The Education of Little Tree Forrest Carter, 2004-03-01 Going Native Shari M. Huhndorf, 2015-03-19 Since the 1800 s many European Americans have relied on Native Americans as models for their own national racial and gender

identities Displays of this impulse include world s fairs fraternal organizations and films such as *Dances with Wolves* Shari M Huhndorf uses cultural artifacts such as these to examine the phenomenon of going native showing its complex relations to social crises in the broader American society including those posed by the rise of industrial capitalism the completion of the military conquest of Native America and feminist and civil rights activism Huhndorf looks at several modern cultural manifestations of the desire of European Americans to emulate Native Americans Some are quite pervasive as is clear from the continuing if controversial existence of fraternal organizations for young and old which rely upon Indian costumes and rituals Another fascinating example is the process by which Arctic travelers went Eskimo as Huhndorf describes in her readings of Robert Flaherty s travel narrative *My Eskimo Friends* and his documentary film *Nanook of the North* Huhndorf asserts that European Americans appropriation of Native identities is not a thing of the past and she takes a skeptical look at the tribes beloved of New Age devotees *Going Native* shows how even seemingly harmless images of Native Americans can articulate and reinforce a range of power relations including slavery patriarchy and the continued oppression of Native Americans Huhndorf reconsiders the cultural importance and political implications of the history of the impersonation of Indian identity in light of continuing debates over race gender and colonialism in American culture

International Adoption in North American Literature and Culture Mark Shackleton,2017-09-06 This book is about transnational and transracial adoption in North American culture It asks to what extent does the process of international adoption reflect imperious inequalities around the world or can international adoption and the personal experiences of international adoptees today be seen more positively as what has been called the richness of adoptive being The areas covered include Native North American adoption policies and the responses of Native North American writers themselves to these policies of assimilation This might be termed adoption from within Adoption from without transnational adoption is primarily dealt with in articles discussing Chinese and Korean adoptions in the US The third section concerns such issues as the multiple forms that adoption can take notions of adoption and identity adoption and the family and the problems of adoption

Encyclopedia of American

Indian Literature Jennifer McClinton-Temple, Alan Velie, 2010-05-12 American Indians have produced some of the most powerful and lyrical literature ever written in North America Encyclopedia of American Indian Literature covers the field from the earliest recorded works to some of today's most exciting writers This encyclopedia features the most respected widely read and influential American Indian writers to date publisher description **Text, Lies and Cataloging** Jana Brubaker, 2018-07-09 What do James Frey's *A Million Little Pieces* Margaret B Jones' *Love and Consequence* and Wanda Koolmatrie's *My Own Sweet Time* have in common None of these popular books are what they appear to be Frey's fraudulent drug addiction memoir was really a semi-fictional novel Jones' chronicle of her life in a street gang was a complete fabrication and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon Carmen Deceptive literary works mislead readers and present librarians with a dilemma Whether making recommendations to patrons or creating catalog records objectivity and accuracy are crucial and can be difficult when a book's authorship or veracity is in doubt This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate An extensive annotated bibliography describes books that are not what they seem **Slippery Characters** Laura Browder, 2003-06-20 In the 1920s black janitor Sylvester Long reinvented himself as Chief Buffalo Child Long Lance and Elizabeth Stern the native born daughter of a German Lutheran and a Welsh Baptist authored the immigrant's narrative *I Am a Woman and a Jew* in the 1990s Asa Carter George Wallace's former speechwriter produced the fake Cherokee autobiography *The Education of Little Tree* While striking these examples of what Laura Browder calls ethnic impersonator autobiographies are by no means singular Over the past 150 years a number of American authors have left behind unwanted identities by writing themselves into new ethnicities Significantly notes Browder these ersatz autobiographies have tended to appear at flashpoints in American history in the decades before the Civil War when immigration laws and laws regarding Native Americans were changing in the 1920s and during the civil rights era for example Examining the creation and reception of such works from the 1830s through the 1990s against a background ranging from the abolition movement and Wild West shows to more recent controversies surrounding blackface performance and jazz music Browder uncovers their surprising influence in shaping American notions of identity *Appalachian Children's Literature* , 2010-04-13 This comprehensive bibliography includes books written about or set in Appalachia from the 18th century to the present Titles represent the entire region as defined by the Appalachian Regional Commission including portions of 13 states stretching from southern New York to northern Mississippi The bibliography is arranged in alphabetical order by author and each title is accompanied by an annotation most of which include composite reviews and critical analyses of the work All classic genres of children's literature are represented *REPORTER* Alvin Benn, 2006-01-24 When a United Press International executive asked Al Benn where he wanted to begin his journalism career he unhesitatingly replied Where the action is Little did he

