Shotton, Stephanie J. Waterman, Natalie R. Youngbull, Shelly C. Lowe, 2023-12 This volume is essential to continued

conversations in Indigenous higher education and invites current emerging and future scholars to carry the conversation forward in respectful responsible and relational ways

**Beyond Access** Stephanie J. Waterman, Shelly C. Lowe, Heather J. Shotton, 2023-07-03 This book argues that two principal factors are inhibiting Native students from transitioning from school to college and from succeeding in their post secondary studies It presents models and examples of pathways to success that align with Native American students aspirations and cultural values Many attend schools that are poorly resourced where they are often discouraged from aspiring to college Many are alienated from the educational system by a lack of culturally appropriate and meaningful environment or support systems that reflect Indigenous values of community sharing honoring extended family giving back to one s community and respect for creation The contributors to this book highlight Indigenized college access programs meaning programs developed by not just for the Indigenous community and are adapted or developed for the unique Indigenous populations they serve Individual chapters cover a K 12 program to develop a Native college going culture through community engagement a crash course offered by a higher education institution to compensate for the lack of college counseling and academic advising at students schools the role of tribal colleges and universities the recruitment and retention of Native American students in STEM and nursing programs financial aid educational leadership programs to prepare Native principals superintendents and other school leaders and finally data regarding Native American college students with disabilities The chapters are interspersed with narratives from current Indigenous graduate students This is an invaluable resource for student affairs practitioners and higher education administrators wanting to understand and serve their Indigenous students

**New Scholarship in Critical Quantitative Research, Part 2: New Populations, Approaches, and Challenges** Ryan S. Wells, Frances K. Stage, 2015-05-04 This volume is the second in a two part series on differentiating approaches to quantitative research from more traditional positivistic and postpositivistic approaches While the first volume provided an expanded conceptualization of critical quantitative inquiry this volume

concludes the series by applying critical quantitative approaches to new populations of college students who are rarely addressed in institutional and higher education research such as American Indian Alaska Native and students with disabilities applying the principles of quantitative criticalism to advanced methods of statistical analysis and discussing the variety of challenges to overcome and presenting a future research agenda using these methods This work is of interest to institutional and higher education researchers who want to expand and critique new ways of thinking about the broad array of populations participating in and served by higher education while keeping in mind the goals of revealing inequity challenging marginalization and helping all students to succeed This is the 163rd volume of this Jossey Bass quarterly report series Timely and comprehensive New Directions for Institutional Research provides planners and administrators in all types of academic institutions with guidelines in such areas as resource coordination information analysis program evaluation and institutional management

**Rethinking College Student Development Theory Using Critical Frameworks** Elisa S.

Abes, Susan R. Jones, D-L Stewart, 2023-07-03 A major new contribution to college student development theory this book brings third wave theories to bear on this vitally important topic The first section includes a chapter that provides an overview of the evolution of student development theories as well as chapters describing the critical and poststructural theories most relevant to the next iteration of student development theory These theories include critical race theory queer theory feminist theories intersectionality decolonizing indigenous theories and crip theories These chapters also include a discussion of how each theory is relevant to the central questions of student development theory The second section provides critical interpretations of the primary constructs associated with student development theory These constructs and their related ideas include resilience dissonance socially constructed identities authenticity agency context development consistency coherence stability and knowledge sources of truth and belief systems Each chapter begins with brief personal narratives on a particular construct the chapter authors then re envision the narrative s highlighted construct using one or more critical theories The third section will focus on implications for practice Specifically these chapters will consider possibilities for how student development constructs re envisioned through critical perspectives can be utilized in practice The primary audience for the book is faculty members who teach in graduate programs in higher education and student affairs and their students The book will also be useful to practitioners seeking guidance in working effectively with students across the convergence of multiple aspects of identity and development

