

ALEXANDER TO ACTIUM

THE HISTORICAL EVOLUTION
OF THE HELLENISTIC AGE

PETER GREEN

Alexander To Actium The Hellenistic Age

Ory Amitay

Alexander To Actium The Hellenistic Age:

Alexander to Actium Peter Green,1990 A meticulous analysis of Hellenistic culture spanning three centuries from the death of Alexander the Great in 325 B C Green surveys every significant aspect of Hellenistic cultural development in this colorful complex period that will fascinate all readers 217 illustrations 30 maps **Alexander to Actium** Peter Green,1993

Alexander to Actium Peter Green,1990 An account of the Hellenistic age which covers the three centuries from the death of Alexander to Octavian s final defeat of Anthony and Cleopatra at Actium Alexander to Actium Peter M. Green,1993

The Hellenistic Age Peter Green,2008 Since 1917 The Modern Library prides itself as The modern Library of the world s Best Books Its paperback series feature treasured classics major translations of great works and rediscoveries of keen literary and historical merit Featuring introduc **History, Culture, and Religion of the Hellenistic Age** Helmut Koester,2012-10-25 While the first American edition of this book published more than a decade ago was a revised translation of the German book Einführung in das Neue Testament this second edition of the first volume of the Introduction to the New Testament is no longer dependent upon a previously published German work The author hopes that for the student of the New Testament it is a useful introduction into the many complex aspects of the political cultural and religious developments that characterized the world in which early Christianity arose and by which the New Testament and other early Christian writings were shaped **A History of the Hellenistic World** R. Malcolm Errington,2011-08-26 A History of the Hellenistic World provides an engaging look at the Macedonian monarchies in the period following the reign of Alexander the Great and examines their impact on the Greek world Offers a clearly organized narrative with particular emphasis on state and governmental structures Makes extensive use of inscriptions in translation to illustrate the continuing vitality of the Greek city states prior to the Roman conquest Emphasizes the specific Macedonian origins of all active participants in the creation of the Hellenistic world Highlights the relationships between Greek city states and Macedonian monarchies **Hellenistic History and Culture** Peter Green,2023-09-01 In a 1988 conference American and British scholars unexpectedly discovered that their ideas were converging in ways that formed a new picture of the variegated Hellenistic mosaic That picture emerges in these essays and eloquently displays the breadth of modern interest in the Hellenistic Age A distrust of all ideologies has altered old views of ancient political structures and feminism has also changed earlier assessments The current emphasis on multiculturalism has consciously deemphasized the Western Greco Roman tradition and Nubians Bactrians and other subject peoples of the time are receiving attention in their own right not just as recipients of Greco Roman culture History like Herakleitos river never stands still These essays share a collective sense of discovery and a sparking of new ideas they are a welcome beginning to the reexploration of a fascinatingly complex age In a 1988 conference American and British scholars unexpectedly discovered that their ideas were converging in ways that formed a new picture of the variegated Hellenistic mosaic That picture emerges in these essays and eloquently displays the breadth o

Agricultural and Pastoral Societies in Ancient and Classical History Michael Adas, 2001 Introduces readers to the cross cultural study of ancient and classical civilizations The book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas

From Alexander to Jesus Ory Amitay, 2010-10-28 Scholars have long recognized the relevance to Christianity of the many stories surrounding the life of Alexander the Great who claimed to be the son of Zeus But until now no comprehensive effort has been made to connect the mythic life and career of Alexander to the stories about Jesus and to the earliest theology of the nascent Christian churches Ory Amitay delves into a wide range of primary texts in Greek Latin and Hebrew to trace Alexander as a mythological figure from his relationship to his ancestor and rival Herakles to the idea of his divinity as the son of a god In compelling detail Amitay illuminates both Alexander's links to Herakles and to two important and enduring ideas that of divine sonship and that of reconciliation among peoples

Encyclopedia of Greece and the Hellenic Tradition Graham Speake, 2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world's merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence

Theory and History in International Relations Donald J. Puchala, 2013-01-11 Theory and History in International Relations is an eloquent plea to scholars of global politics to turn away from the manufacture of data and return to a systematic study of history as a basis for theory While the modest use of empiricism will always be important Puchala rejects the logical positivism of the so called scientific revolution in the field in favor of a more complex even intuitive vision of global politics He addresses the potential uses of history in studying some of the major debates of our time the Cold War as a struggle between empires the collision of civilizations cultural encounters and colonies in the ancient world and liberal approaches to the understanding of history and ethical contributions to the dialogue over theory

