A Study of B. Traven's Fiction Richard Eugene Mezo, 1993 *A discussion of four B. Traven questions, with particular attention to "The death ship"* Michael Leopold Baumann, 1978 My Cocaine Museum Michael

Taussig,2009-12-19 In this book a make believe cocaine museum becomes a vantage point from which to assess the lives of Afro Colombian gold miners drawn into the dangerous world of cocaine production in the rain forest of Colombia s Pacific Coast Although modeled on the famous Gold Museum in Colombia s central bank the Banco de la Rep blica Taussig s museum is also a parody aimed at the museum s failure to acknowledge the African slaves who mined the country s wealth for almost four hundred years Combining natural history with political history in a filmic montage style Taussig deploys the show and tell modality of a museum to engage with the inner life of heat rain stone and swamp no less than with the life of gold and cocaine This effort to find a poetry of words becoming things is brought to a head by the explosive qualities of those sublime fetishes of evil beauty gold and cocaine At its core Taussig s museum is about the lure of forbidden things charged substances that transgress moral codes the distinctions we use to make sense of the world and above all the conventional way we write stories

Extractive Capitalism Laleh Khalili,2025-08-26 An expos of the extractive industries powering globalization and a primer on fighting back Laleh Khalili reflects on the hidden stories behind late capitalism from seafarers abandoned on debt ridden container ships to the nefarious reach of consultancy firms and the cronyism that drives record breaking profits Piercing wry and constantly revealing Extractive Capitalism brings vividly to light the dark truths behind the world s most voracious industries Whether it is pumping oil mining resources or shipping commodities across oceans the global economy runs on extraction Promises of frictionless trade and lucrative speculation are the hallmarks of our era but the backbone of globalization is still low cost labor and rapacious corporate control Extractive capitalism is what made and what maintains our unequal world

Swinging the Maelstrom Malcolm Lowry,2013-11-28 Swinging the Maelstrom is the story of a musician enduring existence in the Bellevue psychiatric hospital in New York Written during his happiest and most fruitful years this novella reveals the deep healing influence that the idyllic retreat at Dollarton had on Lowry This long overdue scholarly edition will allow scholars to engage in a genetic study of the text and reconstruct step by step the creative process that developed from a rather pessimistic and misanthropic vision of the world as a madhouse The Last Address 1936 via the apocalyptic metaphors of a world on the brink of Armageddon The Last Address 1939 to a world that in spite of all its troubles leaves room for self irony and humanistic concern Swinging the Maelstrom 1942 1944

A Question of Quality Louis Filler,1976 The subjects treated in this symposium have one major characteristic in common that they have recently or relatively recently enjoyed high popularity among readers Also they have received from substantial to torrents of comment

The Grey Undercurrent Felix Schürmann,2023-04-03 By extending their voyages to all oceans from the 1760s onward whaling vessels from North America and Europe spanned a novel net of hunting grounds maritime routes supply posts and transport chains across the globe For obtaining provisions cutting firewood recruiting additional men and transshipping whale products these highly mobile hunters regularly frequented coastal places and islands along their routes which were largely determined by the migratory movements of their prey American style pelagic whaling thus constituted a significant

though often overlooked factor in connecting people and places between distant world regions during the long nineteenth century Focusing on Africa this book investigates side effects resulting from stopovers by whalers for littoral societies on the economic social political and cultural level For this purpose it draws on eight local case studies four from Africa s west coast and four from its east coast In the overall picture the book shows a broad range of effects and side effects of different forms and strengths which it figures as a grey undercurrent of global history *The Corn Wolf* Michael Taussig,2015-12-02

