A Wilderness Of Marshes A Wilderness Of Marshes

Jonathan M. Hoekstra

A Wilderness Of Marshes A Wilderness Of Marshes:

A Wilderness of Marshes Kerrie L. Macpherson, 2002-01-01 The successful emergence of Shanghai as a world city by the close of the nineteenth century was built upon the establishment of a modern urban base No aspect of Shanghai's infrastructural developments was more critically important than the creation of a public health system A Wilderness of Marshes traces Shanghai's medical infrastructure from its conception to the implementation of a Western style public health system and a municipal government to manage it Kerrie MacPherson details the pioneering actions of Shanghai's capitalist professional and religious communities who skillfully adapted the ideas and practices gaining currency in Western science medicine public morality and urban circumstances to the Asian metropolis *Tidal Salt Marshes of the Southeast Atlantic Coast* Richard G. Wiegert, B. J. Freeman, 1990 **The Wild Marsh** Rick Bass, 2010-09-01 An account of one year in the Yaak Valley wilderness range by the acclaimed naturalist and memoirist Beginning with his family settling in for the long northwestern Montana winter and capturing all the subtle harbingers of change that mark each passing month the initial cruel teasing of spring the splendor and fecundity of summer and the bittersweet memories evoked by fall this is a beautiful evocation of the fauna flora and folks in this rugged and spectacular landscape Publishers Weekly starred review It is full of rich observation about what it takes to live in the valley toughness improvisation and of course duct tape The Wild Marsh is also poignant especially as the author reflects on what it means for his young daughters to grow up surrounded by the strangeness and wonder of nature He shares with them the Yaak's little secrets where the huckleberries are best in a dry year where to find a grizzly's claw marks in an old cedar and discovers that passing on this intimate local knowledge the knowledge of home is a kind of rare and valuable love Bass emerges not just as a writer but as a father a neighbor and a gifted observer uniquely able to bring us close to the drama and sanctity of small things ensuring that though the wilderness is increasingly at risk the voice of the wilderness will not disappear A work of wonder praise and thanksgiving for all the marvels of nature where every aspect is connected and every process has its place Bass grounding his book in science well takes the facts and transforms them as a musician transforms musical notes into a work of great beauty This walk through a year is a walk through the author's soul filled with passions dreams fears and the exuberance of Walt Whitman School Library Journal starred review Whether the topic is a forest fire in his front yard or the excitement of the first tiny cheerful glacier lilies in spring Rick Bass is a stirring companion on the trail that leads west from the Walden Pond of Henry David Thoreau and the Sand County of Aldo Leopold Ivan Doig author of *The Whistling Season* **Tidal Salt Marshes of the Southeastern Atlantic Coast** Richard G. Wiegert, B. J. Freeman, 1990 **Biological Report**, 1990 *The Wild Coast* Curtis J. Badger, 2005 The Eastern corridor of the United States may be notorious for overdevelopment but Curtis J Badger offers a challenge in his *The Wild Coast* Exploring the Natural Attractions of the Mid Atlantic get off the highway and go see what the mid Atlantic states have to offer A companion to both Virginia's Wild Side and A Naturalist's Guide to the Virginia

Coast this new volume takes the reader on more than two dozen frequently surprising excursions through five mid Atlantic states offering detailed adventures for travelers wishing to explore the undeveloped territory of the East Coast With excursions ranging from sea kayaking at Roanoke Island North Carolina to a visit to the hawk observatory at Cape May New Jersey Badger s guide promises not only factual information on birds butterflies holly forests and native plants but also an entertaining narrative that captures the excitement of exploring new territory This guidebook to both wildlife and botany will appeal to anyone journeying along the eastern seaboard particularly those interested in trading in their offices and armchairs for a taste of the unexpected and the wild

Mountains and Marshes David Rains Wallace, 2015-12-15 Described as a writer in the tradition of Henry David Thoreau John Muir and other self educated seers by the San Francisco Chronicle David Rains Wallace turns his attention to one of the most distinctive corners of California the San Francisco Bay Area Weaving a complex and engaging story of the Bay Area from personal historical and environmental threads Wallace s exploration of the natural world takes readers on a fascinating tour through the region from Point Reyes National Park where an abandoned campfire and an invasion of Douglas fir trees combusted into a dangerous wildfire to Oakland s Lake Merritt a surprising site amid skyscrapers for some of the best local bird watching from the majestic Diablo Range near San Jose where conservationists fight against land developers to preserve species like mountain lions and golden eagles to the Golden Gate itself the iconic bridge that geologically speaking leads not to gold but to serpentine Each essay explores a different place throughout the four corners of the Bay Area uncovering the flora and fauna that make each so extraordinary With a naturalist s eye a penchant for local history and an obvious passion for the subject Wallace s new collection is among the first nature writing dedicated entirely to the Bay Area Informative engrossing and exquisitely described Mountains and Marshes affords unexpected yet familiar views of a beloved region that even amidst centuries of growth and change is as dynamic as it is timeless