The Hellenistic World Frank William Walbank, 1981 The vast empire that Alexander the Great left at his death in 323 BC has few parallels For the next three hundred years the Greeks controlled a complex of monarchies and city states that stretched from the Adriatic Sea to India F W Walbank's lucid and authoritative history of that Hellenistic world examines political events describes the different social systems and mores of the people under Greek rule traces important

developments in literature and science and discusses the new religious movements *The Hellenistic Settlements in Europe, the Islands, and Asia Minor* Getzel M. Cohen, 1995 This is an important book which should become the standard reference work on Hellenistic colonies in Greece and Asia Minor Richard A Billows Columbia University Professor Cohen provides us with a comprehensive survey of over a half century of archaeological activity and an indispensable reference tool for those interested in Hellenistic political history and the urban history of antiquity The scholarship is superior in every respect Stanley Burstein California State University Los Angeles

Belonging and Isolation in the Hellenistic World Sheila L. Ager, Riemer A. Faber, 2013-01-01 The Hellenistic period was a time of unprecedented cultural exchange In the wake of Alexander's conquests Greeks and Macedonians began to encounter new peoples new ideas and new ways of life consequently this era is generally considered to have been one of unmatched cosmopolitanism For many individuals however the broadening of horizons brought with it an identity crisis and a sense of being adrift in a world that had undergone a radical structural change *Belonging and Isolation in the Hellenistic World* presents essays by leading international scholars who consider how the cosmopolitanism of the Hellenistic age also brought about tensions between individuals and communities and between the small local community and the mega community of oikoumene or the inhabited earth With a range of social artistic economic political and literary perspectives the contributors provide a lively exploration of the tensions and opportunities of life in the Hellenistic Mediterranean

The Revelation Worldview Jon K. Newton, 2015-02-06 Does Christianity have anything useful or credible to say to the twenty first century or is it just a relic of a past era doomed eventually to die a long and painful death perhaps to be replaced by the new atheism or another religion In an original contribution to such debates *The Revelation Worldview* is a bold attempt to construct a biblically based Christian worldview that makes sense to postmodern people It also seeks to make the book of Revelation one of the most strange and difficult books in the Bible relevant to issues facing people in the twenty first century Jon K Newton wrestles with the complex notion of worldview tells the story of the changing Western worldview from its ancient and medieval beginnings through the modern era and into the unpredictable world of postmodernism and compares the worldview found in Revelation with other worldviews of its day He then uses Revelation as a source for identifying some basic Christian answers to questions such as What is real How do we know anything How can religious knowledge claims be justified How can we understand the concept of the human person How can we make sense of history And how should we respond to pluralism

[An Introduction to the Ancient World](#) , [A Companion to Greek Rhetoric](#) Ian Worthington, 2010-01-11 This complete guide to ancient Greek rhetoric is exceptional both in its chronological range and the breadth of topics it covers Traces the rise of rhetoric and its uses from Homer to Byzantium Covers wider ranging topics such as rhetoric's relationship to knowledge ethics religion law and emotion Incorporates new material giving us fresh insights into how the Greeks saw and used rhetoric Discusses the idea of rhetoric and examines the status of rhetoric studies present and future All quotations from ancient sources are translated

into English **The Origins of Globalization** Karl Moore, David Charles Lewis, 2009-06-02 Origins of Globalization draws widely on ancient sources and modern economic theory to detail the concept of known world globalization arguing that a mixed economy similar in many respects to our own existed in a variety of forms throughout the ancient world By analyzing the business practices of the ancient world phenomena such as resource and market seeking behavior international trade from China India and Rome to Africa and even northern and western parts of Europe Small and Medium Size Enterprises SMEs operating internationally and outsourcing production multicultural workforces tariff reduced zones interregional tax issues and the management of currency risks the authors provide readers with a unique historical interpretation of the contemporary globalizing economy and a durable theoretical framework for future historical economic analyses **An Introduction to the Ancient World** Lukas de Blois, R. J. van der Spek, 1997 This lavishly illustrated introductory history covers 3 000 years of the ancient Near East Greece and Rome within the framework of a short narrative history of events Focusing mainly on the social political and cultural processes which have influenced later western civilizations An Introduction to the Ancient World considers subjects such as the religions of the ancient Near East Athenian democracy the interaction of cultures in the Hellenistic world the political and administrative system of the Roman republic and empire gender problems and ancient demography This book shows how the Near East Greece and Rome witnessed the emergence of city and state government the development of decision processes expansion and the effects of social structures interaction of different cultures and the emergence of Judaism and Christianity Anyone interested in ancient history classics and archaeology will need this accessible and comprehensive book