*Native Presence and Sovereignty in College*

Amanda R. Tachine, 2022-04-29 What is at stake when our young people attempt to belong to a college environment that reflects a world that does not want them for who they are In this compelling book Navajo scholar Amanda Tachine takes a personal look at 10 Navajo teenagers following their experiences during their last year in high school and into their first year in college It is common to think of this life transition as a time for creating new connections to a campus community but what if there are systemic mechanisms lurking in that community that hurt Native students chances of earning a degree Tachine

describes these mechanisms as systemic monsters and shows how campus environments can be sites of harm for Indigenous students due to factors that she terms monsters sense of belonging namely assimilating diminishing harming the worldviews of those not rooted in White supremacy heteropatriarchy capitalism racism and Indigenous erasure This book addresses the nature of those monsters and details the Indigenous weapons that students use to defeat them Rooted in love life sacredness and sovereignty these weapons reawaken students presence and power Book Features Introduces an Indigenous methodological approach called story rug that demonstrates how research can be expanded to encompass all our senses Weaves together Navajo youths stories of struggle and hope in educational settings making visible systemic monsters and Indigenous weaponry Draws from Navajo knowledge systems as an analytic tool to connect history to present and future realities Speaks to the contemporary situation of Native peoples illuminating the challenges that Native students face in making the transition to college Examines historical and contemporary realities of Navajo systemic monsters such as the financial hardship monster deficit not enough monster failure monster and in visibility monster Offers insights for higher education institutions that are seeking ways to create belonging for diverse students Indigenous Voices of Girls and Women in Educational Spaces Stephanie Masta, 2025-07-18 Centered on personal reflection and storytelling this volume weaves together narratives of educational resilience kinship and auntie support to highlight the importance of Indigenous perspectives in all learning spaces Bringing together the experiences of community members students mothers aunts and academics it shows how the voices of Indigenous women and girls represent their ongoing survival within spaces often focused on assimilation and erasure and puts forward a new way of thinking about the value of Indigenous knowledge It does so using a storytelling approach which celebrates the experiences of Indigenous girls and women and expands the definition of education to include more informal spaces of learning in order to address the contentious relationship between Indigenous communities and formal schooling This celebration of presence accentuates and amplifies the degree to which Indigenous peoples and communities have successfully retained their values and authenticity despite ongoing attempts at assimilation by the dominant culture As such it centers Indigenous perspectives in ways that affirm the experiences of Indigenous women and girls in educational spaces and demonstrate how girls and women have overcome existing structures to ensure the survival of Indigenous knowledges cultures and authenticity Presenting an innovative new approach to supporting Indigenous girls and women and centering the need to create new modes of scholarship and thinking that exist outside of the academic system this book is designed for scholars faculty graduates and educators with interests in education Indigenous studies anthropology sociology and women s studies *Handbook of Education Policy Research* Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA s history addresses a variety of policy and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as

a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners

**Debunking the Grit Narrative in Higher Education** Angela M. Locks,Rocío Mendoza,Deborah Faye Carter,2023-11-20 Debunking the Grit Narrative in Higher Education examines pressing structural issues currently

impacting African American Asian American Pacific Islander Latinx and Native American students accessing college and succeeding in U S postsecondary environments Drawing from asset based work of critical race education scholars such as Yosso Ladson Billings and contributing author Sol rzano the authors interrogate how systems and structures shape definitions of academic merit and grit how these systems constrain opportunities to attain access and equitable educational outcomes and challenge widely held beliefs that Students of Color need grit to succeed in college Dominant narratives of educational success and failure tend to focus mostly on individual student effort Contributing authors explore the myriad ways that institutional structures can support Students of Color utilizing their strengths through critical perspectives asset based anti deficit perspectives to access postsecondary environments and experience success Scholars scholar practitioners students affairs professionals and educational leaders will benefit from this timely edited book as they work to transform postsecondary institutions into entities that meet the needs of Students and Communities of Color Affirming Identity, Advancing Belonging, and Amplifying Voice in Sororities and Fraternities Pietro A. Sasso, Mónica Lee Miranda, J. Patrick Biddix, 2024-04-01 In the wake of the AbolishGreekLife and other calls for racial justice the role of identity development also becomes ever increasingly important as we consider how to make the sorority fraternity more inclusive for our students In the end it may really be the power of inclusion on college campuses that leads to many of the educational goals that we yearn for in student growth the formal and informal social interactions bonded in reflective learning that help build social and academic success In this we can celebrate together especially those of us who have romanticized so many bright college years This text is a response to a call for existential exploration as an attempt to critically revivify our understanding of the sorority fraternity experience as it contributes specifically to students identity development and learning The text is grouped around centering their experiences through three A s Amplifying Voice Affirming Identity and Advancing Belonging to highlight the identity experiences of the diverse spectrum of fraternity and sorority members across the intersections of identity so often excluded from the literature Chapters in this text attempt to foreground how the fraternity sorority experience explicitly contributes to these areas of student development across multiple identities including race ethnicity culture gender identity social class and ability Authors critically interrogate systems of oppressions that subjugate marginality from those with intersectional identities to recognize the larger challenges facing the sorority fraternity movement as an attempt to disrupt these systems to better identify influences on identity development

