Aid Dependence In Cambodia How Foreign Assistance Undermines Democracy:

Aid Dependence in Cambodia Sophal Ear, 2013 Dr Ear argues that the international community has chosen to prioritize political stability above all other governance dimensions and in so doing has traded a modicum of democracy for an ounce of security Focusing on post 1993 Cambodia Ear explores the unintended consequences in post conflict environments of foreign aid He chooses Cambodia both for personal reasons which infuses an academic analysis with a compelling sense of urgency and because it is one of the most aid drenched countries in modern history He tries to explain the relationship between Cambodia's aid dependence and its appallingly poor governance He concludes that despite decades of aid technical cooperation four national elections no open warfare and some progress in some parts of the economy Cambodia is one broken government away from disaster Publisher's description

International Intervention and Local Politics Shahar Hameiri, Caroline Hughes, Fabio Scarpello, 2017-08-24 This book advances an innovative approach to explain international interventions uneven outcomes in given contexts and harnesses this approach to examine three prominent case studies Aceh Cambodia and Solomon Islands It is the first book comprehensively to discuss the rapidly growing literature on how interventions interface with target states and societies

Home and International Law Henrietta Zeffert, 2024-03-26 This book is about home and international law More specifically it is about the profound and frequently devastating transformations of home that are happening almost everywhere in the world today and what international law has to do with them Through three stories of home the desert home the lake home and the city home this book traces how the everyday operations of international law shape the material affective and imaginative experience of home It argues that international law's homemaking work is characterised by acts of domination practices of resistance and the production of unhomely spaces However the book also considers whether and how the liberatory potential of international law could be unlocked through the metaphor of home This book draws from fieldwork conducted by the author in Palestine Cambodia and the United Kingdom It takes a global socio legal approach to home and international law informed by feminist political theory feminist geography home studies and contemporary critical approaches to international law It is the first academic work to examine the relationship between home and international law This book's global socio legal approach to home and international law will be of interest to those teaching and studying in international law socio legal studies legal pluralism and legal geography

Routledge Handbook of Corruption in Asia Ting Gong, Ian Scott, 2016-11-25 Corruption in Asia ranges from the venal rent seeking of local officials to the million dollar bribes received by corrupt politicians from excessive position related consumption to future job offers in the private sector for compliant public servants from money laundering to white elephant projects that do little more than line the pockets of developers and their political partners The Routledge Handbook of Corruption in Asia addresses the theories issues and trends in corruption and anticorruption reform that have emerged from this diverse experience The book is divided into four major parts corruption and the state corruption and economic

development corruption and society and controlling corruption strategies successes and failures Chapters compare and contrast corruption in different social and institutional contexts examine both successful and unsuccessful attempts to control it and consider what lessons can be drawn from these Asian experiences This academically rigorous and insightful book will be of interest to a wide range of students and scholars particularly those of Asian studies politics and sociology

Practices of Reparations in International Criminal Justice Christoph Sperfeldt, 2022-07-07 Combining interdisciplinary techniques with original ethnographic fieldwork Christoph Sperfeldt examines the first attempts of international criminal courts to provide reparations to victims of mass atrocities The observations focus on two case studies the Extraordinary Chambers in the Courts of Cambodia where Sperfeldt spent over ten years working at and around and the International Criminal Court's interventions in the Democratic Republic of Congo Enriched with first hand observations and an awareness of contextual dynamics this book directs attention to the social life of reparations that too often get lost in formal accounts of law and its institutions Sperfeldt shows that reparations are constituted and contested through a range of practices that produce change and give meaning to reparations Appreciating the nature and effects of these practices provides us with a deeper understanding of the discrepancies that exist between the reparations ideal and how it functions imperfectly in different contexts

Everyday Economic Survival in Myanmar Ardeth Maung Thawngmung, 2019-01-22 Reforms in Myanmar formerly Burma have eased restrictions on citizens political activities Yet for most Burmese Ardeth Maung Thawngmung shows eking out a living from day to day leaves little time for civic engagement Citizens have coped with extreme hardship through great resourcefulness But by making bad situations more tolerable in the short term these coping strategies may hinder the emergence of the democratic values needed to sustain the country's transition to a more open political environment Thawngmung conducted in depth interviews and surveys of 372 individuals from all walks of life and across geographical locations in Myanmar between 2008 and 2015 To frame her analysis she provides context from countries with comparable political and economic situations Her findings will be welcomed by political scientists and policy analysts as well by journalists and humanitarian activists looking for substantive reliable information about everyday life in a country that remains largely in the shadows

Emerging Faith Paul H. De Neui, 2020-01-05 Mistakes are inevitable but repeating them isn't In non Western contexts Christianity has often been viewed as the religion of foreigners with a hidden political agenda Sharing the gospel in non imperialistic ways can be challenging particularly in Asia Every location to which God calls his messengers has its own rich history that should be shared with gospel workers and local people Those desiring to serve interculturally must learn as much as possible about the past before joining that history Are we learning from the past or are we simply repeating the same mistakes in our own times and places No culture in the world is a blank slate rather we can look for the initiating inviting work of the missio Dei already emerging from within every surprising source This book showcases the writings of sixteen reflective practitioners who offer insights based on their study and experience of history

