You'll also find expert guidance on new vaccines, screening techniques, treatment guidelines, and best practices in the field. Get expert advice on the tests available to reach a definitive diagnosis and review therapeutic options, treatment guidelines, prevention strategies, and management of complications. Access appendices on the selection and evaluation of diagnostic tests, quality control, and test technologies. Effectively diagnose all types of STDs and HIV/AIDS with approximately 1,100 images, most in full color and more than 30% new to this edition, that depict the epidemiology as well as the clinical manifestations of these diseases. Effectively utilize new vaccines for HPV and Hepatitis B, new screening tests for Chlamydia, new drugs under development, new treatment guidelines, and best practices in HIV screening and much more.

Introduction to Medical-Surgical Nursing - E-Book Adrienne Dill Linton, 2014-04-14. With just the right level of information to equip you to effectively care for adults and older adults, Linton's Introduction to Medical Surgical Nursing 5th Edition is the leading LPN/LVN text in its field. Covering both med/surg and psychiatric/mental health conditions and disorders, it addresses your role in a variety of care settings, emphasizes culturally competent care, and holistic nursing, and thoroughly covers all relevant NCLEX-PN Test Plan content. Abundant real-life case studies clearly show how to apply what you've learned to clinical practice. Features separate chapters on common high-profile disorders including hypertension, diabetes, and shock, providing an in-depth understanding for patient care. Offers foundational units on basic concepts related to the health care system, care settings, the nursing process, leadership, nutrition, the older adult, growth and nutrition, legal/ethical considerations, evidence-based nursing care, and many more essential topics, avoiding repetition later in the text. Includes a separate comprehensive unit on the older adult and related disorders. No other LPN/LVN med/surg text has as much coverage of this primary patient group. Includes a separate comprehensive unit on psychosocial responses to illness, psychiatric disorders, and substance abuse, eliminating the need for a separate psychiatric/mental health nursing text.

Emphasizes content related to the NCLEX PN Test Plan including health promotion nutrition legal ethical issues HIPAA and prevention of medication medical errors Offers in depth pharmacology coverage the Pharmacology Tutorial covers drug classifications how drugs work and nursing responsibilities Pharmacology Capsules boxes provide medication information precautions for use interactions and side adverse effects and Pharmacology and Medications tables in body systems chapters include classification use action side adverse effects and nursing interventions all with the goal of reducing medication errors on the job and equipping you to pass the NCLEX exam Assists with assignment and supervision helping you assign tasks to nurse assistants patient care techs and unlicensed assistive personnel and making sure you understand the difference between delegation management supervision and assignment of tasks on the health care team Features Diagnostic Tests and Procedures tables for a quick reference to MRI CT Doppler flow lumbar puncture tests for neurologic disorders and much more Highlights timely information with Health Promotion boxes Cultural Considerations boxes Nutrition Considerations boxes and Complementary and Alternative Therapies boxes Provides bulleted lists of nursing instructions for Patient Teaching Plans stressing the role and responsibility of the LPN LVN to reinforce patient education Provides consistent Nursing Care Plans that reinforce the nursing process and focus on critical thinking and Put on Your Thinking Cap Critical Thinking boxes encourage you to pause and consider the practical implications of what you have just read Mandell, Douglas, and Bennett's Principles and Practice of Infectious Diseases E-Book John E.
