Coach the Kid, Build the Boy, Mold the Man Carolyn J. Ellison, 2007-07-03 When football coach Tiger Ellison was faced with his first losing season ever he had to muster all the creative will he had acquired since childhood to turn the season around In doing so he invented the most wide open productive fan pleasing scheme of aerial football the game had ever seen He shared his philosophy with the coaching world in 1965 by writing a book called Run and Shoot Football Offense of the Future His dramatic offense changed the way football has been played ever since all the way from the Little Leagues to the NFL But this story transcends football taking place during the social turbulence of the 20th Century As educator and coach Tiger dedicated his life to tapping into the fighting spirit of each of his youngsters regardless of race creed or social status He challenged each to build the character confidence and courage to pursue a noble cause in the classroom on the gridiron of American football and in life It is a poignant reminder of the power each of us has within us to become a real winner Tiger Ellison had a passion for life country and sport that were absolutely contagious for those around him When you read his story you may laugh a little you may learn some things about football strategy but I am certain you will love Tiger as we players did and see why his positive philosophy of life influenced all of us in a very special way Dr Rex Kern President MSB Financial United Midwest Savings Bank 1968 Buckeye National Championship Quarterback and 1969 Rose Bowl MVP Member of The Rose Bowl Hall of Fame This is one football story that is not about power and money rather a powerful and creative mind that left its imprint forever on players coaches and modern offensive football At a time when football has become big business Tigers philosophy will remind us all why we love the game what we can learn from it and who we can become by it Earle Bruce Former Head Football Coach The Ohio State University A real masterpiece Every teacher coach and mothers son should have and use this material Rocko Joslin Retired Director of Operations Armco Inc Ashland Kentucky Former Captain Ohio State Buckeyes 1953 Visit www.tigerellison.com

Soccer vs. the State Gabriel Kuhn, 2019-02-01 Soccer has turned into a multi billion dollar industry Professionalism and commercialization dominate its global image Yet the game retains a rebellious side maybe more so than any other sport co opted by moneymakers and corrupt politicians From its roots in working class England to political protests by players and fans and a current radical soccer underground the notion of football as the people s game has been kept alive by numerous individuals teams and communities This book not only traces this history but also reflects on common criticisms that soccer ferments nationalism serves right wing powers and fosters competitiveness exploring alternative perspectives and practical examples of egalitarian DIY soccer Soccer vs the State serves both as an orientation for the politically conscious football supporter and as an inspiration for those who try to pursue the love of the game away from televisions and big stadiums bringing it to back alleys and muddy pastures This second edition has been expanded to cover events of recent years including the involvement of soccer fans in the Middle Eastern uprisings of 2011 2013 the FIFA scandal of 2015 and the 2017 strike by the Danish women s team

How I Went

from a Mobile Home to Where Moguls Roam Anthony Von Mickle,2023-08-28 Anthony Von Mickle has been the absolute envy of many of his friends and colleagues for years as he travels to exotic locations lives in fabulous communities and enjoys the good life while they perpetually tell him I m trying to live vicariously through you These are by and large very capable degreed professionals with good jobs yet they still seem to fall short of where they ultimately want to be in life On the surface they easily point to a lack of money but Von argues that while limited financial resources may be only part of the problem the bigger problem is limited insight and motivation coupled with a lack of belief that something out of this world can actually happen for them From the mobile home to where moguls is filled with examples of how the average ordinary person with no special training or fancy job title yet who has huge dreams can get going and make tremendous progress towards some right outlandish desires Regardless of whether you grew up in a mobile home or you ve had the good fortune to be raised with all your basic needs and wants this book will make you reconsider how some things that seem far away may be a lot closer than you might otherwise think *Athletic Journal* ,1985

played not watched Within a brief ten years it had become a great public spectacle with an immense following a phenomenon caused primarily by the voluminous commentary about the game conducted in popular newspapers and magazines Oriard shows how this constant narrative in football's early years developed many different stories about what the game meant football as pastime as the sport of gentlemen as a science as a game of rules and their infringements He shows how football became a series of cultural stories about power luck strategy and deception These different interpretations have been magnified by football's current omnipresence on television According to Oriard televised football now plays a cultural role of enormous importance for men yet within the field of cultural studies the influence of football has been ignored until now From the book A receiver sprints down the sideline fast and graceful then breaks toward the middle of the field where a safety waits for him From forty yards upfield the quarterback releases the ball it spirals in an elegant arc toward the goalposts as the receiver now for the first time looks back to pick up its flight The pass is a little high the receiver leaps stretches grasps the ball barely fingers clutching at the very moment that the safety drives a helmet into his unprotected ribs The force of the collision flings the receiver backward slamming him to the turf This familiar tableau this exemplary moment in a football game epitomizes the appeal of the sport the dramatic confrontation of artistry with violence both equally necessary