These women and men come from a wide variety of cultural and theological backgrounds Their stories include An American who brought Protestant Buddhism to Sri Lanka A Norwegian Lutheran who started a Christian monastic community in Hong Kong A local scholar who led a faith movement in China that nearly overthrew the government A Thai villager who became an evangelist and a silent film star Highlighting key people and places Emerging Faith surveys several Christian movements found in the mission history of Asia If you wish to challenge your thinking and respond to God s invitation to participate in the global context look here for encouragement and guidance

Troubling the Water Abby Seiff,2022-03 In this intimate account of one of the world s most productive inland fisheries Troubling the Water explores how the rapid destruction of a single lake in Cambodia is upending the lives of millions The abundance of Cambodia s Tonle Sap Lake helped grow the country for millenia and gave rise to the Kingdom of Angkor Fed by the rich mud colored waters of the powerful Mekong River the lake owes its vast bounty to an ecological miracle that has captivated poets artisans and explorers throughout history But today the lake is dying Hydropower dams hold back billions of gallons of water and disrupt critical fish migration paths On the lake illegal fishing abetted by corruption is now unstoppable A fast changing climate meanwhile has seen a string of devastating droughts Troubling the Water follows ordinary Cambodians coping with the rapid erasure of a long held way of life Drawing on years of reporting in Cambodia Abby Seiff traces the changes on the Tonle Sap weaving together vivid stories of those most affected with sharp insight into one of the most threatened lakes in the world For the millions who depend on it the stakes couldn t be higher

Wealth Creation Approach to Reducing Global Poverty Scott Hipsher,2020-05-19 This book takes a unique approach to the topic of poverty reduction primarily employing an international business framework as opposed to the usual economic or political lens Some of the key

ideas explored in the book include poverty is primarily the lack of choices not the lack of material possessions attacking inequality of opportunity might be a more effective means to reduce poverty than attacking inequality of wealth political systems matter but individuals and for profit firms also have a vital and indispensable role in helping to create the wealth needed to reduce poverty and an effective corporate social responsibility strategy to help reduce poverty may include finding innovative and creative ways to operate profitably in areas of the world where poverty is currently robbing too many people of the opportunity to live their version of the good life Building on such ideas the book advocates for private companies to expand operations into the least developed regions of the world as part of their corporate social responsibility programs and to reframe the debates away from ones focused on exploitation and economic nationalism to one of creating opportunities across political borders

Hun Sen's Cambodia Sebastian Strangio, 2014-11-28 To many in the West the name Cambodia still conjures up indelible images of destruction and death the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s Sebastian Strangio a journalist based in the capital city of Phnom Penh now offers an eye opening appraisal of modern day Cambodia in the years following its emergence from bitter conflict and bloody upheaval In the early 1990s Cambodia became the focus of the UN's first great post Cold War nation building project with billions in international aid rolling in to support the fledgling democracy But since the UN supervised elections in 1993 the nation has slipped steadily backward into neo authoritarian rule under Prime Minister Hun Sen Behind a mirage of democracy ordinary people have few rights and corruption infuses virtually every facet of everyday life In this lively and compelling study the first of its kind Strangio explores the present state of Cambodian society under Hun Sen's leadership painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past

Containing Contagion Sara E. Davies, 2019-03-19 Do states have a duty to prevent infectious disease outbreaks from spreading beyond their borders The fields of global health and international relations are increasingly concerned with the responsibilities of nations to respond to disease outbreaks in a way that safeguards their neighbors as well as the broader international community In *Containing Contagion* Sara E Davies focuses on one of the world's most pivotal and riskiest regions in the field of global health Southeast Asia which in recent years has responded to a wave of emerging and endemic infectious disease outbreaks ranging from Nipah SARS and avian flu to dengue and Japanese encephalitis Between 2005 and 2010 Davies explains Southeast Asian states despite having vastly different health system capacities and political systems repeatedly committed to pursue a collective approach to the

communication of outbreaks Davies draws on newly gathered data and extensive field interviews to explore how these states implemented the revised International Health Regulations IHR through the deliberate alignment of political interests and regional cooperation Examining why these Southeast Asian states adopted a collective approach Davies also describes the complications that ensued and traces the consequences of this approach The first book to explore what problems exist in the relationship between international relations and health Containing Contagion frames contrasting views of global health agency within the current crises that are facing global health Providing an immediate contemporary example of a region networking its response to disease outbreak events this insightful book will appeal to global health governance scholars students and practitioners

China and Its Small Neighbors Sung Chull Kim,2023-03-01 In China and Its Small Neighbors Sung Chull Kim examines the political implications of the economic asymmetry between China and its small neighbors part of wider changes in international relations brought about by the rise of China While being critical of the current trend that focuses on the China U S rivalry alone Kim argues that a microanalysis of China s advances toward its neighbors is a guide to understanding the trajectory of China s expanding influence and transitions in world politics more broadly Economic asymmetry as seen in trade concentration non transparency and reliance on bilateral aid has made China s small neighbors vulnerable on the political front thus generating potential threats to their sovereignty and independence Because China has the upper hand in the bilateral relationships these weak states practice dual core hedging as a strategy for survival They hedge on China for expected economic benefits and at the same time hedge against their powerful neighbor to mitigate the risks involved in that hedging on Each small state s mode of hedging depends on its degree of vulnerability and its availability of policy instruments such as multilateral institutions and bilateral partnerships with extra regional powers