Of Men and Marshes Paul Errington, 2012-10-15 Standing with such environmental classics as Loren Eiseley s *The Immense Journey* his friend and mentor Aldo Leopold s *A Sand County Almanac* and Joseph Wood Krutch s *The Voice of the Desert* Paul Errington s *Of Men and Marshes* remains an evocative reminder of the great beauty and intrinsic value of the glacial marshland Prescient and stirring steeped in insights from Errington s biological fieldwork his experiences as a hunter and trapper and his days exploring the marshes of his rural South Dakota childhood this vibrant work of nature writing reveals his deep knowledge of the marshland environments he championed Examining the marsh from a dynamic range of perspectives Errington begins by inviting us to consider how immense spans of time coupled with profound geological events shaped the unique marshland ecosystems of the Midwest He then follows this wetland environment across seasons and over the years creating a compelling portrait of a natural place too little appreciated and too often destroyed Reminding us of the intricate relationships between the marsh and the animals who call it home Errington records his experiences with hundreds of wetland creatures He follows minks and muskrats snapping turtles and white pelicans red foxes and blue winged teals all

the while underscoring our responsibility to preserve this remarkable and fragile environment and challenging us to change the way we think about and value marshlands This classic of twentieth century nature writing a landmark work that is still a joy to read offers a stirring portrait of the Midwest's endangered glacial marshland ecosystems by one of the most influential biologists of his day A cautionary book whose advice has not been heeded a must read of American environmental literature **Of Men and Marshes** should inspire a new generation of conservationists

The Bulldozer in the Countryside Adam Rome, 2001-04-23 The concern today about suburban sprawl is not new In the decades after World War II the spread of tract house construction changed the nature of millions of acres of land and a variety of Americans began to protest against the environmental costs of suburban development By the mid 1960s indeed many of the critics were attempting to institutionalize an urban land ethic **The Bulldozer in the Countryside** was the first scholarly work to analyze the successes and failures of the varied efforts to address the environmental consequences of suburban growth from 1945 to 1970 For scholars and students of American history the book offers a compelling insight into two of the great stories of modern times the mass migration to the suburbs and the rise of the environmental movement The book also offers a valuable historical perspective for participants in contemporary debates about the alternatives to sprawl

The Atlas of Global Conservation Jonathan M. Hoekstra, 2010 The Atlas of Global Conservation is a premier resource for everyone concerned about the natural world Top scientists at The Nature Conservancy have joined forces to create this guide to the state of the planet today With over 80 full color maps and other graphics contextualized with clear informative discussion this book offers an unprecedented view of trends across the world's terrestrial marine and freshwater environments Interspersed throughout essays by noted international authorities point the way forward in confronting some of our greatest conservation challenges Publisher information

Marsh Meadow Mountain John Harding, 1986-01-24 A combination tour guide and ecological primer of the Delaware Valley

Marshes William Burt, 2007-01-01 A naturalist captures an intimate photographic study of the marsh habitat and its unique flora and fauna in an exploration of marshes throughout North America and in all seasons of the year

Jeanne Of The Marshes E. PHILLIPS OPPENHEIM, 2024-01-02 The novel *Jeanne of the Marshes* was written by the well known English novelist E Phillips Oppenheim is best known for his mystery and espionage books The story which was published in 1910 centres on the enigmatic disappearance of wealthy Englishman Sir Philip Dorylton and the mystery surrounding his friends and family The story takes place in the stunning English countryside and centres on Jeanne a youthful and attractive French woman who lives in the marshes As Jeanne learns of Sir Philip's disappearance and the ensuing investigation she gets caught up in a convoluted web of secrets and ulterior intentions The book looks at themes including love betrayal and the conflict between what society expects of you and what you want for yourself Readers are introduced to a cast of characters with competing interests as the tale develops including Lady Dorylton Sir Philip's wife and some other people who might have reasons for his disappearance Romance mystery and suspense are all interwoven

throughout the novel to keep readers interested as they follow the plot's many turns *Canadian Wetlands* Rod Giblett, 2014-12-15 In *Canadian Wetlands* Rod Giblett reads the Canadian canon against the grain critiquing its popular representation of wetlands and proposing alternatives by highlighting the work of recent and contemporary Canadian authors such as Douglas Lochhead and Harry Thurston and by entering into dialogue with American writers The book will engender mutual respect between researchers for the contribution that different disciplinary approaches can and do make to the study and conservation of wetlands internationally Edwin B. Forsythe and Cape May National Wildlife Refuges U.S. Fish and Wildlife Service, 2000 **Scents of China** Xuelei Huang, 2023-08-10 A pioneering cultural history of smell in China from the High Qing to the Mao period **Library of Congress Subject Headings** Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013 **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office, 2009 *Original Writing* Sue Morkane, 2004 *Original Writing* provides students with the practical skills they need to write confidently and effectively for different purposes and audiences examines the conventions and styles of different types of original writing such as writing to entertain writing to inform and writing to persuade looks at a wide range of examples of successful writing including extracts from *The Office* Health Education leaflets Kerrang and students own work includes a guide to planning and writing commentaries explores problematic areas and includes advice from experts in a range of areas from radio to song writing Written by an experienced teacher author and AS and A2 Level examiner *Original Writing* is an essential resource for students of AS and A2 Level **Dickey-Lincoln School Lakes Project (ME, NH, VT, Que)**, 1981
