365 Ways To Drive A Liberal Crazy James Delingpole:

365 Ways to Drive a Liberal Crazy James Delingpole, 2011-01-04 Start every day off RIGHT Try one of our 365 ways to drive a liberal even more crazy Whether you quote from the Constitution what that old relic or point out the facts about global warming as in the planet has been steadily cooling for the past decade this is one sure fire way to get under a lefty s thin skin

The Little Green Book of Eco-Fascism James Delingpole, 2013-11-18 Written in A to Z format and printed on guaranteed un recycled paper made from the pulp of a thousand rare hardwood trees using nothing but the purest cruel harvested baby squid ink The Little Green Book of Eco Fascism is your pocket guide to everything that s wrong funny and downright crazy about the green movement

The Information Diet Clay A. Johnson, 2015-07-13 The modern human animal spends upwards of 11 hours out of every 24 in a state of constant consumption Not eating but gorging on information ceaselessly spewed from the screens and speakers we hold dear Just as we have grown morbidly obese on sugar fat and flour so too have we become gluttons for texts instant messages emails RSS feeds downloads videos status updates and tweets We re all battling a storm of distractions buffeted with notifications and tempted by tasty tidbits of information And just as too much junk food can lead to obesity too much junk information can lead to cluelessness Publisher s blurb

A Murder of Crows Charles E. Crockett, 2012-07-18 BACK COVER Detailing the far right s attempts to alter the American political and economic landscape to satisfy its national ambitions A MURDER OF CROWS identifies over 100 people and organizations who would seek to turn back America to a time of little governmental participation lower tax rates for the wealthy and a closely held corporate and personal control of society s functions and finances It exposes the real desires and naked zeal of those who would place property rights over the rights and the needs of the average American citizen The text is well documented and provides a scathing indictment of those on the right who would wish to alter America s future to serve only a very prosperous few

Political Argument in a Polarized Age Scott F. Aikin, Robert B. Talisse, 2020-04-20 From obnoxious public figures to online trolling and accusations of fake news almost no one seems able to disagree without hostility But polite discord sounds farfetched when issues are so personal and fundamental that those on opposing sides appear to have no common ground How do you debate the enemy Philosophers Scott Aikin and Robert Talisse show that disagreeing civilly even with your sworn enemies is a crucial part of democracy Rejecting the popular view that civility requires a polite and concessive attitude they argue that our biggest challenge is not remaining calm in the face of an opponent but rather ensuring that our political arguments actually address those on the opposing side Too often politicians and pundits merely simulate political debate offering carefully structured caricatures of their opponents These simulations mimic political argument in a way designed to convince citizens that those with whom they disagree are not worth talking to Good democracy thrives off conflict but until we learn the difference between real and simulated arguments we will be doomed to speak at cross purposes Aikin and Talisse provide a crash course in political rhetoric for the concerned citizen showing

readers why understanding the structure of arguments is just as vital for a healthy democracy as debate over facts and values But there s a sting in the tail no sooner have we learned rhetorical techniques for better disagreement than these techniques themselves become weapons with which to ignore our enemies as accusations like false equivalence and ad hominem are used to silence criticism Civility requires us to be eternally vigilant to the ways we disagree The Spectator ,2011