Humanitarianism and Challenges of Cooperation Volker Heins,Kai Koddenbrock,Christine Unrau,2016-02-05 Humanitarianism as a moral concept and an organized practice has become a major factor in world society It channels an enormous amount of resources and serves as an argument for different kinds of interference into the internal affairs of countries and regions At the same time and for these very reasons it is an ideal testing ground for successful and unsuccessful cooperation across borders Humanitarianism and the Challenges of Cooperation examines the multiple humanitarianisms of today as a testing ground for new ways of global cooperation General trends in the contemporary transformation of humanitarianism are studied and individual cases of how humanitarian actors cooperate with others on the ground are investigated This book offers a highly innovative empirically informed account of global humanitarianism from the point of view of cooperation research in which internationally renowned contributors analyse broad trends and present case studies based on meticulous fieldwork This book will be of great interest to students and researchers in the areas of political science international relations and humanitarianism It is also a valuable resource for humanitarian aid workers

Peacebuilding and Friction Annika Björkdahl,Kristine Höglund,Gearoid Millar,Jair van der Lijn,Willemijn

Verkoren,2016-03-02 This book aims to understand the processes and outcomes that arise from frictional encounters in peacebuilding when global and local forces meet Building a sustainable peace after violent conflict is a process that entails competing ideas political contestation and transformation of power relations This volume develops the concept of friction to better analyse the interplay between global ideas actors and practices and their local counterparts The chapters examine efforts undertaken to promote sustainable peace in a variety of locations such as Cambodia Sri Lanka Afghanistan and Sierra Leone These case analyses provide a nuanced understanding not simply of local processes or of the hybrid or mixed agencies ideas and processes that are generated but of the complex interactions that unfold between all of these elements in the context of peacebuilding intervention The analyses demonstrate how the ambivalent relationship between global and local actors leads to unintended and sometimes counterproductive results of peacebuilding interventions The approach of this book with its focus on friction as a conceptual tool advances the peacebuilding research agenda and adds to two ongoing debates in the peacebuilding field the debate on hybridity and the debate on local agency and local ownership In analysing frictional encounters this volume prepares the ground for a better understanding of the mixed impact peace initiatives have on post conflict societies This book will be of much interest to students of peacebuilding conflict resolution security studies and international relations in general *Fragile Aid* Rachel M. Gisselquist,Patricia Justino,Andrea Vaccaro,2025-04-24 This is an open access title available under the terms of a CC BY NC SA 3 0 IGO licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations International development cooperation plays a key role in promoting social economic and political progress and wellbeing in developing countries Yet it has long been clear that the effectiveness of aid is most challenging in countries with weak institutions It is estimated that by 2030 around a fifth of the world s poorest people will live in fragile and conflict affected countries Despite increased attention much more needs to be done to maximize the effectiveness of aid in these highly complex situations This book offers fresh in depth understandings of the effectiveness of development cooperation in fragile contexts and where challenges regarding the effectiveness of development cooperation are most pronounced The empirical chapters combine quantitative macro analysis of cross country data with detailed country case studies to take stock of past research on the topic investigate the impact of foreign aid in fragile state contexts and explore whether and how aid delivered in accordance with the principles of effective development cooperation works in these settings Cross national studies provide a broader picture of the topic while country case studies allow us to identify specific ways in which development cooperation operates More reflective chapters discuss the feasibility of the effectiveness agenda and provide important insights on how the effectiveness principles could be improved and better put into practice The collection offers important original contributions to a large body of policy relevant scholarship on the aid development nexus as well as to rapidly evolving research and policy debates on building strong and inclusive state institutions **The Delusion of Knowledge Transfer** Koch,

Susanne, Weingart, Peter, 2016-12-13 With the rise of the knowledge for development paradigm expert advice has become a prime instrument of foreign aid At the same time it has been object of repeated criticism the chronic failure of technical assistance a notion under which advice is commonly subsumed has been documented in a host of studies Nonetheless international organisations continue to send advisors promising to increase the effectiveness of expert support if their technocratic recommendations are taken up This book reveals fundamental problems of expert advice in the context of aid that concern issues of power and legitimacy rather than merely flaws of implementation Based on empirical evidence from South Africa and Tanzania the authors show that aid related advisory processes are inevitably obstructed by colliding interests political pressures and hierarchical relations that impede knowledge transfer and mutual learning As a result recipient governments find themselves caught in a perpetual cycle of dependency continuously advised by experts who convey the shifting paradigms and agendas of their respective donor governments For young democracies the persistent presence of external actors is hazardous ultimately it poses a threat to the legitimacy of their governments if their policy making becomes more responsive to foreign demands than to the preferences and needs of their citizens
