

Betty Crocker's

COOKBOOK FOR BOYS AND GIRLS

THIS is a brand new kind of cook book planned by boys and girls for boys and girls. A panel of 12 Junior Testers picked out the 245 recipes and ideas, and tested every one.

Delightfully illustrated, this book is full of party surprises, dessert ideas, camping-out specials, and plenty of easy-to-make good things to eat. There are many "how to" step pictures, and special pages on kitchen safety rules, utensils, and measuring instructions.

Using this book, boys and girls can prepare any number of treats for their friends or for the whole family.

Lady of Food is told in a fully illustrated biography of our country's most beloved and fictional culinary icon. In 1945 *Fortune* named Betty Crocker the second most popular American woman right behind Eleanor Roosevelt and dubbed Betty America's First Lady of Food. Not bad for a gal who never actually existed. Born in 1921 in Minneapolis, Minnesota, Betty Crocker has grown over eight decades into one of the most successful branding campaigns the world has ever known. Now at long last she has her own biography. *Finding Betty Crocker* draws on six years of research plus an unprecedented look into the General Mills archives to reveal how a fictitious spokesperson was enthusiastically welcomed into kitchens and shopping carts across the nation. The Washburn Crosby Company, one of the forerunners to General Mills, chose the cheery all-American Betty as a first name and paired it with Crocker after William Crocker, a well-loved company director. Betty was to be the newest member of the Home Service Department where she would be a friend to consumers in search of advice on baking and in an unexpected twist their personal lives. Soon Betty Crocker had her own national radio show during the Great Depression and World War II broadcasting money-saving recipes, rationing tips, and messages of hope. At the height of Betty Crocker's popularity in the 1940s, she received as many as four to five thousand letters daily from General Mills. When her first full-scale cookbook, *Betty Crocker's Picture Cook Book*, was released in 1950, first-year sales rivaled those of the Bible. Today over two hundred products bear her name along with thousands of recipe booklets and cookbooks, an interactive website, and a newspaper column. What is it about Betty? In answering the question of why everyone was buying what she was selling, author Susan Marks offers an entertaining, charming, and utterly unique look through words and images at an American icon situated between profound symbolism and classic kitchen kitsch.

Betty Crocker Whole Grains Betty Crocker, Betty Crocker Editors, 2007-11-28. Offers more than one hundred forty recipes featuring whole grains from breakfasts and breads to fast dinners, easy entrees, and desserts.

Dinner Roles Sherrie A. Inness, 2001-04. Who cooks dinner in American homes? It's no surprise that Mom remains the overwhelming answer. Cooking and all it entails, from grocery shopping to chopping vegetables to clearing the table, is to this day primarily a woman's responsibility. How this relationship between women and food developed through the twentieth century and why it has endured are the questions Sherrie Inness seeks to answer in *Dinner Roles: American Women and Culinary Culture*. By exploring a wide range of popular media from the first half of the twentieth century, including cookbooks, women's magazines, and advertisements, *Dinner Roles* sheds light on the network of sources that helped perpetuate the notion that cooking is women's work. Cookbooks and advertisements provided valuable information about the ideals that American society upheld. A woman who could prepare the perfect Jell-O mold, whip up a cake with her new electric mixer, and still maintain a spotless kitchen and a sunny disposition was the envy of other housewives across the nation. Inness begins her

exploration not with women but with men those individuals often missing from the kitchen who were taught their own set of culinary values She continues with the study of juvenile cookbooks which provided children with their first cooking lessons Chapters on the rise of electronic appliances ethnic foods and the 1950s housewife all add to our greater understanding of women s evolving roles in American culinary culture

Betty Crocker's Cookbook for Boys and Girls Betty Crocker,2003

Kitchen Culture in America Sherrie A. Inness,2015-08-31 At supermarkets across the nation customers waiting in line mostly female flip through magazines displayed at the checkout stand What we find on those magazine racks are countless images of food and in particular women moms preparing lunch for the team college roommates baking together working women whipping up a meal in under an hour dieters happy to find a lowfat ice cream that tastes great In everything from billboards and product packaging to cooking shows movies and even sex guides food has a presence that conveys powerful gender coded messages that shape our society Kitchen Culture in America is a collection of essays that examine how women s roles have been shaped by the principles and practice of consuming and preparing food Exploring popular representations of food and gender in American society from 1895 to 1970 these essays argue that kitchen culture accomplishes more than just passing down cooking skills and well loved recipes from generation to generation Kitchen culture instructs women about how to behave like correctly gendered beings One chapter reveals how juvenile cookbooks a popular genre for over a century have taught boys and girls not only the basics of cooking but also the fine distinctions between their expected roles as grown men and women Several essays illuminate the ways in which food manufacturers have used gender imagery to define women first and foremost as consumers Other essays informed by current debates in the field of material culture investigate how certain commodities like candy which in the early twentieth century was advertised primarily as a feminine pleasure have been culturally constructed The book also takes a look at the complex relationships among food gender class and race or ethnicity as represented for example in the popular Southern black Mammy figure In all of the essays Kitchen Culture in America seeks to show how food serves as a marker of identity in American society
