Beyond Choice The Abortion Story No One Is Telling

Brad Stetson

Beyond Choice The Abortion Story No One Is Telling:

Biblical Counsel ,1993 **Politics of Abortion and Birth Control in Historical Perspective** Donald T.

Critchlow,2010-11-01 While there is extensive literature on the social history politics and legal aspects of birth control and abortion in the United States the history of family planning as a policy remains to be fully recorded This volume is intended to contribute to this history by examining birth control and abortion within a larger cultural policy and comparative framework The essays contained in this volume represent a variety of perspectives and scholarly interests In many instances the authors differ with each other as well as with the editor on fundamental points of historical interpretation They all however share a commitment to study the politics of population within a scholarly framework that emphasizes the importance of policy history for understanding past and contemporary problems Beyond Choice Don Baker,1931-12-12

Cultural Conceptions Valerie Hartouni,1997 Examines the meaning of life in an era of emerging biotechnology What happens to prevailing beliefs about the uniqueness of individual life when life can be cloned Or to traditional understandings of family relationships when a child can have up to five parents These are some of the questions addressed by Valerie Hartouni in her consideration of the cultural effects of new reproductive technologies as reflected in video images popular journalism scientific debates legal briefs and policy decisions In *Cultural Conceptions* Hartouni tracks the circulation and communication of various myths images and stories pertaining to new reproductive technologies and their effects both imagined and real during the past two decades While addressing topics ranging from surrogacy and cloning to adoption ultrasound imaging and abortion Hartouni looks to American popular culture for clues to what these new and not so new reproductive practices tell us about issues of personhood Hartouni investigates the emergence of new anxieties about the nature of selfhood as well as the recurrence of age old myths regarding individuality sexuality property and family She argues that both are being played out in cultural contests over the meaning and organization of women s reproductive capacity In her discussion of provocative issues such as The Bell Curve controversy and the Baby M case Hartouni traces the dialectic of crisis and containment unleashed by reproductive technologies Ultimately however *Cultural Conceptions* argues that the anxieties that surround new reproductive technologies provide openings for alternative understandings and practices of life to emerge and challenge those currently in place A thoughtful daring and original look at this complex set of issues *Cultural Conceptions* provides an much needed guide to our nation s psyche as we approach the new millennium

Technoculture Constance Penley,Andrew Ross,1991 Case studies of groups including high tech office workers Star trek fans Japanese technoporn producers teenage hackers AIDS activists rap groups and rock stars yield insights about the production and management of repressive technocultures as well as new possibilities for the encouragement of technoliteracy a requirement for the democratization of social communication Annotation copyrighted by Book News Inc Portland OR *Forthcoming Books* Rose Arny,2003-12 **The Silent Subject** Brad Stetson,1996-01-19 When God willing

the abortion controversy is behind us partisans of the pro life and pro choice positions are going to have to live together in this society That is why sloganeering and passionate polemics are inevitable civil conversation is essential And that is why The Silent Subject is such a gift to all of us at this point in the controversy From the foreword by Richard John Neuhaus The essays in this work constitute a sensitive public argument for a reconstruction of the confused yet dominant popular attitudes toward nascent human life and its value Unlike most pro life arguments it offers no strictly religious or exclusively sectarian warrants for its assertions instead bearing a more secular cast speaking to a generalized and pluralistic audience As a whole The Silent Subject embraces no specific particular political ideology Its contributors have a broad spectrum of professional interests political perspectives and social philosophies all of which indicates the fundamentally humanistic and apolitical nature of concern for the unborn and the degree to which they are esteemed This unusual book is a refreshingly candid and morally compelling analysis of the social forces that superintend our cultural outlook toward unborn human life

An Open Secret Natalie L. Kimball, 2020-06-12 Many women throughout the world face the challenge of confronting an unexpected or an unwanted pregnancy yet these experiences are often shrouded in silence An Open Secret draws on personal interviews and medical records to uncover the history of women's experiences with unwanted pregnancy and abortion in the South American country of Bolivia This Andean nation is home to a diverse population of indigenous and mixed race individuals who practice a range of medical traditions Centering on the cities of La Paz and El Alto the book explores how women decided whether to continue or terminate their pregnancies and the medical practices to which women recurred in their search for reproductive health care between the early 1950s and 2010 It demonstrates that far from constituting private events with little impact on the public sphere women's intimate experiences with pregnancy contributed to changing policies and services in reproductive health in Bolivia

Free to Love Again Dick Purnell, 1993 For many people sexual intimacy outside marriage is too tempting to resist Yet the excitement is only momentary and often leads to negative consequences such as guilt breakups and shame Free to Love Again helps men and women learn how to heal sexual regret and develop healthy physical and emotional relationships with the opposite sex

Abortion Decisions of the United States Supreme Court Maureen Harrison, Steve Gilbert, 1993 The third volume of a three volume history of abortion decisions

