State whether each behavior is an example of positive or negative nonverbal communication. Write P for positive or N for negative.

1. P Smiling
2. N Crossing arms in front of the body
3. N Looking away while someone is talking

4. P Leaning forward in a chair

Scenarios

Read the scenarios below and answer the questions.

Nursing assistant Barbara Smith thinks resident Mrs. Gold is in pain. Barbara asks her if she is okay. Before Mrs. Gold answers, Barbara looks around the room and begins to gather her supplies to leave. Mrs. Gold simply says, "Yes."

1. Identify the barrier to communication occurring here and suggest a way to avoid it.

There are two barriers here: The first is that if the NA thought that the resident was in pain, the first question should have been, "Where are you in pain?" The second barrier was that she should have waited patiently for the resident to respond, "Immediately gathering up her supplies without even spending the time to find out if the pain existed and where it was, was negligent."
