Foreword **Managing Teacher Appraisal and Performance** Carol Cardno, David Middlewood, 2002-11-01 The biggest single issue currently facing school managers is how they should appraise their staff and what the implications of the process are. Issues discussed include the role of appraisal in school leadership and the role of appraisal in developing teachers. The importance of this combined with the lack of published material on the subject makes this book an essential purchase for all headteachers, heads of department, INSET coordinators and postgraduate educational management students. **First Steps in Retail Management** Mark Wrice, 2004 This second edition continues to provide an invaluable introduction to retail management concepts for those progressing into management levels of retailing. The book is a practical text for use in conjunction with the relevant curricula and competency based training resources.
