from his hometown of Massillon Ohio to the steps of the nation's Capitol Though a financial panic and the resulting widespread business failures caused millions of Americans to be without work at the time the word unemployment was rarely used and generally misunderstood In an era that worshipped the self-reliant individual who triumphed in a laissez faire market the out of work tramp was disparaged as weak or flawed and undeserving of assistance Private charities were unable to meet the needs of the jobless and only a few communities experimented with public works programs Despite these limitations Coxey conceived a plan to put millions back to work building a nationwide system of roads and drew attention to his idea with the march to Washington In Coxey's Crusade for Jobs Jerry Prout recounts Coxey's story and adds depth and context by focusing on the reporters who were embedded in the march Their fascinating depictions of life on the road occupied the headlines and front pages of America's newspapers for more than a month turning the spectacle into a serialized drama These accounts humanized the idea of unemployment and helped Americans realize that in a new industrial economy unemployment was not going away and the unemployed deserved attention This unique study will appeal to scholars and students interested in the Gilded Age and US and labor history **An American Odyssey** Mary Schmidt
