Cheryl M. Peterson

Nessan, 2010-08-02 Craig Nessan's important new work retrieves biblical metaphors of the body of Christ and following Dietrich Bonhoeffer sees church today as Christ existing as community To theological probing Nessan then adds contextual analysis and describes the four chief imperatives that mark Christ's presence in the world today peacemaking justice making care for creation and engagement with the other He then unfolds the real life implications of this paradigm of Christian community for the local

Bliese, Craig Van Gelder, The Evangelizing Church moves from theory to practice as it relates the theology of evangelism to the life of congregations that are seeking to proclaim the gospel in the emerging postmodern context It provides congregations with perspectives on how to utilize this theology in shaping the practice of evangelism within their church life Churches on Mission Geoffrey Hartt, Christopher R. Little, John Wang, 2017-09-15 The twenty first century is marked by a renewed emphasis on the missional responsibility of individual Christians and local churches Churches on Mission God's Grace Abounding to the Nations is an attempt to explore the relationship between the local church and its missionary responsibilities Through history theology case studies and actual ministry practices each author in this collection presents an aspect of local church participation The book aims to be informational and inspirational on many levels and invites readers from local churches to become active participants in the mission of God **Cultivating an Evangelistic Character** Christopher James Schoon, 2018-04-24 This project explores the relationship between worship discipleship and evangelism within the missional church movement Engaging contributions from liturgical theology Christian ethics and post Christendom evangelism the book proposes a missional approach to worship that when integrated with a praxis oriented discipleship cultivates Jesus character among God's people Along the way the project attends to the Holy Spirit's transformative presence the liturgical rhythms of remembering and anticipating and the practices of hospitality and compassion In the end Cultivating an Evangelistic Character contends that the Spirit works through the integration of worship and discipleship to form God s people In other words God's people become evangelistic or as Newbigin said the hermeneutic of the gospel Congregational Leadership Larry L. McSwain, 2013-05-30 Leading is a calling from God but that doesn't mean it is easy There are choices to be made about what your congregation believes how your church organizes for effective ministry and how your church serves the settings of which you are a part The good news is that others have gone before you Author Larry L McSwain's forty years of experience can help guide you through these choices Rooted in research The Calling of Congregational Leadership teaches a three pronged approach to congregational leadership being a good leader the knowledge needed by the leader and the managing of ministry leadership By using this practical holistic approach to leading congregations McSwain shows you how to use your church's potential for conveying the power of God in the lives you touch The Calling of Congregational Leadership is for those who seek to enlarge the understanding of their leadership to make

their communities of faith more vital and more reflective of the mission of God in the world Congregational Revival for America's Heartland Lauren R. Ley, 2013-01-12 This manual provides lenses geography religion politics culture economics history ethnicity to better understand the complexity and depth of congregations as social institutions and as the body of Christ within a multi layered context of life Who Is the Church? Cheryl M. Peterson, 2013-05-01 Many congregations today focus on strategy and purpose what churches do but Cheryl Peterson submits that mainline churches need to focus instead on what or who they are to reclaim a theological rather than sociological understanding of themselves Peterson suggests that we understand the church as a people created by the Spirit to be a community and that we must claim a narrative method to explore the church's identity specifically the story of the church's origin in the Acts of the Apostles Finally here is a way of thinking of church that reconciles the best of competing models of church for the future of mainline Protestant theology Servantship Graham Joseph Hill, 2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship Servantship is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory Servantship recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many From Memory to Imagination C. Randall Bradley, 2012-09-21 The relatively recent worship wars over styles of worship traditional contemporary or blended have calmed down and many churches have now reached decisions about which worship style defines them At a more fundamental level however change has yet to begin In From Memory to Imagination Randall Bradley argues that fallout from the worship wars needs to be cleaned up and that fundamental cultural changes namely the effects of postmodernism call for new approaches to worship Outlining imaginative ways for the church to move forward this book is a must read for church leaders and anyone interested in worship music Reclaiming the "C" Word Kelly A. Fryer, 2006-04-24 God is up to something God is on a mission to save and bless the world and God calls the church to be part of this mission. That means getting focused setting people free taking action expecting surprises and being hopeful A church on God's mission isn't a building or a building plus a pastor It's people people who carry out God's mission in the world Building on her bestselling book Reclaiming the L Word Kelly A Fryer gives practical advice on how to transform our idea of church and what that means for our lives as Christians Wilhelm Loehe

