Research in Education, 1973 Jewish-American Artists and the Holocaust Matthew Baigell, 1997. Jewish themes in American art were not very visible until the last two decades, although many famous twentieth-century artists and critics were and are Jewish. Few artists responded openly to the Holocaust until the 1960s when it finally began to act as a galvanizing force, allowing Jewish-American artists to express their Jewish identity in their work. Baigell describes how artists

initially deflected their responses into abstract forms or by invoking biblical and traditional figures and then in more recent decades confronted directly Holocaust imagery and memory He traces the development of artistic work from the late 1930s to the present in a moving study of a long overlooked topic in the history of American art Alternative Pursuits for America's 3rd Century Louisa Messolonghites,1974 Explores the potential for alternative approaches to drug prevention
