

Film handout: Potter's Field

1. What makes the collection from the Santa Clara Valley Medical Center special?

It covers a period in the United States history as a period that has changed the view of how we saw and understand diseases and how they affected the populations

2. What time period does the collection span? Why is this important for understanding diseases?

Approximately 1871-1935 and that was the in-use time span. It is important because we get a look as to what it was like before the time of antibiotics and how lucky we are to now have antibiotics. It changes the terms of how we treat disease.

3. What is a pauper's cemetery? What individuals were buried there?

A pauper cemetery is a cemetery that is set aside for individuals unable to afford burial funds and/or a private cemetery. They are individuals that do not have family support or those whose economic status does not allow them to have funds for the burial fees. They were primarily minorities.

4. What can biological anthropologists tell about the identities of the individuals interred in the VMC cemetery (ie ancestry and sex)? What was going on historically at the time that led to these people to be interred in the cemetery?

The origins consist of all over they have a lot of Hispanic origins, Asian origins, European Origins. Represented primarily minorities, 1st or 2nd generation immigrants. The Chinese Exclusion Act of 1882.

5. When was the cemetery discovered? What were the circumstances of the discovery?

February of 2012. The Santa Clara medical center wanted to expand and add a new wing of the hospital. As they were doing the excavations is when they discovered the cemetery. Discovered by accident.
