Rothenberg, 2006 This interdisciplinary collection of 82 articles is designed to bring today's most pressing issues into the classroom and help prepare college students to assume their roles as members of an increasingly global community **Servant-Leadership and Forgiveness** Jiyong Song, Dung Q. Tran, Shann Ray Ferch, Larry C. Spears, 2020-08-01 In a world where leaders and organizations face conflicts and complexity at an alarming rate where human cruelty sometimes dominates kindness in individuals and families and where nations hover in the shadow of moral and financial collapse how do we find courage to forge a strong and enduring path into the future In a fresh and profound approach to the personal organizational and global dynamic discerning leaders consider the role of leadership and forgiveness in the midst of political and social upheaval The epicenter of Servant Leadership and Forgiveness speaks to leadership the heart of the leader and the power of forgiveness It is a compilation of insightful life transformative and significant essays on the nexus of servant leadership and forgiveness in everyday life the organizational world and international contexts The hope of the book is that people of all ages and creeds will engage in a deeper conversation around forgiveness and leadership specifically servant leadership and reach greater personal and collective responsibility for leadership that helps heal the heart of the world through forgiveness The Other People M. Wilkes Karraker, 2013-05-14 This book offers an interdisciplinary and accessible approach to issues of global migration in the twenty first century in 13 essays plus an appendix written by scholars and practitioners in the field *Women's Activism, Feminism, and Social Justice* Margaret A. McLaren, 2019 A wide range of issues besieges women globally including economic exploitation sexist oppression racial ethnic and caste oppression and cultural imperialism This book builds a feminist social justice framework from practices of women's activism in India to understand and work to overcome these injustices The feminist social justice framework provides an alternative to mainstream philosophical frameworks that promote global gender justice for example universal human rights economic projects such as microfinance and cosmopolitanism McLaren demonstrates that these frameworks are bound by a commitment to individualism and an abstract sense of universalism that belies their root neo liberalism Arguing that these frameworks emphasize individualism over interdependence similarity over diversity and individual success over collective capacity McLaren draws on the work of Rabindranath Tagore to develop the concept of relational cosmopolitanism Relational cosmopolitanism prioritizes our connections while crucially acknowledging the reality of power differences Extending Iris Young's theory of political responsibility McLaren shows how Fair Trade connects to the economic solidarity movement The Self Employed Women's Association and MarketPlace India empower women through access to livelihoods as well as fostering leadership capabilities that allow them to challenge structural injustice through political and social activism Their struggles to resist economic exploitation and gender oppression through collective action
