Wild Pedagogies Bob Jickling, Sean Blenkinsop, Nora Timmerman, Michael De Danann Sitka-Sage, 2018-06-22 This book explores why the concept of wild pedagogy is an essential aspect of education in these times a re negotiated education that acknowledges the necessity of listening to voices in a more than human world and re learning how to dwell in a place As the geological epoch inexorably shifts to the Anthropocene the authors argue that learning to live in and engage with the world is increasingly crucial in such times of uncertainty The editors and contributors examine what wild pedagogy can truly become and how it can be relevant across disciplinary boundaries offering six touchstones as working tools to help educators forge an onward path This collaborative work will be of interest to students and scholars of wild pedagogies alternative education and the Anthropocene and for all those engaged in re wilding education

A Little Nostalgia for Freedom Bonham, 2013-02-01 A voyage through places and ideas *A Little Nostalgia for Freedom* explores the desire to on the one hand put down roots to conform and fit in and on the other yearn for a freer more adventurous life The consequence of surrendering our freedom to the mortgage and the career is that we might end up living not quite the life we expected to live haunted by a sense of possibility just at the edge of our experience As he takes us on a wry and idiosyncratic journey through London Morocco Hong Kong and the Sahara encountering thought provoking and odd characters along the road Steve searches for ways that we can reconnect with our lost sense of freedom by adopting a more audacious way of being and in doing so open up new possibilities in our lives The result challenging and witty insights into the roots of our restlessness and five rules of the road for a more adventurous and possibly more fulfilling life *A Little Nostalgia for Freedom* is a playful and provoking exploration of psychological freedom that will appeal to anyone who wants

to change their life Steve blends travel psychology and the philosophy of identity into a slightly surreal mischievous and challenging exploration of who we are and who we might be The catalyst for this search is the character of Knulp from Knulp by Herman Hesse who provides encouragement and advice along the way *Why Rebel* Jay Griffiths, 2021-04-08 If bravery itself could write it would write like she does John Berger Why rebel Because our footprint on the Earth has never mattered more than now How we treat it in the spirit of gift or of theft has never been more important Because we need a politics of kindness but the very opposite is on the rise Libertarian fascism with its triumphal brutality its racism and misogyny a politics that loathes the living world Because nature is not a hobby It is the life on which we depend as Indigenous societies have never forgotten Only when it is dark enough can you see the stars and they are lining up now to write rebellion across the skies From the author of Wild this passionate poetic manifesto for urgent rebellion is also a paean to the deep and extraordinary beauty of the natural world Jay Griffiths helped redefine activism for a generation combining detailed research with a poet's flair for language Her works defy categorisation and fizz with original ideas and excitement Byline Times Jay's writing has reduced me to hot throbs of grief through beauty and subtlety to the depths of the hurt of these times and what a liberation to express this to free the space in my chest to feel the love that propels me forwards Gail Bradbrook Chewy erudite filled with swing this is a dazzling book urgent without ever being worthy a book that crackles Why Rebel is a Tardis to read it is to enter the massive a deep interior that hydrates vocation in a time of trouble Martin Shaw This short book is beautifully written and packs a powerful emotional punch I found myself welling up as I reached the end At this desperate moment in human history Why Rebel is surely part of the wake up call we need Prof Rupert Read There's a book called Life and Fate and in it it says that when surrounded by death and destruction the most human thing to do is to engage in an act of kindness Jay's book is such an act Roger Hallam *Modern British Nature Writing, 1789-2020* Will Abberley, Christina Alt, David Higgins, Graham Huggan, Pippa Marland, 2022-03-17 This first full length study of modern British nature writing is timely and invaluable for literary scholarship in the environmental crisis **Wild Nights Out** Chris Salisbury, 2021-06-03 The book gives adults ideas for activities to get kids outside after the sun goes down from night hikes to trapping moths It's also a fascinating meditation on humans relationship with darkness Outside A fun inventive adventure guide about helping children explore nature after dark Its activities are a great excuse to turn off the television set down smartphones and explore the rich mysterious world just beyond the back door Foreword Reviews The go to guide for exploring nature at night whether on summer holidays weekends away or even back garden adventures Foreword by Chris Packham author naturalist and BBC presenter Learn how to call for owls walk like a fox and expand your sensory perceptions Wild Nights Out is a wonderful new hands on guide for those who wish to take kids of all ages outdoors for fun thrilling nighttime nature adventures Parents grandparents teachers and nature educators alike will discover a wealth of unique activities to explore the natural world from dusk till dawn Alongside games walks and exercises to expand our senses storyteller and outdoor

Banzeiro Òkòtó Eliane Brum, 2023-03-09 A confrontation with the destruction of the Amazon by a writer who moved her life into the heart of the forest In lyrical impassioned prose Eliane Brum recounts her move from S o Paulo to Altamira a city along the Xingu River that has been devastated by the construction of one of the largest dams in the world In community with the human and more than human world of the Amazon Brum seeks to reforest herself while building relationships with forest peoples who carry both the scars and the resistance of the forest in their bodies Weaving together the lived stories of the region and its history of violent corruption and destruction *Banzeiro* k t is a call for radical change for the creation of a new kind of human being capable of facing the potential extinction of our species In it Brum reveals the direct links between structural inequities rooted in gender race class and even species and the suffering that capitalism and climate breakdown wreak on those who are least responsible for them The title *Banzeiro* k t features words from two cultural and linguistic traditions *banzeiro* is what the Amazon people call the place where the river turns into a fearsome vortex and k t is the Yoruba word for a shell that spirals outward into infinity Like the Xingu River turning as it flows this book is a fierce document of transformation arguing for the centrality of the Amazon to all our lives

