The Forbidden Body Douglas E. Cowan, 2022-05-17 Throughout history the religious imagination has attempted to control nothing so much as our bodies what they are and what they mean what we do with them with whom and under what circumstances how they may be displayed or more commonly how they must be hidden Religious belief and mandate affect how our bodies are used in ritual practice as well as how we use them to identify and marginalize threatening religious Others This book examines how horror culture treats religious bodies that have stepped or been pushed out of their proper place Unlike most books on religion and horror This book explores the dark spaces where sex sexual representation and the sexual body come together with religious belief and scary stories Because these intersections of sex horror and the religious imagination force us to question the nature of consensus reality supernatural horror especially as it concerns the body often shows us the religious imagination at work in real time It is important to note that the discussion in this book is not limited either to horror cinema or to popular fiction but considers a wide range of

The Human Figure on Film Seth Barry Watter, 2023-10-01 The *Human Figure on Film* asks what it is we look for when we look at human beings projected on a screen People have appeared onscreen since film was invented Nothing could be more common and yet nothing confounds us more than a filmed human being Scholars and critics have attempted to reduce the mystery creating methodologies that make this figure legible Some of their efforts form the subject of this book Each chapter is devoted to a single central concept the natural the pictorial the institutional and the fictional that viewers have used to make sense of what they see Each concept in turn is tied to the work and methods of a particular kind of historical observer the natural historian Ray L.
