Alert And Alive Defusing Anger And Violence In The Workplace:

Alert and Alive Daniel Paulk, 1999 The Encyclopedia of Stress and Stress-Related Diseases, Second Edition Ada P. Kahn, 2006 Presents information on stresses in the environment their causes effects and possible ways to minimize or eliminate them Preventing and Responding to Violence at Work Kimberly Ann Rogers, Duncan Chappell, 2003 Workplace violence is one of today's most serious occupational hazards This practical guide offers valuable information on how to systematically design and develop workplace prevention programs and policies The book approaches the issue from two fronts First it demonstrates how workplace violence can be prevented by examining how organizations and groups are handling the problem It reviews an array of existing guidelines and policies developed by governments trade unions special study groups workplace violence experts employers groups and specific industries and generates a useful survey of best practice strategies Second the guide outlines in detail a reliable and effective methodology for developing workplace violence prevention programs which includes assessing and describing risk designing implementing and monitoring preventive and reactive measures and reviewing the risk management process Every worker deserves a safe and secure environment and violence should not be accepted as part of any job This book presents concrete guidance for combating violence in the workplace while also providing a wider understanding of the factors and conditions that contribute to it *Aggression in the Workplace* Marc McElhaney, 2004 Violence in the workplace has risen to epidemic proportions according to the Centers of Disease Control In this volume Dr Marc McElhaney a specialist in workplace violence presents a comprehensive guide that no manager can do without when having to prepare for these potentially dangerous and often disruptive events These are situations that often seem to explode in the workplace without warning when in fact they have often long incubated outside the manager's awareness Utilizing a risk management approach that focuses on the process of how these situations evolve as opposed to an oversimplified presentation of profiles will provide the manager with the needed tools to prevent and effectively intervene to ensure a safe and cost effective resolution This book takes a comprehensive view that covers the broad range of aggression control strategies that an organization can utilize from the fundamental building blocks of a primary prevention program to specific techniques that the manager can use to defuse and stabilize situations that are already threatening to explode In between the author presents a step by step description of the assessment and intervention process that should occur when and if an organization is faced with a potentially dangerous set of circumstances Specific high risk situations such as employee termination are discussed in detail along with strategies that Dr McElhaney has found to be particularly effective when having to stabilize control and ultimately ensure a safe and long lasting conclusion Utilizing an approach that combines his knowledge and experience from the fields of threat assessment risk management conflict resolution and crisis negotiation the author focuses on an approach that not only addresses the organization's immediate needs but which also strives for a resolution and management plan that addresses long term safety concerns Essentials of
