Practice Page****6-1****Friction**

1. A crate filled with delicious junk food rests on a horizontal floor. Only gravity and the support force of the floor act on it, as shown by the vectors for weight W and normal force n .

- The net force on the crate is (zero) (greater than zero).
- Evidence for this is no acceleration.

2. A slight pull P is exerted on the crate, not enough to move it.

- The force of friction f acting on the crate is (less than) (equal to) (greater than) P .
- The net force on the crate is (zero) (greater than zero).

3. Pull P is increased until the crate begins to move. It is pulled so that it moves with constant velocity across the floor.

- Friction f is (less than) (equal to) (greater than) P .
- Constant velocity means acceleration is (zero) (greater than zero).
- The net force on the crate is (less than) (equal to) (greater than) zero.

4. Pull P is further increased and is now greater than friction f .

- The net force on the crate is (less than) (equal to) (greater than) zero.
- The net force acts toward the right, so acceleration acts toward the (left) (right).

- If the pulling force P is 150 N and the crate doesn't move, what is the magnitude of f ? 150 N
- If the pulling force P is 200 N and the crate doesn't move, what is the magnitude of f ? 200 N
- If the force of sliding friction is 250 N, what force is necessary to keep the crate sliding at constant velocity? 250 N
- If the mass of the crate is 50 kg and sliding friction is 250 N, what is the acceleration of the crate when the pulling force is 250 N? 0 m/s² 300 N? 1 m/s² 500 N? 5 m/s²

Law and Policy for China's Market Socialism John Garrick,2012-05-04 This edited volume presents fresh empirical research on the emerging outcomes of China s law reforms The chapters examine China s going out policy by addressing the ways in which the underpinning legal reforms enable China to pursue its core interests and broad international responsibilities as a rising power The contributors consider China s civil and commercial law reforms against the economic backdrop of an outflow of Chinese capital into strategic assets outside her own borders This movement of capital has become

an intriguing phenomenon for both ongoing economic reform and its largely unheralded underpinning law reforms The contributors ask probing questions about doing business with China and highlight the astonishing escalation of China's outbound foreign direct investment OFDI Law and Policy for China's Market Socialism includes contributions from leading China law scholars and specialist practitioners from the People's Republic of China Hong Kong the United States the United Kingdom and other countries who all extend the examination of powerful influences on China's law reforms into new areas Given the forecast for the growth of China's domestic market those wishing to gain a better understanding and seeking success in the world's most dynamic marketplace will benefit greatly from reading this book This book is essential reading for anyone interested in Chinese economics and business Chinese Law Chinese politics and commercial law

Social Theory and Nursing Martin Lipscomb, 2016-12-08 Despite noteworthy exceptions nursing's literature largely disregards the ways in which social and sociological theory permeates guides and shapes research education and practice Likewise social theory's ability to position nursing within wider structures of healthcare and educational provision is similarly and puzzlingly downplayed The questions nurses ask and the problems they face cannot however adequately be addressed without engaging with social and sociological theory and to progress this engagement contributors to this book explore how social theories are used by and might apply to nursing and nursing practice The book draws on a wide range of perspectives philosophical theoretical empirical and political to offer a robust and wide ranging critique and analysis Social Theory and Nursing is essential reading for nursing researchers academics and educators as well as scholars and researchers in medical sociology medicine and allied health
