Beyond The Box Innovative Churches That Work:

Beyond the Box William M. Easum, Dave Travis, 2003 Revolutionize your ministry *Beyond the Box* evaluates what's working in emerging churches and helps leaders discover new ideas for their ministry When it comes to church leadership the leaders in this book aren't thinking inside outside or around the box they're beyond it Successful church consultants Bill Easum and Dave Travis show you radical church ministries that work demonstrating how your church can grow beyond conventional methods Gear up and bring people in your community to the faith of Jesus *Beyond Megachurch Myths* Scott Thumma, Dave Travis, 2007-08-10 Drawing on extensive broad based and well designed research as well as stories and anecdotes *Beyond Megachurch Myths* dispels popular myths about megachurches while highlighting the diversity within the megachurch phenomenon Defining a megachurch as a Protestant church that averages at least 2000 total attendees in their weekend services Scott Thumma and Dave Travis reveal what these churches are and are not why they are thriving what their members say about their experiences and why they have many valuable lessons to teach smaller churches **Full Service** Siang-Yang Tan, 2006-03-01 Although servanthood is often discussed as an important part of leadership it is also the basic calling of every follower of Jesus Christ Siang Yang Tan takes a fresh approach to servanthood exploring it as loving obedience to God in and of itself regardless of personal greatness fulfillment or success He lays out the biblical case and practical guidance to help all Christians live out their foundational call of being a servant of God in all areas of life Tan's focus on servanthood alone in contrast to the many books on servant leadership will appeal to pastors church leaders and all Christians interested in a biblical perspective on servanthood **Kingdom Expressions** J. D. Payne, 2012 In our changing world how do Christians worship and how do we reach out to new believers An expert takes a look at some of the most significant gospel advancing movements and trends to take place in the latter twentieth and twenty first centuries in the United States **Winning On Purpose** Dr. John E. Kaiser, Thomas G. Bandy, Bill Easum, 2010-09-01 Do you really want the mission to succeed Are you prepared to live within clear boundaries Are you ready to align yourself with a greater purpose Do you have what it takes *Winning on Purpose* offers leaders a way to organize congregations for success by creating structures that enable church life and health As a comprehensive and powerful application of the biblical call to mission *Winning on Purpose* sets forth the Accountable Leadership strategy This model of leadership brings together standards for mission boundaries and accountability and then shows how these standards come to life through the performance of four key players the board the pastor the staff and the congregation To read a sample from the book [click here](#) **Multisite Churches** Dustin L. Slaton, 2024-02-13 The multisite church model has been consistently challenged by those who deem it unbiblical and incompatible with God's design for the local church but does Scripture support this claim In *Multisite Churches* pastor and church vitalist Dustin Slaton posits that congregational polity is compatible with the multisite model dismantling critiques with both urgency and care for the local church's future At a time when church fostering and church

adoption are predicted to increase significantly the multisite church model is a solution that can support the adoption of churches Bringing in personal experience and erudite research Slaton heuristically demonstrates a methodological approach of ecclesiology with a theological framework for the multisite model fairly addressing both critics and supporters Multisite Churches is a resource for biblical ecclesiology with wide ranging benefits for both clergy and congregant Those prayerfully discerning whether they can transition to a multisite church in a biblical way and those who are interested in the topic will benefit from the guidance and insight provided in this timely resource

Becoming the Transformative Church Kay Collier McLaughlin, 2013-08-01 A call for new structure and ways of behaving as church by an experienced church officer Church-wide discussions continue about the emergent church attracting young people financial survival corporate structure relationships with the Anglican Communion and other ongoing

issues while age old behaviors and patterns continue to derail progress This book offers concrete examples from a systems perspective as to how intentionality in leadership based on shared foundational theories has the potential to empower our church to be the transformative entity God called it to be Crisis and Care Dustin D. Benac, Erin Weber-Johnson, 2021-06-29 A deadly pandemic Civic unrest Economic uncertainty The years between the 2016 and 2020 Presidential Elections exposed the vulnerability of our institutions and ourselves like never before In the wake of uncertainty the authors in this volume offer wisdom to make sense of the changes brought by these past four years Reflecting how faith and philanthropy converge they imagine alternative economies for faith communities academia and nonprofits while also marking the unshakable encounter with grief and crisis Authors linger in the space between what was and what will be to ask what do we leave behind what do we bring with us and what possibilities exist where crisis and care converge Their words and wisdom kindle philanthropic imagination in this moment of transition and change Failure-Sparked Innovation Kaury C. Edwards, 2023-10-31 As the western church faces challenges in declining membership and effectiveness due to religious disaffiliation and general discontent with organized religion innovation must be a central focus within all aspects of ministry in the Christian church With the focus that the local church must put on innovation one aspect that will continually be an important factor is how the church understands interprets and utilizes failure Yes the church must fail However the church must not simply fail for the sake of failure The challenge for the local church is to rethink its notion of failure which will allow for creativity new life and ultimately transformational innovation By establishing a proper framework and definition of failure the church will be able to embrace good failure and the benefits it can offer