know at the time that he'd wind up reporting on America's civil rights movement in Birmingham Alabama which was known as BOMBingham in the 1960s Benn had no experience as a reporter in 1964 but he quickly learned by following and watching those who did One night he might be in a pasture covering a Ku Klux Klan rally where grand dragons and imperial wizards in white sheets delivered hate filled speeches under the glow of burning crosses The next night he might be inside a black church where civil rights leaders called for peace and racial harmony It was an exciting often harrowing time for the rookie reporter filled with deadline pressures danger and the knowledge that he had become personally involved in covering developments of historic proportions When he wasn't chronicling civil rights events Benn wrote about scientists and astronauts involved in the space race as well as reaction on the home front to the war that raged in Vietnam His favorite assignment was covering football at the University of Alabama where he got to know the Crimson Tide's head coach Paul Bear Bryant and reported the exploits of star quarterbacks such as Joe Namath and Ken Stabler He also found time to write several exclusive stories One involved secret payments to the widows of Alabama pilots killed during the disastrous Bay of Pigs invasion in Cuba Another centered on the national boycott of Beatles records launched by two Birmingham radio personalities upset over a comment by John Lennon that his group was more popular than Jesus Benn left UPI in 1967 to begin the newspaper phase of his journalism career He worked in three states becoming an editor and publisher before landing his best job of all covering rural Alabama for the Montgomery Advertiser in 1980 Benn has written about heroes and heels legends and losers captains of industry and disgraced CEOs Most of all he's focused on the people who work hard to support their families and improve the quality of life in their cities They're his heroes This book explores Benn's four decades as a journalist It recounts the hectic pace at UPI where he faced deadlines every minute as well as newspaper work that afforded him a chance to write columns do investigative reporting and as he did at UPI drop everything and race to the next big story It's also about growing up in the slums of a small Pennsylvania town and then enlisting in the Marine Corps where he gained his first journalism experience So come along on a 40 year ride through an important period in American history It's a career as seen through the eyes of a reporter who admits he got just what he asked for in 1964 plenty of action

McKee, 2011 Placing the New Southern Studies in conversation with film studies this book is simply the best edited collection available on film and the U S South Grace Hale University of Virginia The Literary Filmography Leonard Mustazza, 2006-05-17 From the very infancy of the film industry filmmakers have relied heavily upon literature as the foundation for their movie material Well known literary works such as Dickens's A Christmas Carol and Hawthorne's The Scarlet Letter were adapted to film in the silent era as were such books as Thomas Dixon's Jr's The Klansman basis for the film Birth of a Nation In recent years Nick Hornsby's About a Boy and each of Helen Fielding's Bridget Jones's Diary novels were the basis for popular movies bearing the same names A guide to English language works that have been adapted as theatrical and television films this volume includes books both

In *Reconstructing the Native South* Melanie Benson Taylor examines the diverse body of Native American literature in the contemporary U S South literature written by the descendants of tribes who evaded Removal and have maintained ties with their southeastern homelands In so doing Taylor advances a provocative even counterintuitive claim that the U S South and its Native American survivors have far more in common than mere geographical proximity Both cultures have long been haunted by separate histories of loss and nostalgia Taylor contends and the moments when those experiences converge in explicit and startling ways have yet to be investigated by scholars These convergences often bear the scars of protracted colonial antagonism appropriation and segregation and they share preoccupations with land sovereignty tradition dispossession subjugation purity and violence Taylor poses difficult questions in this work In the aftermath of Removal and colonial devastation what remains for Native and non Native southerners to be recovered Is it acceptable to identify an Indian lost cause Is a deep sense of hybridity and intercultural affiliation the only coherent way forward both for the New South and for its oldest inhabitants And in these newly entangled postcolonial environments has global capitalism emerged as the new enemy for the twenty first century *Reconstructing the Native South* is a compellingly original work that contributes to conversations in Native American southern and transnational American studies *Ethics for the Young Mind*

Jerome S. Allender,Donna Sclarow Allender,2015-11-17 *Ethics for the Young Mind* is both a curriculum and a story This book is designed to assist teachers and parents in their endeavors to educate young people about behaving ethically Messy ethics practical applications and teaching ethics are the main topics The book begins with a focus on right versus wrong and moves on to an exploration of combining rules with compassion The authors explore what happens when right confronts a conflicting right and the hard work of a meaningful ethical classroom discussion The practical applications provided in the book demonstrate how to stop bullying before the social fabric of a community breaks down Offering vivid classroom and real life examples the book works through the challenges and rewards of creating ethical classrooms and other communities even at home The authors address global concerns and the overall need for adolescents to develop a work ethic to have success in creating an ethical community **Humanities** ,2012
