Souls of Distortion Awakening J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united

Mind Leap: Intimate Changes and Communication Between Worlds David W. Letts, 2009-03-24 Fully revised with Reader's Guide Self Exploration Questions chapter reviews and expanded Moita material Reading Mind Leap was one of the most delightful experiences of my summer First I found it an absolutely intriguing story of personal challenge and human relationships But second and most important I found it highly inspiring There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality This book is a powerful incentive to keep going an inspiration and a source of hope Joyce E Ansell literary editor How can we learn to live wholly with deep intuition in this world Where can it lead for each of us in this transformative era We hear follow a path with heart listen to your dreams open to spirit But rare is the book that actually takes us far into that experience Mind Leap does so by telling a challenging liberating true story from the consciousness revolution and inviting readers to participate by reviewing their own life events and perceptions A novelist couldn't create spiritual explorers more opposite than Kelly and David growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister But as young adults with other partners dreams and intuitions pointed each other out hinting of the natural bridge they would form together As they were then tested in a crucible of intersecting lives Moita began to speak through Kelly initiating an experiment in

communication between worlds Her over 200 interactive sessions shared with hundreds of participants have been compared to the Seth material Mind Leap reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength freedom and love The narrative unfolds on many levels giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis transformation of our Earth We see you all the time are near you yet very rarely can touch for you do not see us For you we are merely a whisper in the trees We have watched for a great many years and now there is a drawing together of worlds a time when the two worlds may touch and not be destroyed by each other when they may integrate and understand The coming together of our worlds will not change just yours but mine Life will never be the same again Moita From the Words of Angels and Ancient Book of Jika - On the Drama of Initiation in the Atlantean Age and Our Hidden Genesis Christine Preston,2011-07-15 This work unravels the great mysteries of the Bible and ancient civilization In introducing her disclosures Christine Preston reveals the meaning of Trees in Scripture as being in connection with Initiation in the Old World The latter being the Atlantis of Plato she reveals original sin as a misuse of power by Atlanteans influenced by Wise Serpents who opposed spiritual evolution She discusses divine human intermarriages and provides a solution for the fact that the Watchers parallel to the Sons of God of Genesis are depicted as evil by disclosing a secondary scenario in Enoch that is illustrated by the Ancient Book of Jika **Earth Dream Awakening** David W. Letts,2012-08 All that has happened in the past all of Earth's history man has created in his dream and the end of time will come when man wakes up and realizes he has been dreaming Suddenly a young family wrests themselves from life in a North American city to seek a rustic existence close to nature and a circle of new friends in mountain valleys of British Columbia But that is only one of the levels to this story For David and Kelly Siofra are a mystic and a psychic on an out of the ordinary quest inspired by higher energy presences Moita and Amar How will their experiment in communication between worlds illuminate the process of planetary rebirth that will accelerate years later in the awakening of 2012 and beyond This time period is at crossroads Paths before you lead into the future some not pleasant some extremely promising We are here to help you choose the road that leads not to destruction but that leads to life and to this change of man and his awareness to the reuniting of our worlds Among facets of this visionary yet down to earth adventure helping persons in crisis to unlock their hearts find their new balance deepening our sense of community as a core group risks old selves in order to truly meet confronting dark energies across lifetimes undoing man's obsession with power seeing that the planet's upheavals now mirror our own as a vast evolution in consciousness comes full circle aided by higher dimensional beings and the Earth Mother voicing her plea for man to awaken as a willing partner We are entering a New Age of humanity Instead of man creating only on his own set apart from the rest of the universe this time he is involved in a co creation and we are the co creators Those who are here have arrived to help found a new world *Beyond 2012* Geoff Stray,2005 Provides an analysis of ancient prophecies and modern theories which suggest the year 2012 as a huge time of change and transformation

Gaia Luminous Kiara Windrider, 2023-08-19 This is the most comprehensive book on planetary shift I have ever read. The physical realities, cosmic perspectives and dynamics involved are all addressed. Rapid climate changes, galactic and solar cycles, volcanism, ice ages and magnetic reversals are touched upon in a rich and concise way. **Gaia Luminous** goes to the very heights and depths of what this great change is all about. Barry Martin Snyder, *Birthing the Luminous Self*. This remarkable book showcases Kiara's extraordinary ability to integrate, summarize and structure a vast range of topics from deeply spiritual teachings to the latest discoveries in science. Kiara brilliantly and eloquently connects the dots and presents clear and practical solutions for these complex and precarious times. Yves Nager, *Find your Life Purpose*. For those who are consciously aware of the challenging implications of these times and seek both cosmic perspectives and spiritual guidance, **Gaia Luminous** is an invaluable resource of scholarly and balanced investigation combined with profound personal experience. Simon Peter Fuller, *Rising out of Chaos*. Kiara Windrider serves up a full course of scientific inquiry, evolutionary thinking and sacred insights from a wide variety of traditions. This thrilling read feeds our sense of the possible and activates our commitment to a bold new vision for humanity. James O Dea, *The Conscious Activist*. **Religion and Retributive Logic** Carole Cusack, Christopher Hartney, 2009-11-23 Garry Winston Trompf, b 1940. In his outstanding academic career, he has inspired scholars in the fields of Studies in Religion and the History of Ideas. In this volume, his colleagues and students critique and expand upon the world of this outstanding academic. The book is divided into four parts: Melanesia, Ancient World, Studies, Philosophical and Methodological Considerations, and Historiography. Authors address Trompf's research in works such as *The Idea of Historical Recurrence in Western Thought*, *Early Christian Historiography*, and themes of Melanesian religion that Trompf addresses in *Payback*. No study in the religions of Oceania or ideas of millennialism should ignore this critical assessment of Garry Trompf's work. **The World Tree** William Gaspar, 2011-11-18 A scientist studies the Mayan calendar and the prophecy that the world will end in the later part of 2012. **The End of Time** Anthony Aveni, 2009-10-01 December 21, 2012. The Internet, bookshelves and movie theaters are full of prophecies, theories and predictions that this date marks the end of the world or at least the end of the world as we know it. Whether the end will result from the magnetic realignment of the north and south poles bringing floods, earthquakes, death and destruction or from the return of alien caretakers to enlighten or enslave us or from a global awakening, a sudden evolution of Homo sapiens into non corporeal beings, theories of great impending changes abound. In *The End of Time*, award winning astronomer and Maya researcher Anthony Aveni explores these theories, explains their origins and measures them objectively against evidence unearthed by Maya archaeologists, iconographers and epigraphers. He probes the latest information astronomers and earth scientists have gathered on the likelihood of Armageddon and the oft proposed link between the Maya Long Count cycle and the precession of the equinoxes. He then expands on these prophecies to include the broader context of how other cultures, ancient and modern, thought about the end of things and speculates on why cataclysmic events in human history have such a strong
