which inevitably is drawing to a close The events that probably have most influenced my life have been the early death of my  
mother my involvement in the Vietnam War the births of my two children and my divorce Mums death when I was eleven left  
a vacuum in the area of motherly love and marred my ability for many years to experience true love Love is an inspiring  
quality but an unbearably painful one when it is taken from you Vietnam Its impact on me didnt begin to fully materialise  
until about twenty years later and then I didnt recognise or didnt want to recognise what was going on Guilt regret injustice  
confusion worthlessness all descended on me My marriage failed my daughter rejected me and I seriously contemplated  
suicide I still have problems with it and they are fuelled by the oft repeated images of our overseas based soldiers returning  
home in coffins Im learning to handle it but progress is slow My two children are both magnificent but geography inhibits  
contact with them my son lives in Belgium and my daughter in Brisbane But relationships with both are good and Ive  
established a better relationship with my ex wife Heather Our divorce was I believe largely influenced by the effects of my  
Vietnam experience For a critical period my ability to relate reasonably to others was degraded and my problem solving  
capacity was almost non existent Something had to give I lashed out and everyone suffered What a ride      **Scientific and**