Collecting a decade of work from iconic anthropologist and writer Michael Taussig *The Corn Wolf* pinpoints a moment of intellectual development for the master stylist exemplifying the nervous system approach to writing and truth that has characterized his trajectory Pressured by the permanent state of emergency that imbues our times this approach marries storytelling with theory thickening spiraling analysis with ethnography and putting the study of so called primitive societies back on the anthropological agenda as a way of better understanding the sacred in everyday life The leading figure of these projects is the corn wolf whom Wittgenstein used in his fierce polemic on Frazer s *Golden Bough* For just as the corn wolf slips through the magic of language in fields of danger and disaster so we are emboldened to take on the widespread culture of academic or what he deems agribusiness writing which strips ethnography from its capacity to surprise and connect with other worlds whether peasant farmers in Colombia Palestinians in Israel protestors in Zuccotti Park or eccentric yet fundamental aspects of our condition such as animism humming or the acceleration of time A glance at the chapter titles such as *The Stories Things Tell* or *Iconoclasm Dictionary* along with his zany drawings testifies to the resonant sensibility of these works which lope like the corn wolf through the boundaries of writing and understanding Rethinking Place through Literary Form Rupsa Banerjee,Nathaniel Cadle,2022-05-30

Rethinking Place Through Literary Form regards the relationship between place and linguistic form as challenging real and perceived configurations of place and renegotiating geopolitically determined categories of the centre and periphery The volume argues that the rise of scattered communities displaced physically and psychologically by urban and alienated geographies necessitates linguistic negotiations of one s locatedness in place as the chief means of uncovering and re building identity By looking at narrative re imaginings of forgotten and interrupted intimacies between habitation and place from diverse parts of the world the twelve chapters address the growing need to expand and alter approaches to literary representations of modernity and modes of self location **The Name of Action** John Fraser,1984-12-20

John Fraser s critical essays explore conflicting attitudes towards self affirmation and social order Important concerns that touch these essays are ideas of energy power and personal plenitude and the way in which idealism and heroic intensity can sometimes lead to overstrain and collapse Arena Two Stuart Christie,2011-02-15 In the second issue of *Arena* we aim to provide general insights into the role of the anarchist in fiction both as protagonist and author David Weir s essay *Anarchist Fiction Anarchist Sensibilities* focuses on the progenitor of anarchist fiction William Godwin s Caleb Williams published in 1794 that demonstrated the pressing need for the utopian system he described in the

first systematic elaboration of anarchist philosophy Enquiry Concerning Political Justice Epic Pooh is a newly updated revision of a 1978 article by Michael Moorcock reviewing epic fantasy literature for children particularly J R R Tolkien s The Lord of the Rings While researching early twentieth century French anarchist plays translated into Italian Santo Catanuto discovered interesting information on the literary side of the Communard Louise Michel indicating that she was the author of Twenty Thousand Leagues Under The Sea Stephen Schwartz a longtime critic of the detective novel evaluates the arc of French writer Leo Malet from anarchist to arabophobe and in Between Libel And Hoax counters Miguel Mir s libelous depiction of the Spanish anarchist movement Entre el roig i el negre In his discourse on B Traven s The Death Ship Ernest Larsen looks at the intractable modern problem of identity Larsen s short story Bakunin At The Beach is about Mr and Mrs Bakunin holidaying at Lake Maggiore under the watchful eyes of Inspector Dupin of the Swiss Department of Justice and Police Joseph Conrad s short story An Anarchist A Desperate Tale is republished here from A Set of Six 1908 Anarchists in Fiction is a collection of idiosyncratic reviews of books in which anarchists are portrayed as an eclectic group of villains and criminal degenerates Finally we conclude this second issue of Arena with an article by our cinema editor Richard Porton on Du an Makavejev s playful allusive 1971 film WR Mysteries of the Organism

Radical Representations Barbara Foley,1993 In this revisionary study Barbara Foley challenges prevalent myths about left wing culture in the Depression era U S Focusing on a broad range of proletarian novels and little known archival material the author recaptures an important literature and rewrites a segment of American cultural history long obscured and distorted by the anti Communist bias of contemporaries and critics Josephine Herbst William Attaway Jack Conroy Thomas Bell and Tillie Olsen are among the radical writers whose work Foley reexamines Her fresh approach to the U S radicals debates over experimentalism the relation of art to propaganda and the nature of proletarian literature recasts the relation of writers to the organized left Her grasp of the left s positions on the Negro question and the woman question enables a nuanced analysis of the relation of class to race and gender in the proletarian novel Moreover examining the articulation of political doctrine in different novelistic modes Foley develops a model for discussing the interplay between politics and literary conventions and genres *Radical Representations* recovers a literature of theoretical and artistic value meriting renewed attention from those interested in American literature American studies the U S left and cultural studies generally
