Task Force for Roadside Safety, 2011 The Roadside Design Guide presents a synthesis of current information and operating practices related to roadside safety and is written in dual units metric and U S Customary This book is a guide It is not a standard nor is it a design policy It is intended to use as a resource document from which individual highway agencies can develop standards and policies Although much of the material in the guide can be considered universal in its application several recommendations are subjective in nature and may need modification to fit local conditions However it is important that significant deviations from the guide be based on operational experience and objective analysis The 2011 edition of the AASHTO Roadside Design Guide has been updated to include hardware that has met the evaluation criteria contained in the National Cooperative Highway Research Program NCHRP Report 350 Recommended Procedures for the Safety Performance Evaluation of Highway Features and begins to detail the most current evaluation criteria contained under the Manual for Assessing Safety Hardware 2009 MASH For the most part roadside hardware tested and accepted under older guidelines that are no longer applicable has not been excluded in this edition AASHTO website [Guidance for Implementation of the AASHTO Strategic Highway Safety Plan](#), 2008 [Resilient Modulus Testing for Pavement Components](#) Mary Stroup-Gardiner, Gary N. Durham, 2003 Resilient modulus indicates the stiffness of a soil under controlled confinement conditions and repeated loading The test is intended to simulate the stress conditions that occur in the base and subgrade of a pavement system Resilient modulus has been adopted by the U S federal highway administration as the primary performance parameter for pavement design We thank those who prepared these papers the reviewers who provided anonymous peer reviews and those who participated in the symposium We hope this STP encourages more work to improve the testing standard and the value of the Resilient Modulus test *The Handbook of Highway Engineering* T.F.
