Singing Poets Dimitris Papanikolaou, Dēmētrēs Papanikolaou, 2007. This book shows how the model of singing poets becomes then an organizing principle for a system of national popular music. It responds to the growing call for the teaching of the textual networks of popular music within the domains of literary and cultural studies.

Dante's Style in His Lyric Poetry Patrick Boyde, 1971. A very close and clear description of Dante's style in those lyric poems which can be dated with reasonable confidence. Dr Boyde explains the nature and objective of his analyses in the substantial introduction which does not assume any previous knowledge of the poems or of modern stylistic theory. He has three principal aims: first to relate the style of the poems to medieval rhetorical teaching; secondly to assess the degree of Dante's stylistic originality by comparison with the style of earlier medieval authors; and thirdly to provide an accurate detailed description of the many developments in Dante's style over a period of twenty years. Close attention is paid throughout to the frequency and distribution of the features described and there is abundant quotation of examples. The book will have a considerable theoretical interest to all those concerned with the analysis of the
