Total Freedom It asks those who follow it to work on themselves deeply while staying aware of how they live each moment Honesty matters here owning what you do and feeling responsible for your own steps Yet the route isn't easy or clear cut Many doubt the truth behind its claims The cost of its courses and counseling raises eyebrows too Then there's the way the group handles information and deals with critics which has sparked concern This book looks at how Scientology tries to help people grow alongside the questions and doubts it stirs The goal is to give a fair down to earth view not just of the movement but of what it means for those involved and for the world beyond If you want to see why Scientology draws so much attention here is a plain and balanced guide to what it teaches and why it matters

Depth Psychology, Cult Survivors, and the Role of the Daimon Linda R. Quennec, 2024-06-10 This book explores the possibilities that exist for navigating out of and away from multiple levels of oppression through memoir based research It considers how those raised in oppressive high demand communities colloquially referred to as cults can emancipate themselves from controls and expectations inculcated from early childhood and examines processes surrounding the psychological reclamation of self Exploring and metaphorically tending to an orienting psychological dynamic that the ancient Greeks related to as the daimon and using the perspectives of Jungian and post Jungian depth psychology the author investigates how subjects can reclaim agency and avoid excessive control over their thoughts attention and life's intentions They suggest that depth psychologically oriented modes can be used to this attunement and explore this notion through a study of memoirs of individuals who were raised in cults Suggesting a more aligned approach to working with varying levels of psychological constraint and utilizing a phenomenological hermeneutic study it will appeal to scholars and professionals in depth psychology and other psychological orientations as well as individuals who are interested in more deeply understanding the psychological mechanisms involved in leaving a high demand group or other oppressive situations

Reclaiming My Decade Lost in Scientology Sands Hall, 2018-03-01 With its keen attention to the language and tactics of the church Hall's memoir is unique among the assortment of Scientology reports and exposes offering insight into the certainties that its subjects gain The Nation In the secluded canyons of 1980s Hollywood Sands Hall a young woman from a literary family strives to forge her own way as an artist But instead Hall finds herself increasingly drawn toward the certainty that Scientology appears to offer Her time in the Church includes the secretive illness and death of its founder L Ron Hubbard and the ascension of David Miscavige In this compelling memoir Hall reveals what drew her into the religion with its intrigues and unique contemporary vision and how she came to confront its darker sides and finally escape Some of the most penetrating illuminating prose about how an educated and skeptical person could get so deeply into and then struggle to escape what everyone around her warned was a dangerous cult brilliant The Underground Bunker If it is Scientology's offer of a life with meaning that hauls her in it is its approach to meaning that keeps her Hall's fascination with this is palpable Camille Ralphs The Times Literary Supplement

Terror, Love and

Brainwashing Alexandra Stein, 2016-11-03 Written by a cult survivor and renowned expert on cults and totalitarianism *Terror Love and Brainwashing* draws on the author's 25 years of study and research to explain how almost anyone given the right set of circumstances can be radically manipulated to engage in otherwise incomprehensible and often dangerous acts. Illustrated with compelling stories from a range of cults and totalitarian systems from religious to political to commercial the book defines and analyses the common and identifiable traits that underlie almost all these groups. It focuses on how charismatic authoritarian leaders control their followers' attachment relationships via manipulative social structures and ideologies so that emotionally and cognitively isolated they become unable to act in their own survival interests. Using the evolutionary theory of attachment to demonstrate the psychological impact of these environments and incorporating the latest neuroscientific findings Stein illustrates how the combined dynamic of terror and love works to break down people's ability to think and behave rationally. From small local cults to global players like ISIS and North Korea the impact of these movements is widespread and growing. This important book offers clarity and a unique perspective on the dynamics of these systems of control and concludes with guidance to foster greater awareness and prevention. It will be essential reading for mental health professionals in the field as well as policy makers, legal professionals, cult survivors and their families as well as anyone with an interest in these disturbing groups. Students of social and developmental psychology will also find it fascinating.

Scientology Jenna Miscavige Hill, 2013-02-13 doloroso difficile e a volte pu essere molto pericoloso aprire gli occhi e renderti conto che hai vissuto tutta la vita in una gabbia. Jenna era una principessa. Il suo adorato zio Dave era l'uomo più importante del mondo, le persone a lei più care godevano di privilegi ed erano rispettate da tutti. Lei stessa aveva obiettivi chiari e ambiziosi: essere ammessa nell'ambito rango dei Messaggeri del Commodoro e scalare il più velocemente possibile i gradini del Ponte verso la Libertà Totale. Intorno a lei tutto era Etico, tutto era giusto. Era giusto firmare un contratto con l'impegno a servire la Chiesa di Scientology per un miliardo di anni. Era giusto che i suoi genitori fossero così lontani perché si stavano occupando di una missione ben più alta di una semplice famiglia. Era giusto venire addestrata con lunghe ore di procedure a reprimere i sentimenti di rabbia e dolore per temprarsi ed essere efficiente senza lasciarsi distrarre dalle emozioni. Era giusto lavorare duramente e avere responsabilità fin da bambina: avere la vita misurata in un apposito Modulo tutte le settimane erano giuste le Corv obbligatorie e le punizioni con i lavori forzati o i pipistrelli giusti, i Cartellini per le delazioni, i Presidi del Sabato e il divieto di rivolgere la parola a chi non tuo pari nella gerarchia. Perché quando ci sei dentro quello è il tuo mondo. Perfino gli ordini più rigidi, la disciplina e i ranghi, le interminabili esercitazioni e gli interrogatori più serrati diventano la tua casa, il tuo rifugio e il tuo sogno. Anche se in questo orizzonte non c'è spazio per l'intimità, per la fragilità e per l'errore, per tutto ciò che ci rende umani. A volte, per nella vita si aprono delle porte. Osservi incontri delle persone e inizi a vedere che oltre ai confini del tuo mondo ce n'è un altro molto più vasto. Se ci vivi dalla nascita non ti rendi conto che tutto ciò che ti hanno insegnato è una prigione e non hai idea di cosa ci sia fuori e di come funzionino le emozioni se cominci ad

ascoltarle Cos succede che la principessa sogni di uscire nel mondo per diventare semplicemente una persona normale Ma anche quando la voglia di essere liberi pi forte della paura del rischio e della solitudine sfuggire al proprio destino un salto nel buio In questa straordinaria testimonianza pubblicata con grande attesa in contemporanea mondiale Jenna Miscavige Hill nipote del leader di Scientology succeduto a L Ron Hubbard e cresciuta in seno alla Chiesa fin dalla pi tenera infanzia racconta per la prima volta con l ausilio di preziose immagini inedite la vita quotidiana di una scientologa e la sua coraggiosa fuga Una grande storia di schiavit e riscatto un documento unico avvincente come un romanzo ma drammaticamente reale che ci offre una prospettiva privilegiata sui segreti di una delle organizzazioni pi potenti e misteriose del mondo
