The Law of Consumer Protection and Fair Trading Brian W. Harvey, Deborah L. Parry, 1996 **Consumer Protection** ,1939 **Vulnerable Consumers and the Law** Christine Riefa, Severine Saintier, 2020-10-27 This book charts the difficulties encountered by vulnerable consumers in their access to justice through the contributions of prominent authors academic practitioners and consultants in the field of consumer law and access to justice It demonstrates that despite the development of ADR access to justice is still severely lacking for the vulnerable consumer The book highlights that a broad understanding of access to justice which encompasses good regulation and its public enforcement is an essential ingredient alongside access to the mechanisms of traditional private justice courts and ADR to protect the vulnerable consumer Indeed many of the difficulties are linked to normative obstacles and lack of access to justice is primarily a vulnerability in itself that can exacerbate existing ones In addition because it may contribute to pushing already vulnerable consumers into social exclusion it is not simply about economic justice but also about social justice The book shows that lack of access to justice is not irreversible nor is it necessarily linked to consumer apathy New technologies could provide solutions The book concludes with a plea for developing inclusive justice systems with more emphasis on public enforcement alongside effective courts systems to offer the vulnerable with adequate means to defend themselves This book will be suitable for both students and practitioners and all those with an interest in the justice system *Commentary on the Consumer Protection Act* J. N. Barowalia, Abhishek Barowalia, 2024 Consumer Protection Law Geraint Howells, Stephen Weatherill, 2017-09-08 This fully revised and updated second edition of Consumer Protection Law introduces the reader to the substantive law of consumer protection in the United Kingdom the emphasis being on the place of United Kingdom law within an evolving European legal system and also on the need to draw upon comparative experience The book not only seeks to place consumer protection in its purely black letter context but also draws upon wider readings to show that consumer protection law is a complex area of law which reflects and shapes the individual citizen s position within the modern economy
