Canada In the Mirror of the Past Tomasz Ratajczak, Bogdan Trocha, 2014-09-26 These days we are ever more often confronted by overwhelming events Searching for a way to understand them we turn to mythic archetypes still present in our culture The authors of these essays pose questions about the reliability of the archetypes found in tradition history and scattered mythologemes The essays in this collection deal with the presence of mythic time in modern speculative fiction such as fantasy and alternate histories and discuss major mythologemes and their functions in popular literature and extra literary reality The authors show how mythopoeic fiction becomes a genetically modified mythic mirror in which we hope to see answers to vexing questions or just a reality superior to the ordinary one In the Mirror of the Past Of Fantasy and History is a collection of seven essays by American and Polish authors including Brian Attebery Terri Doughty and Marek Oziwicz with Mircea Eliade's concept of return from history to History as their underlying theme **Fantasy Literature and Christianity** Weronika Łaszkiewicz, 2018-10-18 The debate surrounding the Christian aspects of C S Lewis's The Chronicles of Narnia J R R Tolkien's The Lord of the Rings Philip Pullman's His Dark Materials and J K Rowling's Harry Potter has revealed not only the prominence of religious themes in fantasy fiction but also readers' concerns over portrayals of religion in fantasy Yet while analyses of these works fill many volumes other fantasy series have received much less attention This critical study explores the fantastic religions and religious themes in American and Canadian works by Stephen R Donaldson Chronicles of Thomas Covenant Guy Gavriel Kay Fionavar Tapestry Celia S Friedman Coldfire Trilogy and Brandon Sanderson Mistborn References to biblical tradition and Christian teachings reveal these writers' overall approach to Christianity and the relationship between Christianity and the fantasy genre *Canadian Books in Print. Author and Title Index*, 1975 Incest and the Medieval Imagination Elizabeth Archibald, 2001-05-24 Incest is a remarkably frequent theme in medieval literature it occurs in a wide range of genres including romances saints' lives and exempla Historically the Church in the later Middle Ages was very concerned about breaches of the complex laws against incest which was defined very broadly at the time to cover family relationships outside the nuclear family and also spiritual relationships through baptism Medieval writers accepted that incestuous desire was a widespread phenomenon among women as well as men They are surprisingly open about incest though of course they disapprove of it in many exemplary stories incest is identified with original sin but the moral emphasizes the importance of contrition and the availability of grace even to such heinous sinners This study begins with a brief account of the development of medieval incest laws and the extent to which they were obeyed Next comes a survey of classical incest stories and their legacy many were retold in the Middle Ages but they were frequently adapted to the purposes of Christian moralizers In the three chapters that follow homegrown medieval incest stories are grouped by relationship mother son focusing on the Gregorius legend father daughter focusing on La Manekine and its analogues and sibling focusing on the Arthurian legend The final chapter considers the very common medieval trope of the Virgin Mary as mother daughter sister and bride of Christ the one exception to the incest taboo In western society today

incest has recently been recognized as a serious social problem and has also become a frequent theme in both fiction and non fiction just as it was in the Middle Ages This interdisciplinary study is the first broad survey of medieval incest stories in Latin and the vernaculars mainly French English and German It situates the incest theme in both literary and cultural contexts and offers many thought provoking comparisons and contrasts to our own society in terms of gender relations the power of patriarchy the role of religious institutions in regulating morality and the relationship between life and literature
