the role of recent abortion decisions by the U S Supreme Court in shaping outcomes in House and Senate elections Did redistricting play a major part in shaping the electoral context in a way that favoured one party or the other What about candidate quality that is did variation in the quality of congressional candidates matter What was the role of social media in the 2022 congressional elections In this book the authors explore these important questions This book will appeal to scholars students and political analysts interested in U S elections contemporary U S politics public policy and political behaviour The chapters in this book were originally published as a special issue of Journal of Political Marketing
