The Demons Lexicon The Demons Lexicon 1 By Sarah Rees Brennan:

The Demon's Lexicon Sarah Rees Brennan, 2010-02-18 Nick and his brother Alan are on the run with their mother who was once the lover of a powerful magician. When she left him, she stole an important charm and he will stop at nothing to reclaim it. Now Alan has been marked with the sign of death by the magician's demon and only Nick can save him. But to do so, he must face those he has fled from all his life: the magicians and kill them. So the hunted becomes the hunter, but in saving his brother, Nick discovers something that will unravel his whole past. *The Demon's Lexicon* is full of shimmery marvels and bountiful thunder. Scott Westerfeld: Sarah Rees Brennan crafts a twisty tale full of surprises. Holly Black: Witty, dark, and moving. This novel will keep your eyes glued to the pages. Cassandra Clare: Nonstop action, nail-biting suspense, clever rapartee, and a knockout secret involving the two brothers will keep readers on the edges of their seats. Fans of the paranormal and the Supernatural television series are going to enjoy the adventures of these demon-fighting brothers, but so will aficionados of sharp writing, complex characters, fast-paced plots, teen angst, and the struggle between good and evil. For fans of Supernatural, comes a read until 3am book: the first in the series by acclaimed author Sarah Rees Brennan. *The Demon's Surrender* Sarah Rees Brennan, 2012-06-05 Magic and romance collide in the thrilling conclusion to the *Demon's Lexicon* Trilogy. Sin's world is turned upside down when she has to ally with a demon and his brother to save her beloved Goblin Market from the evil magicians. **The Demon's Covenant** Sarah Rees Brennan, 2010-05-18 Mae has always thought of herself as in control, but in the last few weeks, her life has radically changed. She's learned that her brother Jamie has magical powers and Gerald, the new leader of the Obsidian Circle, is trying to persuade Jamie to join the magicians. Even worse, Jamie hasn't told Mae a thing about any of it. Mae turns to brothers Nick and Alan to help her rescue Jamie, but they are in danger from Gerald themselves because he wants to steal Nick's powers. Will Mae be able to find a way to save them all from the power-hungry magician's devious trap? *They Suck, They Bite, They Eat, They Kill* Joni Richards Bodart, 2012 Teen readers have always been fascinated by monsters, but lately it seems like every other young adult YA book is about vampires, zombies, or werewolves. These works are controversial since they look at aspects of life and human nature that adults prefer to keep hidden from teenagers. But this is also why they are so important: They provide a literal example of how ignoring life's hazards won't make them go away and demonstrate that ignorance of danger puts one at greater risk. In *They Suck, They Bite, They Eat, They Kill*, The Psychological Meaning of Supernatural Monsters in Young Adult Fiction, Joni Bodart examines six different monsters: vampires, shapeshifters, zombies, unicorns, angels, and demons in YA literature. Bodart first discusses the meaning of these monsters in cultures all over the world. Subsequent chapters explore their history and most important incarnations, comparing the same kind of creatures featured in different titles. This volume also contains interviews with authors who provide additional insight and information, and the bibliography includes a comprehensive list of titles featuring the various monsters. Analyzing the most important and well-written series and titles for teens: *They Suck, They Bite, They Eat*.

They Kill will be useful for parents teachers and anyone else hoping to understand why teens want to read books in this genre and what some of the benefits of reading them might be