**ENDORSEMENTS**

Pietro Sasso and associates are leading a game changing conversation about the impact of fraternity and sorority communal experiences on student identity Pietro Sasso and the contributing authors of this robust text successfully endeavor to inform practice through critical analysis framing important questions and offering pragmatic solutions that are timely relevant and practical in both the academy and the fraternal system This book is a must read for anyone seeking to understand or have a relevant impact on the intersections of sense of belonging identity development and sorority fraternity life Jason L

Meriwether Campbellsville University In their most recent book examining contemporary sorority and fraternity life Sasso Biddix and Miranda have curated discerning chapters that expand existing scholarship by exploring the impact of fraternity and sorority membership on identity development belonging and student voice through critical lenses This book should be on the bookshelf of all higher education administrators and faculty Gavin Henning New England College

**First-Generation Faculty of Color** Tracy Lachica Buenavista,Dimpal Jain,María C. Ledesma,2022-10-14 Through a comprehensive collection of personal narratives First Generation Faculty of Color Reflections on Research Teaching and Service is the first book to examine faculty diversity through the experiences of racially minoritized faculty who were also the first in their families to graduate college in the United States

**Envisioning Public Scholarship for Our Time** Adrianna J. Kezar,Yianna Drivalas,Joseph A. Kitchen,2023-07-03 This book proposes a new paradigm of public scholarship for our time one that shifts from the notion of the public intellectual to the model of the engaged scholar The editors premise is that the work of public scholarship should be driven by a commitment to supporting a diverse democracy and promoting equity and social justice The contributors to this volume present models that eschew the top down framing of policy to advocate for practice that drives bottom up change by arming the widest range of stakeholders especially members of marginalized communities with relevant research They demonstrate how public scholarship in higher education can increase its impact on practice and policy and compellingly argue that public scholarship should be recognized as normative practice for all scholars and indeed integrated into the curriculum of graduate courses The chapters describe multiple types of public scholarship and different strategies that move beyond informing policymakers faculty and administrators to engage publics such as students and parents media the general public and particularly groups that may have had little or no access to research Examples include partnering with a community agency to design a research project and disseminate results writing for practitioner or policy venues and magazines outside the traditional academic journals serving on boards for national groups that impact decisions related to your area of research and the use of social media Whether scholar director of graduate education or graduate student of higher education this book opens up a new vision of how research can inform practice that promotes the public good

**Reclaiming Indigenous Research in Higher Education** Robin Zape-tah-hol-ah Minthorn,Heather J. Shotton,2018-02-27 Indigenous students remain one of the least represented populations in higher education They continue to account for only one percent of the total post secondary student population and this lack of representation is felt in multiple ways beyond enrollment Less research money is spent studying Indigenous students and their interests are often left out of projects that otherwise purport to address diversity in higher education Recently Native scholars have started to reclaim research through the development of their own research methodologies and paradigms that are based in tribal knowledge systems and values and that allow inherent Indigenous knowledge and lived experiences to strengthen the research Reclaiming Indigenous Research in Higher Education highlights the current scholarship emerging from these

scholars of higher education From understanding how Native American students make their way through school to tracking tribal college and university transfer students this book allows Native scholars to take center stage and shines the light squarely on those least represented among us
