Assyrians and Two World Wars Yaqou D'Malik Ismail, 1964-01-01 This valuable book has finally been translated in its entirety to English from the original Assyrian language neo Syriac It is an important book because the accounts are mostly from Assyrians themselves Those who were there at the most critical period in the recent and tumultuous history of the Assyrian people The author was a warrior soldier and a leader of his tribe and was from the well known Malik Ismael family of Upper Tyareh It has specific facts and details not found in any other book It includes a detailed account of the betrayal and murder of H H Mar Benyamin Shimun XIX the Patriarch who was the spiritual and temporal leader of his Assyrian community during WWI It also includes details of the negotiations between the Assyrians and the British controlled Iraqi government which eventually led to what is known as the Simele Massacre by the Iraqi government and the exodus of a part of the community from Iraq to Syria in 1933 This book also includes details of many of the battles during 1914 to 1933 of the Assyrians of the Hakkari mountains in southeastern Turkey and their brethren in today s northwestern Iran They fiercely defended themselves and their families against the brutal assaults of the Turks Kurds Iranians and Arabs They were usually outnumbered and outgunned but they were often victorious as their enemy broke ranks and ran They were eventually forced to leave their ancestral homeland in southeastern Turkey and northwestern Iran where they had lived happily since time immemorial They were then directed to Iraq where the British needed their young fighters This book details the military alliance of those Assyrians with the Russians and then the British and the pledges those governments made and broke repeatedly regarding a semi independent Assyrian settlement culminating in the Simele Massacre a permanent stain on the Iraqi state *Awaiting Their Feast* Lori A. Flores, 2025-01-14 **Between Feast and Famine** John Nott, 2025-03-18

Ghana s twentieth century was one of dramatic political economic and environmental change Sparked initially by the impositions of colonial rule these transformations had significant if rarely uniform repercussions for the determinants of good and bad nutrition All across this new and uneven polity food production domestic reproduction gender relations and food cultures underwent radical and rapid change This volatile national history was matched only by the scientific instability of nutritional medicine during these same years Moving between the dry Northern savannah the mineral rich and food secure Southern rainforest and the youthful ever expanding cities *Between Feast and Famine* is a comparative history of nutrition in Ghana since the end of the nineteenth century At the heart of this story is an analysis of how an uneven capitalist transformation variously affected the lives of women and children It traces the change from sporadic periods of hunger in the nineteenth and early twentieth centuries through epidemics of childhood malnutrition during the twentieth century and into emergent epidemics of diet related non communicable disease in the twenty first century Employing a novel critical approach to historical epidemiology John Nott argues that detailing the co production of science and its subjects in the past is essential for understanding and improving health in the present Praise for *Between Feast and Famine* This is a tour de force Ghana

was an important site for the development of nutritional science in the colonial period as well as a site for its application. It is therefore central to the history of a global nutritional science. Not only has John Nott pieced together a complex history of that changing science and its application in Ghana in the twentieth century, he has also provided a carefully constructed analysis of what was actually happening in terms of food supply, health and nutrition in Ghana in this period. Few other works manage to do both these things. Megan Vaughan, Professor of African History and Health Institute of Advanced Studies, UCL.

A Moving Feast Hizky Shoham, 2024-12-30 Winner of the Goldberg Family Foundation Award 2021. What is the meaning of the Jewish rites of initiation known as bar and bat mitzvah in the modern age when the concept of mitzvah, religious precept or obligation, means so little to most Jewish adolescents? Hizky Shoham offers a comprehensive anthropological history of the bar and bat mitzvah ceremonies that seeks to understand why not only have these ceremonies been preserved but are in fact celebrated by more Jewish families and demand greater financial, psychological and family resources than ever before. The book maps and analyzes the transformation of the rituals in the modern age and endeavors to understand their meanings for the celebrants and other participants in the diverse historical contexts in which the ceremony appeared. Is it indeed a rite of initiation? The book breaks new ground by placing the rise of the bar and bat mitzvah in the context of the general rise during the modern industrial age of a new system of life cycle rituals, rituals that mark the passing of time by latching on to its artificial conventional milestones. The child's 12th or 13th birthday functions as a temporal landmark in a personal biography that would otherwise move through homogeneous time. *Food & Feasts with the Vikings* Hazel

Martell, 1995. Discusses aspects of Viking life dealing with eating customs. **Feast or Famine? Food and Children's Literature** Bridget Carrington, 2014-07-03. In November 2013 the joint annual conference of the British branch of the International Board on Books for Young People (IBBY UK) and the MA course at the National Centre for Research in Children's Literature (NCRCL) at Roehampton University took as its focus *Feast or Famine: Food in Children's Literature*. Food is central to both children's lives and their literature. The mouth-watering menu of talks given to the conference delegates is richly reflected in this book. Speakers examined the uses of food in children's books from the nineteenth century to the present day and in a wide variety of genres from ancient fable to twenty-first century fantasy. From the contributions to this collection it is shown that food within literature not only reflects the society, culture and time in which it is prepared but also is widely used by authors as a means to instruct their juvenile readers and to deliver moral messages. **The Legacies of Two World**

Wars Lothar Kettenacker, Torsten Rott, 2011-08-01. The US invasion of Iraq in 2003 was done mainly if one is to believe US policy at the time to liberate the people of Iraq from an oppressive dictator. However, the many protests in London, New York and other cities imply that the policy of making the world safe for democracy was not shared by millions of people in many Western countries. Thinking about this controversy inspired the present volume which takes a closer look at how society responded to the outbreaks and conclusions of the First and Second World Wars. In order to examine this relationship

between the conduct of wars and public opinion leading scholars trace the moods and attitudes of the people of four Western countries Great Britain France Germany and Italy before during and after the crucial moments of the two major conflicts of the twentieth century Focusing less on politics and more on how people experienced the wars this volume shows how the distinction between enthusiasm for war and concern about its consequences is rarely clear cut **The Heretic's Feast** Colin Spencer,1996 Micronesia Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments **Managing Environments for Leisure and Recreation** Richard Broadhurst,2002-09-26 Can we balance the needs of the host the environment and the visitor Most people live for their leisure recreation and travel opportunities Managing Environments for Leisure and Recreation seeks to bring together the different strands of thought that inform the management of settings for leisure and recreation The text shows how a positive difference can be made to such activities by taking a balanced approach in managing for the environment and for people both now and into the future Managing Environments for Leisure and Recreation urges managers to balance the need for a systematic approach with the need for a systemic development of an environmental management ethic It is highly illustrated with over 50 line drawings and includes many case studies from around the world **Food & Feasts in Ancient Egypt** Richard Balkwill,1994 A social history of what kinds of foods the Ancient Egyptians ate how they ate it and how their lives were conditioned by the Nile River *Feast of Santa Fe* Huntley Dent,1993-11-23 Dent explores the traditions of Native American cooking and shows how they were modified by Spanish Mexican and Anglo American influences and by the bounty of the land More than 150 recipes have been adapted to suit the modern cook making it easy to create an authentic feast from appetizer to dessert 2 color illustrations Literature Connections to World History 712 Lynda G.