Without Apology Shannon Stettner, 2016-08-26 Until the late 1960s the authorities on abortion were for the most part men politicians clergy lawyers physicians all of whom had an interest in regulating women's bodies Even today when we hear women speak publicly about abortion the voices are usually those of the leaders of women's and abortion rights organizations women who hold political office and on occasion female physicians We also hear quite frequently from spokeswomen for anti abortion groups Rarely however do we hear the voices of ordinary women women whose lives have been in some way touched by abortion Their thoughts typically owe more to human circumstance than to ideology and without them we run the risk of thinking and talking about the issue of abortion only in the abstract Without Apology seeks to address this issue by gathering the voices of

activists feminists and scholars as well as abortion providers and clinic support staff alongside the stories of women whose experience with abortion is more personal With the particular aim of moving beyond the polarizing rhetoric that has characterized the issue of abortion and reproductive justice for so long *Without Apology* is an engrossing and arresting account that will promote both reflection and discussion [3 1/2 Seconds to Live](#) Kate Thomas Baker, Don Baker, 2017-01-17 From a World War to a personal war this is the profoundly personal story of a preacher with PTSD and major depressive disorder Don Baker shares his journey into the darkness the black hole as he calls it and how its shadow has haunted him for over seventy years Insightful vulnerable and honest this is a human story for human readers for people who have tasted life and found it too often bitter and perplexing

Beyond the Abortion Wars: A Way Forward for a New Generation Camosy, 2016-09 Now in paperback A terribly timely take on the polarized abortion debate The abortion debate in the United States is confused Ratings driven media coverage highlights extreme views and creates the illusion that we are stuck in a hopeless stalemate In this book published in hardcover in March 2015 Charles Camosy argues that our polarized public discourse hides the fact that most Americans actually agree on the major issues at stake in abortion morality and law Unpacking the complexity of the abortion issue Camosy shows that placing oneself on either side of the typical polarizations pro life vs pro choice liberal vs conservative Democrat vs Republican only serves to further confuse the debate and limits our ability to have fruitful dialogue Camosy then proposes a new public policy that he believes is consistent with the beliefs of the broad majority of Americans and supported by the best ideas and arguments about abortion from both secular and religious sources

Abortion Decisions of the United States Supreme Court: The 1980's, Harris v. McRae, Williams v. Zbaraz, H.L. v. Matheson, Akron v. Akron Center, Planned Parenthood v. Ashcroft, Simopoulos v. Virginia, Thornburgh v. American College, Webster v. Reproductive Health Services Maureen Harrison, 1993 Volume 1 of a three volume history of abortion decisions

Souls, Bodies, Spirits Kerry N. Jacoby, 1998-04-23 Jacoby provides a comprehensive social history of the abortion abolition campaign from its beginnings following Roe v Wade through the 1996 elections She explores the abortion abolition effort historically sociologically theologically and politically arguing for a deepened understanding of American abortion opponents The history of the abortion abolition effort in America is examined through three different approaches to the understanding of collective behavior Beginning with the immediate post Roe period the movement is explored as a Catholic moral crusade and Jacoby analyzes why Catholic Americans were particularly prone to such activity as well as why otherwise theologically compatible Protestants were not She then examines the effort as a major social movement beginning around 1980 Finally the late 1980s development of direct action activity most notably in the form of Operation Rescue is viewed in light of its connection to the theology and expectations of religious revivalism In her conclusions Jacoby provides a new model for understanding faith based political action Students teachers and the general public will find this book a thorough comprehensive and accessible examination of the movement

Issues in

Focus ,1989 Issues in Focus is a course centered around 15 controversial topics that are confronting our world today including AIDS New Age homosexuality divorce and terrorism It is designed to provide a clear biblical perspective on contemporary issues Christianity Today ,1985 Congressional Record United States. Congress,2000 **Beyond Limits** Shelley Sella,2025-06-03 Beyond Limits is moving personal insightful and powerfully written This book helps us to see people who seek abortions with clarity and compassion as people in the real world rather than as the objects of an abstract moral or political debate Diana Greene Foster author of The Turnaway Study A compassionate perspective on late term abortion that challenges preconceived notions of who gets abortions and why Within both the anti abortion and pro choice movements third trimester abortion is often stigmatized and misunderstood For 20 years Dr Shelley Sella saw patients whose diverse backgrounds and circumstances led them to the same difficult decision to end their pregnancies Now interweaving her own journey as a provider Dr Sella invites readers into a typical week at her clinic to demystify the experience She shares the stories of people like Clarissa a mother of 2 whose third suffered a massive stroke in utero with no chance of recovery Mary a devoted Catholic whose fourth round of IVF offered a late in life chance at motherhood only to be dashed by anomalous test results Laura a mother to 4 already whose bruised arms tell a painful story one she couldn t bring herself to write a fifth child into Beyond Limits is not just a testament to a standard of care grounded in competence compassion and sensitivity It is also a call for a paradigm shift that moves beyond Dobbs beyond Roe beyond limits to provide care And it is a tribute to the real people whose hearts reasons and stories are more complex than politicized conversations about abortion lead us to believe Intensive Care Rich Van Pelt,1988

Beyond Choice The Abortion Story No One Is Telling: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Beyond Choice The Abortion Story No One Is Telling : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Beyond Choice The Abortion Story No One Is Telling : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
