The Carbon Buster's Home Energy Handbook Godo Stoyke, 2006-11-01 Most people are unaware that environmental problems such as climate change can be easily avoided at a profit through the intelligent application of appropriate technology. The Carbon Buster's Home Energy Handbook describes how to achieve this goal in the residential field. The first book in North America to provide a detailed carbon accounting of a family's carbon emissions and how to reduce them, it systematically analyzes energy costs and evaluates which measures yield the highest returns for the environment and the pocketbook. It provides answers to questions such as: Which measure is more effective: putting solar panels on your roof or buying a hybrid car? Where do I need to invest first: in high-efficiency shower heads or solar tubes? Is a 500-watt fridge that uses 800 kWh of power per year a good buy? The book allows individuals to quickly and accurately assess which products are a good deal and which aren't. It systematically analyzes residential carbon emissions and energy costs and prioritizes solutions based on highest

carbon reductions and monetary returns yielding results that are often surprising The book enables readers to dramatically reduce their carbon emissions far below the levels targeted under the Kyoto Protocol At the same time readers implementing the recommendations will save an average of 15 000 in energy costs over the next five years Lemon-Aid Used Cars and Trucks 2009-2010 Phil Edmonston,2009-02-16 For the first time in one volume Phil Edmonston Canada s automotive Dr Phil covers all used vehicles packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years **Enthusia Professional Racing** Doug Walsh,2005 BradyGames Enthusia Professional Racing Official Strategy Guide includes the following TOP NOTCH RACINGSCHOOL We teach you winning driving techniques take the fastest line through every turn Learn the ins and outs of car settings drivetrain configurations and the Visual Gravity System ALL 211 CARS Kick the tires of every car in the game from street legal runabouts to full on Le Mans champions Our Showroom gives your comprehensive specs for every vehicle COMPLETE COURSE DIRECTORY We diagram every track complete with racing lines acceleration and braking points and expert commentary to lead you through the most challenging stretches EVERY GAME MODE Maximize your Enthu Points and reach 1 Rank in Enthusia Life Ace every Driving Revolution Challenge with our course and checkpoint analysis Scour Free Racing Time Attack to unlock every car and open every track PLUS FACINATING MANUFACTURER PROFILES COMPLTE WEIGHT REDUCTION STATS AND MORE Platform PlayStation 2 Genre Sports This product is available for sale in North America only