Nature Prose Dominic Head, 2022 *Nature Prose* seeks to explain the popularity and appeal of contemporary writing about nature This book intervenes in key areas of contemporary debate about literature and the environment and explores the enduring appeal of writing about nature during an ecological crisis Using a range of international examples with a focus on late twentieth and early twenty first century writing from Britain and the US Dominic Head argues that nature writing contains formal effects which encapsulate our current ecological dilemma and offer a fresh resource for critical thinking The environmental crisis has injected a fresh urgency into nature writing along with a new piquancy for those readers seeking solace in the nonhuman or for those looking to change their habits in the face of ecological catastrophe However behind this apparently strong match between the aims of nature writers and the desires of their readers there is also a shared mood of radical uncertainty and insecurity The treatment and construction of nature in contemporary imaginative prose reveals some significant paradoxes beneath its dominant moods moods which are usually earnest sometimes celebratory sometimes prophetic or cautionary It is in these paradoxical moments that the contemporary ecological crisis is formally encoded in a progressive development of ecological consciousness from the late 1950s onwards *Nature prose* fiction and nonfiction is now contemporaneous with a defining time of crisis while also being formally fashioned by that context This is a mode of writing

that emerges in a world in crisis but which is also in some ways in crisis itself With chapters on remoteness exclusivity abundance and rarity this book marks a turning point in how literary criticism engages with nature writing A Country Called Childhood Jay Griffiths, 2015-11-10 While traveling the world in order to write her award winning book Wild Jay Griffiths became increasingly aware of the huge differences in how childhood is experienced in various cultures One central riddle in particular captured her imagination why are so many children in Euro American cultures unhappy and why is it that children in traditional cultures seem happier In A Country Called Childhood Griffiths seeks to discover why we deny our children the freedoms of space time and the natural world Visiting communities as far apart as West Papua and the Arctic as well as the UK and delving into history philosophy language and literature she explores how children s affinity for nature is an essential and universal element of childhood It is a journey deep into the heart of what it means to be a child and it is central to all our experiences young and old **Savage Grace** Jay Griffiths, 2015-03-17 Jay Griffiths is a tour guide for anyone who has ever wished to commune with the side of our human psyche that remains in touch with the wild Equally at home among the sea gypsy Bajo people who live off the coast of Thailand and forage their food from the ocean floor drinking the psychedelic ayahuasca plant with Amazonian shamans or joining an Inuit whale hunt at the northern tip of Canada Griffiths takes readers on an adventure both charted and un chartable She divides her meditations on these travels into sections named after the ancient elemental properties of the universe Earth Air Fire Ice and Water because her subject matter is not merely the places traveled to but the depths of mind and the cultural narratives revealed by place It is a universal story told of far flung groups of humans with vastly different ways of life connected through the varied wilderness that sustains them By describing the ways in which human societies and the human mind have developed in response to the wilder elements of our homelands Savage Grace reveals itself as a benediction for the emotional intellectual and physical nourishment that people continue to draw from the natural world Under the sway of Griffiths charisma her poetic prose and her deeply learned and persuasive case for the wild roots of our shared human being we learn that we are all each and every one of us a force of nature Depression as a Spiritual Journey Stephanie Sorrell, 2012-05-25 Depression as a Spiritual Journey is the first book to address depression as a spiritual journey in the context of medication and counselling It serves as an invitation to reframe depression in a new way Many people resist embracing medication as part of the healing process Others confuse emotional and mental dis ease *The Power of the Herd* Linda Kohanov, 2015-07-20 Linda Kohanov is beloved for her groundbreaking articulation of the way of the horse an experiential wisdom known to riders for centuries but little studied or adapted to off horse use Now Kohanov takes those horse inspired insights on the nonverbal elements of exceptional communication and leadership into the realms of our workplaces and relationships Here we explore the benefits of nonpredatory power in developing assertiveness fostering creativity dealing with conflict and heightening mind body awareness In A Brief History of Power the first part of this far reaching book Kohanov profiles cultural innovators who

employed extraordinary nonverbal leadership skills to change history usually on horseback Winston Churchill George Washington Alexander the Great and Siddhartha Gautama the Buddha among others She also draws on the behavior of mature horse herds as well as the herding cultures of Africa and Mongolia to debunk theories of dominance hierarchies challenge ingrained notions of survival of the fittest and demonstrate the power of a consensual leadership in which governing roles are fluid Kohanov then adapts these lessons into twelve powerful guiding principles we can all incorporate into our work and personal lives Eloquent and provocative this is horse sense for everyone who seeks to thrive in the herds we all run in our communities careers families and friendships
