9-3

Stowaways and Energy

Before Fanny starts to get Fanny to descend and try bungee jumping, Gordo jumps from a high cliff and experiences freefall for 3 seconds. Then the bungee cord begins to stretch, reducing his speed to zero in 2 seconds. Fortunately, the cord stretches to its maximum length just above of the ground below.

Fill in the blanks. Gordo's mass is 100 kg. Acceleration of free fall is 10 m/s².

Express values in SI units, following by m, velocity in m/s, acceleration in kg m/s², impulse in N-s, and deceleration in m/s².

What 3-s free-fall distance of Gordo just before the bungee cord begins to stretch?

= 45 m

Area during the 3-s interval of free fall

= 2250 kg-m/s²

Area during the 2-s interval of slowing down

= 2000 kg-m/s²

Impulse during the 2-s interval of slowing down

= 2000 N-s

Average force exerted by the cord during the 2-s interval of slowing down

= 1,500 N

How about work and energy? How much KE does Gordo have 3 s after his jump?

= 45,000 J

How much does gravitational PE decrease during this 3-s?

= 45,000 J

What two kinds of PE are changing during the slowing-down interval?

Gravitational and elastic potential energies

Concept Development Practice Page 7 1 Momentum:

A Handbook of Practical Wisdom Wendelin Küpers, 2016-03-16 The current financial and on going ecological crises have taught us that without practical wisdom business organisations and leadership cannot be sustainable In response to this situation the Handbook of Practical Wisdom presents a critically informed understanding of wise practices contributing to more integrative organizational and leadership studies and practice The focus on integration emphasises the interdependencies of practical wisdom in relation to members groups and cultures of organisations in their socio cultural spheres Wisdom has long slipped from the scholarly map and so this handbook provides revived and new mappings for today and the future Seeking to actualize creative potentials of practical wisdom this book and series aspires to contribute to the contemporary odysseys and quests for orientation in organisation and management research and practice Wisdom research as presented in this book provides bridges to underestimated neglected or forgotten knowledge and offers transformative passages between Scylla the rocks of dogmatic modernity and Charybdis the whirlpool of dispersed post modernity Practical wisdom allows for a better equipped and more experiential and reflexive journey and fosters the art of mindful travelling beyond a reactive moralizing sentimentalism Accordingly this handbook serves as a medium for reassessing and rearticulating more responsible ways of praxis in the field of organization and management In this spirit each chapter opens a space for dialogue and debate inviting further inquiries conversations and explorations by and among its readers students academics and practitioners

Law and Policy for China's Market Socialism John Garrick, 2012-05-04 This edited volume presents fresh empirical research on the emerging outcomes of China s law reforms The chapters examine China s going out policy by addressing the ways in which the underpinning legal reforms enable China to pursue its core interests and broad international responsibilities as a rising power The contributors consider China s civil and commercial law reforms against the economic backdrop of an outflow of

Chinese capital into strategic assets outside her own borders This movement of capital has become an intriguing phenomenon for both ongoing economic reform and its largely unheralded underpinning law reforms The contributors ask probing questions about doing business with China and highlight the astonishing escalation of China's outbound foreign direct investment OFDI Law and Policy for China's Market Socialism includes contributions from leading China law scholars and specialist practitioners from the People's Republic of China Hong Kong the United States the United Kingdom and other countries who all extend the examination of powerful influences on China's law reforms into new areas Given the forecast for the growth of China's domestic market those wishing to gain a better understanding and seeking success in the world's most dynamic marketplace will benefit greatly from reading this book This book is essential reading for anyone interested in Chinese economics and business Chinese Law Chinese politics and commercial law
