The Life of the Author: Jane Austen Catherine Delafield,2022-10-11 A fresh approach to building the life of Jane Austen through her letters demonstrating that a well known life can be reframed by being grounded in evidence of that life The Life of the Author Jane Austen takes readers on a literary biographical journey through Austen s life in letters Using a unique non linear approach author Catherine Delafield explores three frames for Austen s literary life family correspondents and fiction to suggest new pathways for the interpretation of life writing about one of the most popular and influential English novelists of all time Delafield addresses multiple aspects of Austen s epistolary practice and the ways in which her letters juvenile writings and unpublished novels have been overlaid on both biography and fiction Throughout the text special attention is paid to the changing view of women s correspondence as personal record and to Cassandra Austen s role as editor of her sister s surviving letters The book opens with selected readings from Austen s letters and a review of the family treatment of the life Subsequent chapters discuss the female circle of correspondents in both extant and missing letters the letter content and structure of Austen s novels the use of letters as representations of places and spaces based on Austen s own lived experience of epistolary communication and more Discusses how the letters correspondents and novels supplement Jane Austen s fiction and substantiate her life Highlights Austen s use of the letter as a conversation on paper rather than as an autobiographical tool Explores the letters within Austen s fictional writing as well as recipes accounts and needlework with links to the letters Features a select chronology using letters as landmarks tables representing surviving letters by correspondent and family trees tracing names and relationships The Life of the Author Jane Austen is an excellent text for undergraduate and graduate courses on the novel women s writing British writing and life writing as well as for general readers with interest in gaining new perspectives on Austen s chronological life and literary output *Open* Craig

Gross,Adam Palmer,2013-08-06 Despite high minded ideals temptation always seems to loom around the corner threatening to derail us into a desperate world of secret behavior and covered up indiscretions From families to marriages to businesses on a scale as global as the credit default swap meltdown or as personal as our last session on the Internet we are suckers for bad ideas Why do we so often make poor decisions that can lead to life shattering results Why do we promise ourselves to do better only to slide back into our old habits Why can t we help ourselves The time has come for each of us to become accountable To experience the freedom peace of mind and overwhelming self confidence that come from living a life free of secrets and lies In every area of our lives it s time to go beyond self help it s time to get accountable It s time to live *Open*
