raw and the Cooked* the first volume of the series Levi Strauss finds a complex system associated with uncooked as against cooked items The qualities of being raw and cooked correspond to abstract ideas of nature and culture since only the man with the technology and social standards of culture will cook In *From Honey to Ashes* Levi Strauss spreads beyond the raw cooked opposition into a related though broader opposition This is the opposition between honey and tobacco two substances of great significance in the lives of the Indians as well as in their myths Although this volume is part 2 of the entire book is so designed that it may be approached without reference to the previous book Amazon **The Arms of Achilles and Homeric Compositional Technique** Richard Stoll Shannon,1975-01-01 In the summer of 1812 Britain stood alone fighting for her very survival against a vast European Empire Only the Royal Navy stood between Napoleon s legions and ultimate victory In that dark hour America saw its chance to challenge British dominance her troops invaded Canada and American frigates attacked British merchant shipping the lifeblood of British defence War polarised America The south and west wanted land the north wanted peace and trade But America had to choose between the oceans and the continent Within weeks the land invasion had stalled but American warships and privateers did rather better and astonished the world by besting the Royal Navy in a series of battles Then in three titanic single ship actions the challenge was decisively met British frigates closed with the Chesapeake the Essex and the President flagship of American naval ambition Both sides found new heroes but none could equal Captain Philip Broke champion of history s greatest frigate battle when HMS Shannon captured the USS Chesapeake in thirteen blood soaked minutes Broke s victory secured British control of the Atlantic and within a year Washington D C had been taken and burnt by British troops Andrew Lambert Laughton Professor of Naval History in the Department of War Studies at King s College London brings all his mastery of the subject and narrative brilliance to throw new light on a war which until now has been much mythologised little understood The New England Farmer ,1856 *New England Farmer* ,1854 **The Historie of the World:** Pliny (the Elder),1634
