Abstract

Answer: I would have had considered after 1993, when the National Institute of Mental Health started the research. The studies had good the social policy on the part of the government, and the government started the research on the part of the government, and the government started the research on the part of the government.

However, it should be noted that the model is only a simplified representation of the real world and its results should be interpreted with caution. The model is based on a number of assumptions, such as the homogeneity of the population and the accuracy of the data, which may not always be valid. Therefore, the results of the model should be used as a guide rather than a definitive answer.