and North America Craig L. Nessan, 2020-06-19 Wilhelm Loehe is one of the most significant nineteenth century figures for North American church life and mission whose influence continues into the present Loehe is unique for joining together aspects of the Christian life often held to be antithetical worship and mission orthodoxy and pietism evangelical proclamation and diakonia and theological imagination and practical skill in administration Already in the nineteenth century Loehe contributed a vital principle for advancing ecumenical understanding the idea of open questions. When the church confesses core teachings as one there does not need to be agreement on all secondary matters in order to live together in church fellowship This book explores Loehe's historical activity as a pastor as a supporter of mission in North America as an organizer together with Friedrich Bauer of theological education in North America and as a founder of deaconess institutions in Neuendettelsau Germany that still exist today The central themes represented by Loehe not only constitute a matrix that has significance for the church and its mission today but also constitute an agenda for the church of the future Missional Church and Leadership Formation Craig Van Gelder, 2009-10-23 In this volume the third book in the Missional Church series eminent missional church expert Craig Van Gelder continues to track and contribute to the expanding missional church conversation inviting today s brightest minds in the field to speak to key questions concerning church The Holy Spirit in the Christian Life Cheryl M. Peterson, 2024-03-19 The Holy Spirit in the Christian Life offers leadership a brief account of the doctrine of the Holy Spirit focusing specifically on the question of the person and work of the Spirit in the Christian life Lutheran theologian Cheryl Peterson identifies three key movements of the Christian life showing the Spirit s role in each justification God the Holy Spirit working for us sanctification God the Holy Spirit working in us and mission God the Holy Spirit working through us Peterson explores scriptural and doctrinal perspectives on the person and work of the Holy Spirit especially from churches with Reformation roots in view of contemporary spiritual movements including the spiritual but not religious and the Pentecostal and charismatic movements In addition she explores the means of the Spirit's work through Word sacrament and spiritual gifts This book offers a fresh look at the work of the Holy Spirit in the life of the church today It is ideal for seminarians and working pastors

Asian Contextual Theology for the Third Millennium Paul S Chung, Veli Matti Karkkainen, Kim Kyoung-Jae, 2010-03-25 In this volume an attempt is undertaken to highlight the genesis progress and transformation of Asian contextual theology of minjung introducing its historical point of departure its development and its transformation in light of younger Korean and Korean American scholars endeavors In this regard the new Asian contextual theology which is emerging strives to integrate both minjung and the wisdom of World Religions into its own framework and direction assuming the character of a public theology and remaining humble and open before God s mystery while featuring its association with minjung in a holistic way **Dead Church Walking** Jimmy Dorrell, 2012-01-04 Showing us how to embrace change this book brings fresh ideas to ignite the fire of churches and put them on the road to recovery The Integrity of the Body of Christ Arden Mahlberg, Craig L. Nessan, 2016-05-23 For religious communities to

have integrity and credibility they must flourish as places of love and respect Every aspect of church life is defined and protected by essential boundaries boundaries around space time thought speech will emotion and behavior both for clergy and church members Lack of awareness and attention to boundary keeping diminishes the integrity of the church and harms its mission whereas insight and vigilance about best practices lend freedom and energy to the calling of the church to care for others and to reach out to the world In a flourishing Christian community a wide array of boundaries must be recognized celebrated and navigated from the boundaries that define and protect us as individual persons to role boundaries and the boundaries that define essential communal functions such as worship This book is no conventional account of boundaries It takes a comprehensive approach to the challenge of understanding and creating healthy boundaries It applies the lessons from the emerging field of behavioral ethics to the rich and rewarding complexity of boundaries in church life helping us to be more loving and responsible in how we think speak and act so that the church can be true to its identity and mission
