Encountering Material Culture Through Archaeological Fiction Kerry Dodd, 2024-12-12 Investigating the representation of artefacts, objects and things in a range of predominantly Western archaeological fiction from the late Victorian period to the modern day, this book examines the narratives through which humanity represents its own material heritage in relation to notions of enchantment, exhibition, estrangement, adventure, tourism and waste. Kerry Dodd asserts that comprehending the structures through which material culture is presented within archaeological media reveals the structures that transform an object from rubbish to relic. Calling upon such indicative literature, films, TV series and video games as Tomb Raider, Indiana Jones, Uncharted and Relic Hunter, this book explores the depiction of material culture through three principal areas: relics, exhibition and adventure. Outlining a critical framework of artefact representation, Dodd argues that such iconic moments as Howard Carter's remark that he saw wonderful things when he broke into the antechamber of Tutankhamun's tomb remain recognisable through the evocation of a spectacular visual, despite little concrete definition of the objects witnessed. This book offers a unique exploration of how such figures as Indiana Jones, Lara Croft and Carter have cemented a cultural recognition of what an artefact constitutes as being dependent on how an object is encountered. It is through the very wonder of things that Dodd breaks down the boundaries between popular and professional archaeology by pushing forward critical considerations of material culture.

MCDERMOTT, 2019-04-04 *In cerca di Atlantide* Andy McDermott, 2010-12-31 T00:00:00+01:00 Un'isola situata oltre le colonne d'Ercole sommersa da un tremendo cataclisma. Una civiltà florida e potente devota al culto del dio Poseidone scomparsa con tutti i suoi tesori più di undicimila anni fa. Il mito di Atlantide. Ma si tratta davvero di una semplice leggenda?
