Sophia Dembling, author of *The Introvert's Way*, former Google executive, editorial director of Twitter, self-described introvert, and the best-connected Silicon Valley figure you've never heard of, Walt Mossberg, *Wall Street Journal*, offers networking advice for anyone who has ever canceled a coffee date due to social anxiety. The common networking advice for introverts are variations on the theme of overcoming or fixing their quiet tendencies. But Karen Wickre is a self-described introvert who has worked in Silicon Valley for thirty years. She shows you how to embrace your quiet nature and make genuine connections that last that we can nurture across the world for all kinds of purposes. Chris Anderson, head of TED, Karen's embrace your quiet side approach is for anyone who finds themselves shying away from traditional networking activities or for those who would rather be curled up with a good book on a Friday night than out at a party. With compelling arguments and creative strategies, this practical, easy-to-use Sree Sreenivasan, former chief digital officer of Columbia University, book is a perfect guide.
